This updated edition traces that history from prehistoric times to the present, focusing particularly on culture, society, politics, and personalities.

Engaging history of the rich cultural, social and political life of Spain from prehistoric times to the present.

The rich cultural and political life of Spain has emerged from its complex history, from the diversity of its peoples, and from continual contact with outside influences. This book traces that history from prehistoric times to the present, focusing particularly on culture, society, politics, and personalities. Written in an engaging style, it introduces readers to the key themes that have shaped Spain's history and culture. These include its varied landscapes and climates; the impact of waves of diverse human migrations; the importance of its location as a bridge between the Atlantic and the Mediterranean and Europe and Africa; and religion, particularly militant Catholic Christianity and its centuries of conflict with Islam and Protestantism, as well as debates over the place of the Church in modern Spain. Illustrations, maps, and a guide to further reading, major cultural figures, and places to see, make the history of this fascinating country come alive.

Map best viewed on a tablet device. An account of the Spanish civil war which portrays the struggles of the war, as well as discussing the wider implications of the revolution in the Republican zone, the emergence of brutal dictatorship on the nationalist side and the extent to which the Spanish war prefigured World War II.

Despite the Roman Empire's famous 500-year reign over Europe, parts of Africa and the Middle East, Italy does not have the same long national history as states such as France or England. Divided for much of its history, Italy's regions have been, at various times, parts of bigger, often antagonistic empires, notably those of Spain and Austria. In addition, its challenging and varied terrain made consolidation of political control all the more difficult. This concise history covers, in very readable fashion, the formative events in Italy's past from the rise of Rome, through a unified country in thrall to fascism in the first half of the twentieth century right up to today. The birthplace of the Renaissance and the place where the Baroque was born, Italy has always been a hotbed of culture. Within modern Italy country there is fierce regional pride in the cultures and identities that mark out Tuscany, Rome, Sicily and Venice to name just a few of Italy's many famous regions. Jeremy Black draws on the diaries, memoirs and letters of historic travellers to Italy to gain insight into the passions of its people, first chronologically then regionally. In telling Italy's story, Black examines what it is that has given Italians such cultural clout - from food and drink, music and fashion, to art and architecture - and explores the causes and effects of political events, and the divisions that still exist today.

Updated from the original 1999 publication, The History of Spain examines Spain's long and fascinating history, from the earliest cave dwellers of Altamira to today's current political strife with Catalonia. ☐ Includes a timeline of significant events, providing students with an at-a-glance overview of Spain's history ☐ Provides an appendix of Notable People in the History of Spain with brief biographies of those who have made important contributions to the country's history. ☐ Supports the text with photos and maps ☐ Features an annotated bibliography with detailed information on further resources for personal research

The second edition of this accessible study of Mexico includes two new features: an examination of cultural developments since Independence from Spain in 1821 and a discussion of contemporary issues up to the time of publication. Several new plates with captions expand the thematic coverage in the book. The updated edition examines the administration of Vicente Fox, who came to power with the elections of 2000. The new sections reinforce the importance of Mexico's long and disparate history, from the Precolumbian era onwards, in shaping the country as it is today. This Concise History looks at Mexico from political, economic and cultural perspectives, and tackles controversial themes such as the impact of the Spanish Conquest and the struggle to establish an independent Mexico. A broad range of readers interested in the modern-day Americas should find here a helpful introduction to this vibrant and dynamic North-American society.
