Case studies of economically disadvantaged children and their labor in different Indian industries.

Eleanor Estes's *The Hundred Dresses* won a Newbery Honor in 1945 and has never been out of print since. At the heart of the story is Wanda Petronski, a Polish girl in a Connecticut school who is ridiculed by her classmates for wearing the same faded blue dress every day. Wanda claims she has one hundred dresses at home, but everyone knows she doesn't and bullies her mercilessly. The class feels terrible when Wanda is pulled out of the school, but by that time it's too late for apologies. Maddie, one of Wanda's classmates, ultimately decides that she is "never going to stand by and say nothing again."

Macro Talent Management in Emerging and Emergent Markets is the first book to focus specifically on country-level activities that are aimed at attracting, developing, mobilizing, and retaining top talent for economic success in emerging or emergent markets. The book serves as a guide that orients the reader toward activities that increase their country's global competitiveness, attractiveness, and economic development through strategic talent management. This book brings together leading experts from around the world to address such issues as cross-border flows of talent, diaspora mobility, knowledge flows, global labour markets, and policies. The book is structured in three parts: Part I covers emerging markets, Part II emergent markets, and Part III pan-national themes such as migration and clusters. Bringing together research from the fields of human resource management, international business, economic geography, comparative international development, and political economy, this is a definitive, comprehensive treatment of the topic aimed at advanced students and practitioners.

The book that inspired the major new motion picture *Mandela: Long Walk to Freedom*. Nelson Mandela is one of the great moral and political leaders of our time: an international hero whose lifelong dedication to the fight against racial oppression in South Africa won him the Nobel Peace Prize and the presidency of his country. Since his triumphant release in 1990 from more than a quarter-century of imprisonment, Mandela has been at the center of the most compelling and inspiring political drama in the world. As president of the African National Congress and head of South Africa's anti-apartheid movement, he was instrumental in moving the nation toward multiracial government and majority rule. He is revered everywhere as a vital force in the fight for human rights and racial equality. *LONG WALK TO FREEDOM* is his moving and exhilarating autobiography, destined to take its place among the finest memoirs of history's greatest figures. Here for the first time, Nelson Rolihlahla Mandela tells the extraordinary story of his life--an epic of struggle, setback, renewed hope, and ultimate triumph.
