### Treasury of five shorter works includes title piece plus The Battle of the Books, A Meditation Upon a Broom-Stick, A Discourse Concerning the Mechanical Operation of the Spirit and The Abolishing of Christianity in England.

In response to the dire economic conditions in eighteenth-century Ireland, A Modest Proposal ironically exhorts the poor to provide their offspring as food to the rich. Skilfully applying a wealth of classical rhetorical techniques, Swift's satirical tour de force takes a savage swipe at the selfishness of the ruling classes and the heartlessness of the various utilitarian solutions put forward by contemporary thinkers. In addition to this seminal piece, this volume includes a number of other humorous and polemical writings – including 'A Short View of the State of Ireland' and 'A Meditation upon a Broomstick' – which, taken together, provide an invaluable introduction to Swift as a master satirist and pamphleteer.

In this scathingly funny satire, one of France’s leading philosophers observes that modern society is burdened by numerous questions of how to care for the elderly. How to pay for their staggering medical bills? How to ensure their conscientious treatment? How to simply house them all? It’s more than the resources of our culture can handle, says Régis Debray—and it’s making life difficult for everyone else. So, he makes a “modest proposal”.... In the great tradition of the irreverent satires of Jonathan Swift, Debray outlines a plan so devilish and absurd that the only response is laughter. With tongue planted firmly in cheek, he declares an end to all the world’s problems if we would only do this one little thing—something a corrupt culture may already be doing anyway.

A Modest Proposal is a satirical essay written and published by Jonathan Swift. Swift suggests that the impoverished Irish might ease their economic troubles by selling their children as food for rich gentlemen and ladies. This satirical hyperbole mocks heartless attitudes towards the poor, as well as Irish policy in general. In English writing, the phrase "a modest proposal" is now conventionally an allusion to this style of straight-faced satire. Swift goes to great lengths to support his argument, including a list of possible preparation styles for the children, and calculations showing the financial benefits of his suggestion. He uses methods of argument throughout his essay which lampoon the then-influential William Petty and the social engineering popular among followers of Francis Bacon. These lampoons include appealing to the authority of "a very knowing American of my acquaintance in London" and "the famous Psalmanazar, a native of the island Formosa." This essay is widely held to be one of the greatest examples of sustained irony in the history of the English language. Much of its shock value derives from the fact that the first portion of the essay describes the plight of starving beggars in Ireland, so that the reader is unprepared for the surprise of Swift's solution when he states, "A young healthy child well nursed, is, at a year old, a most delicious nourishing and wholesome food, whether stewed, roasted, baked, or boiled; and I make no doubt that it will equally serve in a fricassee, or a ragout." Readers unacquainted with its reputation as a satirical work often do not immediately realize that Swift was not seriously proposing cannibalism and infanticide. The satirical element of the pamphlet is often only understood after the reader notes the allusions made by Swift to the attitudes of landlords, such as the following: "I grant this food may be somewhat dear, and therefore very proper for Landlords, who as they have already devoured most of the Parents, seem to have the best Title to the Children." Swift extends the conceit to get in a few jibes at England's mistreatment of Ireland, noting that "For this kind of commodity will not bear exportation, and flesh being of too tender a consistence, to admit a long continuance in salt, although perhaps I could name a country, which would be glad to eat up our whole nation without it."

The political dilemma of Ireland; the state of faith in England; the charms of the Beggar's Opera; the importance of puns . . . This selection gathers together some of Swift's most brilliant prose, from high politics to social gossip, from savage tirades to lighthearted social satire. In addition to his classic essays, the collection includes several of Swift's letters to Alexander Pope and other great thinkers of the age.

Differentiated book- It has a historical context with research of the time-Jonathan Swift offers us an incomparable starting point to reflect on modernity. Our work refers to several of his works and the scientific and social context that surrounds them. It would be impossible to summarize all of them, but it would also be difficult to follow our argument without remembering the argument of a work of his, apparently minor, and that, however, in a few pages crumbles his time and several of the main economic theories of the time . We refer to A Modest Proposition to prevent the children of Ireland from being a nuisance to their parents or to the country, better known as A modest proposition, which will be the way we will call it below.In a dispassionate tone, full of accounting details, the narrator writes a letter to the British royal authorities, in which he proposes that the children of the Irish poor ("a nuisance to the public") be fed until the age of one year and then sold to the gentle men, who should eat them with great pleasure on such occasions as marriages and baptisms. In the Introduction by William Alfred Eddy to Swift's work,

In 1729, Jonathan Swift proposed the most satirical answer to poverty ever written: we sell poor children as food to rich people! The essay is as hilarious today as it was hundreds of years ago...if you can understand it! f you have struggled in the past reading the satire, then BookCaps can help you out. We all need refreshers every now and then. Whether you are a student trying to cram for that big final, or someone just trying to understand a book more, BookCaps can help. We are a small, but growing company, and are adding titles every month.

Widely regarded as one of the most brilliant pieces of political satire ever published, "A Modest Proposal" is Jonathan Swift's merciless skewering of England's treatment of Ireland's impoverished population in the eighteenth century. Nearly 300 years after its release, this shocking and outrageous essay still packs a punch.

Single and twenty-nine, Lauryn Alexander flies back to Utah for a Butterfly Girls reunion and the hope of landing a modest proposal from the man of her dreams.

A Modest Proposal and Other Short Works is a collection of Jonathan Swift's finest satirical essays, including: A Modest Proposal, The Battle of the Books, The Episode of Bentley and Wotton, A Meditation on a Broomstick, Predictions for the Year 1708, The Accomplishment of the First of Mr. Bickerstaff's Predictions, An Argument Against Abolishing Christianity, Hints Towards an Essay on Conversation, and Thoughts on Various Subjects. Jonathan Swift (1667-1745) was an Anglo-Irish satirist, essayist, political pamphleteer, poet and cleric. He is regarded by many as the finest prose satirist in the English language. He is most famous for Gulliver's Travels and A Modest Proposal, which are considered classics of English literature.
