Boko Haram | Counter Extremism Project

Boko Haram's intensified cross-border activities in the last two years have been enabled in part by four components. First, the region's borders are long and shifting, allowing Boko Haram to escape capture, evade the Nigerian Army's offensives, and develop havens where they can plan attacks and recruit new members.

radical Islam in 2002, and the group's campaign of violence beginning in 2009 and continuing to the present. The group's attacks against a variety of targets are examined in detail as are their general tactics and strategies. The Nigerian government response is also examined in order to provide critical lessons to counterterrorism planners, policy and government officials, and scholars. The initial military response was hampered by capability and legislative constraints including a lack of arms and ammunition, a lack of modern counterterrorism equipment, training gaps, leadership issues, intelligence gaps, politicization of the conflict, and limited support to the Nigerian military by the international community. Boko Haram looks at the work that has been done thus far, and what work needs to continue, to make gains to combat, marginalize, and ultimately defeat Boko Haram and resolve the

Ekhomu is author of *Kidnap: Face to Face with Death* (2014) and *Effective Personal & Corporate Security* (2009).

John Campbell, Ralph Bunche senior fellow for Africa policy studies, evaluates the implications of the Boko Haram insurgency and recommends that the United States support Nigerian efforts to address the drivers of Boko Haram, such as poverty and corruption, and to foster stronger ties with Nigerian civil society.

Read Free Activities Of Boko Haram And Insecurity Question In Nigeria

For the past decade, Boko Haram has relentlessly terrorized northeastern Nigeria. Few if any explanations for the rise of this violent insurgent group look beyond its roots in worldwide jihadism and recent political conflicts in central Africa. Searching for Boko Haram is the first book to examine the insurgency within the context of centuries, millennia even, of cultural change in the region. The book surveys the deep history of the lands south of Lake Chad, richly documented in archaeology and texts, to show how ancient natural and cultural events can aid in our understanding of Boko Haram's present agenda. The land's historical narrative stretches back five centuries, with cultural origins that plunge even deeper into the past. One important feature of this past is the phenomenon of frontiers and borderlands. In striking ways, Boko

Read Free Activities Of Boko Haram And Insecurity Question In Nigeria

Haram resembles the frontier slave raiders and warlords who figure in precolonial and colonial writings on the southern Lake Chad Basin. Presently, these accounts are paralleled by the activity of smugglers, bandits (*coupeurs de route*--"road cutters"), and tax evaders. The borderlands of these countries are today places where the state often refuses to exercise its full authority because of the profits and opportunities illicit relationships afford state officials and bureaucrats. For the local community, Boko Haram's actions are readily understandable in terms of slave raids and borderlands. They are not mysterious and unprecedented eruptions of violence and savagery, but--as the book argues--recognizable phenomena within the contexts of local politics and history. Written from the perspective of an author who has worked in this part of Africa for more than thirty years, *Searching for Boko Haram* provides vital

historical context to the recent rise of this terroristic force, and counters misperceptions of their activities and of the region as a whole.

This handbook poses and attempts to answer a series of basic, but complex, questions: Is there any advantage to the peace process in inviting or permitting the participation of proscribed armed groups (PAGs)? What kinds of PAGs are worth talking to and which are not? What form should the talks take and whom should they involve? Each of the following six chapters covers a different step in the process of talking to groups that use terror: * assess the potential for talks * design a strategy for engagement * open channels of communication * foster commitment to the process * facilitate negotiations * and protect the process from the effects of

violence This handbook is part of the series the Peacemaker's Toolkit, which is being published by the United States Institute of Peace. For twenty-five years, the United States Institute of Peace has supported the work of mediators through research, training programs, workshops, and publications designed to discover and disseminate the keys to effective mediation. The Institute mandated by the U.S. Congress to help prevent, manage, and resolve international conflict through nonviolent means has conceived of The Peacemaker's Toolkit as a way of combining its own accumulated expertise with that of other organizations active in the field of mediation. Most publications in the series are produced jointly by the Institute and a partner organization. All publications are carefully reviewed before publication by highly experienced mediators to ensure that the final product will be a useful and

reliable resource for practitioners."

"Thurston has written the definitive history of Boko Haram. By weaving a complex tapestry of politics and religion, he explains the peculiarity and potency of one of the world's most lethal jihadist insurgencies. A violent and secretive sect that was impenetrable even to experts is now laid bare."--William McCants, author of *The ISIS Apocalypse*.e.

Boko Haram is the major threat to the Nigerian state, and has emerged as a destabilizing factor across sub-Saharan Africa. This is now a major focus of global policy-making, as between 2013 and 2014 insurgency-related deaths in Nigeria exceeded those in Iraq and Afghanistan. This book is the first to focus on the military

nature of Boko Haram, the reasons for its success in those specific regions of the Chad basin it operates in and a detailed history of the Nigerian army's counter-insurgency — with whom, uniquely, the author has spent research time. The book identifies and analyses the battles and skirmishes on the front line, as well as unearthing a wider explanation for Boko Haram's military success and the causes of the instability in the region.

The kidnapping of 276 schoolgirls from the village of Chibok, Nigeria, in 2014 drew the world's attention to the previously little-known extremist group Boko Haram. Numerous questions followed, among them: Where did Boko Haram come from? What explains the rise of this militant Islamic group and its increasingly violent actions? What is its relationship to the Islamic State? Jacob

Nigeria, the United States' most important strategic partner in West Africa, is in grave trouble. While Nigerians often claim they are masters of dancing on the brink without falling off, the disastrous administration of President Goodluck Jonathan, the radical Islamic insurrection Boko Haram, and escalating violence in the delta and the north may finally provide the impetus that pushes it into the abyss of state failure. In this thoroughly updated edition, John

Read Free Activities Of Boko Haram And Insecurity Question In Nigeria

Campbell explores Nigeria's post-colonial history and presents a nuanced explanation of the events and conditions that have carried this complex, dynamic, and very troubled giant to the edge. Central to his analysis are the oil wealth, endemic corruption, and elite competition that have undermined Nigeria's nascent democratic institutions and alienated an increasingly impoverished population. However, state failure is not inevitable, nor is it in the interest of the United States. Campbell provides concrete new policy options that would not only allow the United States to help Nigeria avoid state failure but also to play a positive role in Nigeria's political, social, and economic development.
