Blood and Silk is not a dry academic study of social conflicts or the political and economic impact of China in Southeast Asia. It is well written and explains the origins of conflicts in the region as well as how those have impacted today ' s politics. But his analysis of the reason for the tragic fate of Myanmar is questionable.

'A lively and learned guide to the politics, personalities and conflicts that are shaping a dynamic group of countries' FINANCIAL TIMES 'A fascinating and many-layered portrait of Southeast Asia' THANT MYINT-U Thought-provoking and eye-opening, BLOOD AND SILK is an accessible, personal look at modern Southeast Asia, written by one of the region's most experienced outside observers. This is a first-hand account of what it's like to sit at the table with deadly Thai Muslim insurgents, mediate between warring clans in the Southern Philippines and console the victims of political violence in Indonesia - all in an effort to negotiate peace, and understand the reasons behind endemic violence. Peering beyond brand new shopping malls and shiny glass towers in Bangkok and Jakarta, Michael Vatikiotis probes the heart of modern Southeast Asia. Why are the region's richest countries such as Malaysia riddled with corruption? Why do Myanmar, Thailand and the Philippines harbour unresolved violent insurgencies? How do deepening religious divisions in Indonesia and Malaysia and China's growing influence affect the region and the rest of the world? Vatikiotis tells the story of modern Southeast Asia using vivid portraits of the personalities who pull the strings, mixed with revealing analysis that is underpinned by decades of experience in the countries involved, from their silk-sheathed salons to blood-spattered streets. The result is a fascinating study of the dynamics of power and conflict in one of the world's fastest growing regions.

Why are Southeast Asia's richest countries such as Malaysia riddled with corruption? Why do Myanmar, Thailand and the Philippines harbour unresolved violent insurgencies? The debut of a seductive new contemporary series of vampires, lust, and revenge. While in Romania researching historical superstitions, Scottish academic Elizabeth Silk comes upon the folk tale of Saloman, a seductive prince staked centuries ago, legend's most powerful vampire. Now, in the ruins of a castle crypt, Elizabeth discovers supernatural legends that have come alive. Her blood has awakened him. Her innocence has aroused him. But Elizabeth unleashes more than Saloman's hunger, and it's going to unite them in ways neither could have imagined.

An elven assassin. A dragon prince. Three days they had together. Three days was not enough. There's a traitor among the elves. A traitor who will stop at nothing to see Eroan pay for the crime of loving a dragon, and Eroan llanea will pay with blood. Lysander has never been free to choose his fate. That is about to change. Finally, he learns what it means to be emerald, but knowledge is power, and power whispers its seductive curse into the ear of a broken prince. Elf and dragon. Leaders, lovers, fighters. Fates entwined. But as the dragonkin rise under a new king, will Eroan's and Lysander's boundless love save the world or destroy it forever?

Menaced by Vikings and enemies at court, Queen Emma defends her children and her crown in a riveting medieval adventure Readers first met Emma of Normandy in Patricia Bracewell ' s gripping debut novel, Shadow on the Crown. Unwillingly thrust into marriage to England ' s King Æthelred, Emma has given the king a son and heir, but theirs has never been a happy marriage. In The Price of Blood, Bracewell returns to 1006 when a beleaguered Æthelred, still haunted by his brother ' s ghost, governs with an iron fist and a royal policy that embraces murder. As tensions escalate and enmities solidify, Emma forges alliances to protect her young son from ambitious men—even from the man she loves. In the north there is treachery brewing, and when Viking armies ravage England, loyalties are shattered and no one is safe from the sword. Rich with intrigue, compelling personalities, and fascinating detail about a little-known period in history, The Price of Blood will captivate fans of both historical fiction and fantasy novels such as George R. R. Martin ' s Game of Thrones series.

