Surimono are a genre of Japanese woodblock print. They were privately commissioned for special occasions such as the New Year. Surimono literally means "printed thing". Being produced in small numbers for a mostly educated audience of literati, surimono were often more experimental in subject matter and treatment, and extravagant in printing technique, than commercial prints. They were most popular from the 1790s to the 1830s, and many leading artists produced them.

Art Surimono Privately Published Japanese Woodblock

Surimono was a deluxe, privately published type of Japanese woodblock print that flourished in the late 19th and early 20th centuries. In Edo (present-day Tokyo), artists of the ukiyo-e school, including luminaries such as Katsushika Hokusai, Utagawa Kunisada, and Kubo Shunman, received most of the commissions for these clever illustrations to commemorate special occasions, particularly the arrival of spring.

Examines sixty Japanese surimono, or woodblock prints that combine poems with still lifes, landscapes, portraits, and scenes from plays, and discusses the background of each print

A detailed look at a genre that combines virtuoso printmaking techniques, sophisticated imagery, and engaging, playful poetry This beautiful volume celebrates the tradition of the Japanese surimono print. Produced from around 1800 until 1840, during the Edo period, surimono ( printed things  in Japanese) combine intricate artwork and playful poetry, and their small print runs and exclusive audiences allowed for lavish yet subtle surface treatments, such as embossing and gilding. Enjoyed for their learned allusions to literature and contemporary culture, surimono continue to delight and perplex scholars with their visual puns and wordplay. Imagery ranges from delicate, domestic still lifes to spirited vignettes of the natural world, while the poems are often lighthearted takes on the classical Japanese waka form. With its rich text and scholarly apparatus including names and titles in kanji characters as well as transliterations and translations of the poems on the catalogued prints The Private World of Surimono serves as a critical resource for scholars of Japanese art and history and offers general readers insight into this rare and innovative print form.

Spanning the late 18th and early 19th centuries, the exquisite examples of Japanese prints included in this book offer insights into the history of an art form and vision that is distinctively Japanese and was highly inspirational to later European painters. Polychrome prints, or ukiyo-e, first appeared in Japan in the late 18th century. Delicately hued and intricate, they depicted landscapes, scenes, and figures that epitomized the country's idea of "the floating world": a

place whose denizens lived for the moment and appreciated the pleasures of the natural world. This volume surveys the prominent Barbara S. Bowman collection of prints notable for a number of reasons: an excellently preserved print of Lucky Dream for the New Year: Mount Fuji, Falcon, and Eggplants by Suzuki Harunobu; a number of surimono, or privately published prints that were created with unusually luxurious materials; and numerous works by Hiroshige and Hokusai, who are considered the masters of the art form. Each of the over one hundred prints in this book is reproduced in large color plates that highlight their subtle beauty and charm and are accompanied by extensive analysis of the pieces' remarkable qualities. This comprehensive overview of the collection by LACMA curator Hollis Goodall addresses the significance and history of the Bowman collection and the many ways it enhances the museum's extensive holdings of Japanese art.

"Surimono" (literally "printed object") are privately published prints inscribed with a dedication or poem that reflects upon everyday themes. This catalog includes more than 150 illustrations of prints drawn from the splendid Amsterdam Rijksmuseum collection. It also contains in-depth essays discussing the history of surimono and the subjects depicted in the prints, which incorporate seasonal references and classical themes. Most of the poems on the selected prints have been translated into English. This publication is an important reference work in the study of "surimono."
