Brighter Than the Sun is book 2 in Julia Quinn ' s Lyndon Sisters series. In typical Quinn style, there is humor and steamy romance. I was annoyed to find quite a few grammar and spelling errors.

When Charles Wycombe, the dashing and incorrigible Earl of Billington, toppled out of a tree and landed at Ellie's feet, neither suspected that such an inauspicious meeting would lead to marriage. But Charles must find a bride before his thirtieth birthday or he'll lose his fortune. And Ellie needs a husband or her father's odious fiancée will choose one for her. And so they agree to wed, even though their match appears to have been made somewhere hotter than heaven ... Ellie never dreamed she'd marry a stranger, especially one with such a devastating combination of rakish charm and debonair wit. She tries to keep him at arm's length, at least

until she discovers the man beneath the handsome surface. But Charles can be quite persuasive -- even tender -- when he puts his mind to it, and Ellie finds herself slipping under his seductive spell. And as one kiss leads to another, this unlikely pair discovers that their marriage is not so inconvenient after all ... and just might lead to love.

It was indisputably love at first sight. But Victoria Lyndon was merely the teenaged daughter of a vicar. . .while Robert Kemble was the dashing young earl of Macclesfield. Surely what their meddlesome fathers insisted must have been true-- that he was a reckless seducer determined to destroy her innocence. . . and she was a shameless fortune hunter. So it most certainly was for the best when their plans to elope

went hopelessly awry. Even after a seven-year separation, Victoria—now a governess—still leaves Robert breathless. But how could he ever again trust the raven-haired deceiver who had shattered his soul? And Victoria could never give her heart a second time to the cad who so callously trampled on it the first. But a passion fated will not be denied, and vows of love yearn to be kept. . . even when one promises the moon.

The novel takes us into the twilight between nuclear war and an attempt to prevent it. In the shadow, a 'limited' holocaust unfolds, so extensive in consequences, that the past no longer applies. Here a quiet searching begins for what is ultimately real, for something that goes deeper than the conventions. In the contrast with tragedy a multithreaded romance develops that encompasses five families; two Russian, one Canadian, one Japanese, and one American. Their experiences, aspirations, struggles and stories take us on a voyage across fifteen time zones, three contrasting cultures, in a humanist landscape that is constantly changing. Initial involvements with rescue efforts trail out into a chance to build a New World with a new life in Russia.

Struggling for justice, the protagonists face new challenges, hidden conspiracies, and ultimately tragedies as they have to flee political persecutions in a small-minded world and start all over again. But each time they start anew, they start from a higher basis with triumphs from the depth of their growing love that becomes ever-brighter. In their unfolding humanity with the demands by love to uplift their marriages to a higher platform that comes to light as natural universal love and brotherhood, the conventional institutions become gradually raised up, though not without a struggle, always reaching forward to the preciously enduring that comes to light as the evermore valid while the artificial axioms fall away. Thus, the nuclear nightmare that starts with a fire brighter than the Sun, rouses a light within that becomes its

own brightest star in the heavens.

Jack Audley has been a highwayman. A soldier. And he has always been a rogue. What he is not, and never wanted to be, is a peer of the realm, responsible for an ancient heritage and the livelihood of hundreds. But when he is recognized as the long-lost son of the House of Wyndham, his carefree life is over. And if his birth proves to be legitimate, then he will find himself with the one title he never wanted: Duke of Wyndham. Grace Eversleigh has spent the last five years toiling as the companion to the dowager Duchess of Wyndham. It is a thankless job, with very little break from the routine . . . until Jack Audley lands in her life, all rakish smiles and debonair charm. He is not a man who takes no for

Dear Avon Books, Where are my heroes? Whenever I'm reading a book by one of my favorite authors I find I'm falling for the wrong guy -- not the hero, but the other man -- and what I really want is for him to have his own story. Like Jake Linley, from Someone to Watch Over Me by Lisa Kleypas...that doctor could sit by my bedside if I ever got sick. And Ned Blyden in Splendid by Julia Quinn...he makes me want to learn to waltz! I never thought living in a drafty castle would be much fun until Simon of Ravenswood in Master of Desire by Kinley MacGregor came along. Anyway, I just wanted to let you know that these are my men -- when do they get their stories? Sincerely, A Romance Fan Some books are so special that there is more than one hero to love, but only a single story is told. So if you find yourself asking,
