The New York Times bestseller: "You gotta read this. It is the most exciting book about Pluto you will ever read in your life." —Jon Stewart When the Rose Center for Earth and Space at the American Museum of Natural History reclassified Pluto as an icy comet, the New York Times proclaimed on page one, "Pluto Not a Planet? Only in New York." Immediately, the public, professionals, and press were choosing sides over Pluto's planethood. Pluto is entrenched in our cultural and emotional view of the cosmos, and Neil deGrasse Tyson, award-winning author and director of the Rose Center, is on a quest to discover why. He stood at the heart of the controversy over Pluto's demotion, and consequently Plutophiles have freely shared their opinions with him, including endless hate mail from third-graders. With his inimitable wit, Tyson delivers a minihistory of planets, describes the oversized characters of the people who study them, and recounts how America's favorite planet was ousted from the cosmic hub.

The Way to Rainy Mountain recalls the journey of Tai-me, the sacred Sun Dance doll, and of Tai-me's people in three unique voices: the legendary, the historical, and the contemporary. It is also the personal journey of N. Scott Momaday, who on a pilgrimage to the grave of his Kiowa grandmother traversed the same route taken by his forebears and in so doing confronted his Kiowa heritage. It is an evocation of three things in particular: a landscape that is incomparable, a time that is gone forever, and the human spirit, which endures. Celebrating fifty years since its 1969 release, this new edition offers a moving new preface and invites a new generation of readers to explore the Kiowa myths, legends, and history with Pulitzer Prize-winning author N. Scott Momaday.

Megan Berry, a Carol, Arkansas, high school student who can communicate with the Undead, must team up with her childhood friend Ethan to save homecoming from an army of flesh-hungry zombies.

In this wise and lyrical book about landscapes of the desert and the mind, Edward Abbey guides us beyond the wall of the city and asphalt belting of superhighways to special pockets of wilderness that stretch from the interior of Alaska to the dry lands of Mexico.

Published by OpenStax College, U.S. History covers the breadth of the chronological history of the United States and also provides the necessary depth to ensure the course is manageable for instructors and students alike. U.S. History is designed to meet the scope and sequence requirements of most courses. The authors introduce key forces and major developments that together form the American experience, with particular attention paid to considering issues of race, class and gender. The text provides a balanced approach to U.S. history, considering the people, events and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience).

Understanding Corporate Law is designed to assist students by offering a clear and comprehensive treatment of key concepts in corporate law. It is a popular study guide for students and has been used by professors to supplement their casbook or as recommended reading. Significant business, economic, and policy issues are highlighted in connection with a thorough analysis of the important cases and statutory provisions used in the study of corporations. It includes the major theoretical approaches used in current corporate law literature. In each chapter, the authors identify important policies and discuss the relationship of the law as it has developed to those policies. Statutory issues are covered under both the General Corporation Law of the State of Delaware and the Revised Model Business Corporation Act. Understanding Corporate Law discusses developing case law including the Delaware courts' use of good faith in fiduciary duty cases. The book also reflects the corporate governance issues raised by the corporate scandals and the passage of the Sarbanes-Oxley Act of 2002. A section of Chapter 5 deals generally with that Act, but its impact is also covered in relevant sections throughout the book. This Understanding treatise is designed to be used in conjunction with all of the major corporate law casebooks.

This comprehensive guide for students preparing for the Apex AP Statistics test includes a full content review, special practice assignments with self-grading guidelines, hundreds of practice questions with answer explanations, and more. Charts & diagrams.

John Steinbeck [RL 7 IL 7-12] A woman shares her prize flowers with a dishonest vagrant and the results are shattering. Themes: vulnerability; exploitation. 34 pages. Tale Blazers.
