□The novel that foreshadowed Donald Trump's authoritarian appeal.□□Salon It Can't Happen Here is the only one of Sinclair Lewis's later novels to match the power of Main Street, Babbitt, and Arrowsmith. A cautionary tale about the fragility of democracy, it is an alarming, eerily timeless look at how fascism could take hold in America. Written during the Great Depression, when the country was largely oblivious to Hitler's aggression, it juxtaposes sharp political satire with the chillingly realistic rise of a president who becomes a dictator to save the nation from welfare cheats, sex, crime, and a liberal press. Called □a message to thinking Americans□ by the Springfield Republican when it was

published in 1935, It Can't Happen

Here is a shockingly prescient novel that remains as fresh and contemporary as today's news.

Includes an Introduction by Michael Meyer and an Afterword by Gary Scharnhorst

World Bank Discussion Paper No. 257S. Spanish edition (Mejoramiento de la Calidad de la Educaci3n Primaria en Am3rica Latina y Caribe: Hacia el Siglo XXI). Countries in the Latin America and the Caribbean region (LAC) have invested heavily in primary education over the past 10 years. International studies of achievement, however, show that LAC countries still perform significantly worse than those in the developed

world and worse than many developing countries in Asia. This report reviews selected issues and progress to date in the LAC region and makes recommendations for the future. The paper recommends strategies for managing three elements that are identified as fundamental for improving primary education: increasing the provision of pre-schooling, making textbooks and teaching materials available, and changing teachers' behavior through new incentives and techniques. The volume includes tables, figures, and more than nine case studies. Also available in English: (ISBN 0-8213-2985-5) Stock No. 12985.

Americans often complain about the operation of their government, but scholars have never developed a complete picture of people's preferred type of government. In this provocative and timely book, Hibbing and Theiss-Morse, employing an original national survey and focus groups, report the governmental procedures Americans desire. Contrary to the prevailing view that people want greater involvement in politics, most citizens do not care about most policies and therefore are content to turn over decision-making authority to someone else. People's wish for the political system is that decision makers be empathetic and, especially, non-self-interested, not that they be responsive and accountable to

the people's largely nonexistent policy preferences or, even worse, that the people be obligated to participate directly in decision making. Hibbing and Theiss-Morse conclude by cautioning communitarians, direct democrats, social capitalists, deliberation theorists, and all those who think that greater citizen involvement is the solution to society's problems.
