Levin explores the philosophical basis of America's foundations and the crisis that the government faces today.

The must-read summary of Mark Levin's book: "Ameritopia: The Unmaking of America". This complete summary of "Ameritopia" by Mark Levin, a New York Times #1 bestseller outlines the author's description of an ideal, utopian American society. He argues that when the government enacts laws to create distribute wealth in a fairer way, they are in reality getting closer to tyranny. The popular work leaves the reader with a compelling message about freedom and the threat posed to the American republic. Added-value of this summary: " Save time " Gain deeper understanding of American utopianism and its effects on modern society " Expand your knowledge of American politics and economics To learn more, read "Ameritopia" and discover Mark Levin's analysis of the American utopian movement and how it poses a very real threat to freedom and democracy.

In this summary of Mark R. Levin's book, Ameritopia: The Unmaking of America, you will discover how America's government has been slowly descending into tyranny using utopian tactics that serve to bring citizens under control until they are completely dependent upon the

Download Free Ameritopia The Unmaking Of America Kindle Edition Mark R Levin

state for sustenance. The evidence for Levin's claims is presented in an engaging format beginning with the definition of utopia and ending with specific examples of how America has become a utopian state. Levin takes you back in history to show you other examples of utopia and how all of them eventually descended into tyranny. He also talks about what makes America unique and how the Founding Fathers intended the government to operate. Levin points out time and time again that the current governmental atmosphere is far from the original intentions, which were based on the philosophies of John Locke and Charles de Montesquieu. Instead, Levin suggests the country is trending toward the ideal societies imagined by Plato, Thomas More, Thomas Hobbes and even Karl Marx. However, Levin proves that these societies were anything but ideal by digging deeper into their power-hungry intentions and oppressive practices. Using more evidence from the Constitution, Levin expertly contrasts today's American society with the Founding Fathers' purposeful inclusions and exclusions, and then compares it to utopian ideals to illustrate how far from the Founders' original vision America has strayed.

From #1 New York Times bestselling author and radio host Mark R. Levin comes a searing plea for a return to America's most sacred values. In *Rediscovering Americanism*, Mark R. Levin revisits the founders' warnings about the perils of overreach by the federal government and concludes that the men who created our country would be outraged and disappointed to see where we've ended up. Levin returns to the impassioned question he's explored in each of his bestselling books: How do we save our exceptional country? Because our values are in such a precarious state, he argues that a restoration to the essential truths on which our country was founded has never been more urgent. Understanding these principles, in Levin's words, can "serve as the antidote to tyrannical regimes and governments." *Rediscovering Americanism* is not an exercise in nostalgia, but an appeal to his fellow citizens to reverse course. This essential book brings Levin's celebrated, sophisticated analysis to the troubling question of America's future, and reminds us what we must restore for the sake of our children and our children's children.

Don't miss syndicated radio host and author Mark Levin's #1 New York Times acclaimed and longtime bestselling manifesto for the conservative movement. When nationally syndicated radio host Mark R. Levin's *Liberty and Tyranny* appeared in the early months of the Obama presidency, Americans responded by making his clarion call for a new era in conservatism a #1 New York Times bestseller for an astounding twelve weeks. As provocative, well-reasoned, robust, and informed as his on-air commentary, with his love of our country and the legacy of our Founding Fathers reflected on every page, Levin's galvanizing narrative provides a philosophical, historical, and practical framework for revitalizing the conservative vision and ensuring the preservation of American society. In the face of the modern liberal assault on Constitution-based values, an attack that has resulted in a federal government that is a massive, unaccountable conglomerate, the time for reinforcing the intellectual and practical case for conservatism is now. In a series of powerful essays, Levin lays out how conservatives can counter the tyrannical liberal corrosion that has filtered into every timely issue affecting our daily lives, from the economy to health care, global warming to immigration, and more.

Six-time New York Times bestselling author, FOX News star, and radio host Mark R. Levin "trounces the news media" (The Washington Times) in this timely and groundbreaking book demonstrating how the great tradition of American free press has degenerated into a standardless profession that has squandered the faith and trust of the public. *Unfreedom of the Press* is not just another book about the press. In "Levin's finest work" (Breitbart), he shows how those entrusted with news reporting today are destroying freedom of the press from

Download Free Ameritopia The Unmaking Of America Kindle Edition Mark R Levin

within—not through actions of government officials, but with its own abandonment of reportorial integrity and objective journalism. With the depth of historical background for which his books are renowned, Levin takes you on a journey through the early American patriot press, which proudly promoted the principles set forth in the Declaration of Independence and the Constitution. This is followed by the early decades of the Republic during which newspapers around the young country were open and transparent about their fierce allegiance to one political party or another. It was only at the start of the Progressive Era and the 20th century that the supposed “objectivity of the press” first surfaced, leaving us where we are today: with a partisan party-press overwhelmingly aligned with a political ideology but hypocritically engaged in a massive untruth as to its real nature.

