In Service of Emergent India is an evocative insider's account of a crucial period in India's history. It provides an in-depth look at events that changed the way the world perceived India, and a unique view of Indian statecraft. As Minister of External Affairs, Defense, and Finance in the BJP-led governments of 1996 and 1998-2004, Jaswant Singh was the main foreign policy spokesman for the government of Atal Bihari Vajpayee during the 1998 nuclear tests by India and Pakistan, the hijacking to Kandahar, Afghanistan, of Indian Airlines flight IC 814, and the Kargil conflict between India and Pakistan, as well as other key events. In an account that is part memoir, part analysis of India's past and future prospects, Singh reflects on his childhood in rural Rajasthan at the end of the colonial period, his schooling and military training, and memories of Indian Independence and the Partition of India and Pakistan. He analyzes the first four decades of Indian nationhood under Congress Party rule, ongoing tensions between India and Pakistan, Sino-Indian relations, and post-9/11 U.S.-Indian relations.

A New York Times Notable Book from the acclaimed author of Slaughterhouse-Five, Breakfast of Champions, and Cat's Cradle. At 2:27pm on February 13th of the year 2001, the Universe suffered a crisis in self-confidence. Should it go on expanding indefinitely? What was the point? There's been a timequake. And everyone—even you—must live the decade between February 17, 1991 and February 17, 2001 over again. The trick is that we all have to do exactly the same things as we did the first time—minute by minute, hour by hour, year by year, betting on the wrong horse again, marrying the wrong person again. Why? You'll have to ask the old science fiction writer, Kilgore Trout. This was all his idea.