A fascinating, entertaining dive into the long-standing relationship between humans and insects, revealing the surprising ways we depend on these tiny, six-legged creatures. Insects might make us shudder in disgust, but they are also responsible for many of the things we take for granted in our daily lives. When we bite into a shiny apple, listen to the resonant notes of a violin, get dressed, receive a dental implant, or get a manicure, we are the beneficiaries of a vast army of insects. Try as we might to replicate their raw material (silk, shellac, and cochineal, for instance), our artificial substitutes have proven subpar at best, and at worst toxic, ensuring our interdependence with the insect world for the foreseeable future. Drawing on research in laboratory science, agriculture, fashion, and international cuisine, Edward D. Melillo weaves a vibrant world history that illustrates the inextricable and fascinating bonds between humans and insects. Across time, we have not only coexisted with these creatures but have relied on them for, among other things, the key discoveries of modern medical science and the future of the world's food supply. Without insects, entire sectors of global industry would grind to a halt and essential features of modern life would disappear. Here is a beguiling appreciation of the ways in which these creatures have altered—and continue to shape--the very framework of our existence.

NEW YORK TIMES BEST SELLER • NAMED ONE OF THE BEST BOOKS OF THE YEAR BY: NPR, The New York Times Book Review, Time, Wall Street Journal, Washington Post • The McKinsey Business Book of the Year The full inside story of the breathtaking rise and shocking collapse of Theranos, the one-time multibillion-dollar biotech startup founded by Elizabeth Holmes—now the subject of the HBO documentary The Inventor—by the prize-winning journalist who first broke the story and pursued it to the end. “ The story is even crazier than I expected, and I found myself unable to put it down once I started. This book has everything: elaborate scams, corporate intrigue, magazine cover stories, ruined family relationships, and the demise of a company once valued at nearly \$10 billion. ” —Bill Gates In 2014, Theranos founder and CEO Elizabeth Holmes was widely seen as the female Steve Jobs: a brilliant Stanford dropout whose startup “ unicorn ” promised to revolutionize the medical industry with a machine that would make blood testing significantly faster and easier. Backed by investors such as Larry Ellison and Tim Draper, Theranos sold shares in a fundraising round that valued the company at more than \$9 billion, putting Holmes ' s worth at an estimated \$4.7 billion. There was just one problem: The technology didn ' t work. A riveting story of the biggest corporate fraud since Enron, a tale of ambition and hubris set amid the bold promises of Silicon Valley.

The phrase "silk road" evokes vivid scenes of merchants leading camel caravans across vast stretches to trade exotic goods in glittering Oriental bazaars, of pilgrims braving bandits and frozen mountain passes to spread their faith across Asia. Looking at the reality behind these images, this Very Short Introduction illuminates the historical background against which the silk road flourished, shedding light on the importance of old-world cultural exchange to Eurasian and world history. On the one hand, historian James A. Millward treats the silk road broadly, to stand in for the cross-cultural communication between peoples across the Eurasian continent since at least the Neolithic era. On the other, he highlights specific examples of goods and ideas exchanged between the Mediterranean, Persia, India, and China, along with the significance of these exchanges. While including silks, spices, and travelers' tales of colorful locales, the book explains the dynamics of Central Eurasian history that promoted Silk Road interactions--especially the role of nomad empires--highlighting the importance of the biological, technological, artistic, intellectual, and religious interchanges across the continent. Millward shows that these exchanges had a profound effect on the old world that was akin to, if not on the scale of, modern globalization. He also disputes the idea that the silk road declined after the collapse of the Mongol empire or the opening of direct sea routes from Europe to Asia, showing how silk road phenomena continued through the early modern and modern expansion of the Russian and Chinese states across Central Asia. Millward concludes that the idea of the silk road has remained powerful, not only as a popular name for boutiques and restaurants, but also in modern politics and diplomacy, such as U.S. Secretary of State Hilary Clinton's "Silk Road Initiative" for India, Pakistan, and Afghanistan.

Dangerous Seduction Maryanne Hamilton had expected to be shocked, but the wanton orgy she finds in Mrs. Master's salon makes her wonder if she has walked into hell. Desperate to escape, she comes upon the master of sin himself--Lord Swansborough. Fascinated by his nakedness, she longs to touch every inch of his long, hard body. And when he bids her come near, she quickly

surrenders to his wicked promises of carnal pleasure and sensual ecstasy. . . Praise for Sharon Page and her novels. . .