"A modern conservative classic." - Sean Hannity "Men in Black couldn't be more timely or important...a tremendously important and compelling book." - Rush Limbaugh "One of the finest books on the Constitution and the judiciary I've read in a long time...There is no better source for understanding and grasping the seriousness of this issue." - Edwin Meese III "The Supreme Court has broken through the firewalls constructed by the framers to limit judicial power." "America's founding fathers had a clear and profound vision for what they wanted our federal government to be," says constitutional scholar Mark R. Levin in his explosive book, *Men in Black*. "But today, our out-of-control Supreme Court imperiously strikes down laws and imposes new ones to suit its own liberal whims—robbing us of our basic freedoms and the values on which our country was founded." In *Men in Black: How the Supreme Court Is Destroying America*, Levin exposes countless examples of outrageous Supreme Court abuses, from promoting racism in college admissions, expelling God and religion from the public square, forcing states to confer benefits on illegal aliens, and endorsing economic socialism to upholding partial-birth abortion, restraining political speech, and anointing terrorists with rights. Levin writes: "Barely one hundred justices have served on the United States Supreme Court. They're unelected, they're virtually unaccountable, they're largely unknown to most Americans, and they serve for life—in many ways the justices are more powerful than members of Congress and the president." As few as five justices can and do dictate economic, cultural, criminal, and security policy for the entire nation." In *Men in Black*, you will learn: How the Supreme Court protects virtual child pornography and flag burning as forms of free speech but denies teenagers the right to hear an invocation mentioning God at a high school graduation ceremony because it might be "coercive." How a former Klansman and virulently anti-Catholic Supreme Court justice inserted the words "wall of separation" between church and state in a 1947 Supreme Court decision—a phrase repeated today by those who claim to stand for civil liberty. How Justice Harry Blackmun, a one-time conservative appointee and the author of *Roe v. Wade*, was influenced by fan mail much like an entertainer or politician, which helped him to evolve into an ardent activist for gay rights and against the death penalty. How the Supreme Court has dictated that illegal aliens have a constitutional right to attend public schools, and that other immigrants qualify for welfare benefits, tuition assistance, and even civil service jobs.

A new book on how to fix the U.S. government by the #1 New York Times best-selling author of *Liberty and Tyranny* and *Ameritopia*.

In a like-minded appeal to reason and audacity, calls for a new civil rights movement that fosters liberty and prosperity and ceases the exploitation of young people by statist masterminds.

While Laura Ingraham was walking through a Northern Virginia shopping mall one Saturday afternoon, it all became clear to her. Everywhere she turned, she saw signs of the impending

Download Free Ameritopia The Unmaking Of America Kindle Edition Mark R Levin

disaster: zombie teens texting each other across a café table; a man having his eyebrows threaded at a kiosk; a fiftyish woman shoe-horned into a tube top and skinny jeans; and a storefront ad featuring a Victoria's Secret model spilling out of her push-up bra and into the faces of young passersby. Ingraham wondered to herself, "Is this it? Is this what our forefathers fought for? What my parents struggled for? I wonder if Victoria's Secret is still having that two-for-one sale?" A menacing force surrounds us. We see it, we feel it, we know it. The country we love is in grave peril. While politicians and "experts" prattle on about the debt crisis at home, and terrorism abroad, a more insidious homegrown threat is emerging. It endangers our future and undermines our present. The uncomfortable truth is: We have become our own worst enemy. The culture we have created is now turning on us. We're on the verge of drowning in our ignorance, arrogance, gluttony . . . can you believe there are only three shots of vanilla in a Caramel Macchiato?!? Now in an act of patriotic intervention the most-listened-to woman in talk radio casts her satirical eye upon all that ails American society. In this sharp-witted, comic romp, Laura Ingraham takes you on a guided tour through ten levels of our cultural hell. You know we're in trouble when . . . " Airplane seats shrink"just as the passengers expand. " Celebrity baby names go from the peculiar (Apple, Stetson, and Daisy Boo) to the pathetic (Bamboo, Blanket, and Bronx). " People meticulously tend their virtual crops on Farmville, while their children eat takeout. " "Breaking News" usually means it happened yesterday. " The weddings last longer than the marriages. " Facebook has become a verb and reading has become an ancient art form. Of Thee I Zing is cultural commentary too funny to ignore, igniting a national conversation long past due. America, your cultural recovery begins here.
