What You Don't See. . . The crime scene at an Oregon rest stop is brutal beyond belief--a young man's lifeless body cut to ribbons, and his pregnant girlfriend left alive but comatose. . . What You Don't Know. . . Psychologist Claire Norris is assigned to treat the survivor at a private mental hospital. But there are no clues to the identity of the catatonic "Jane Doe." A difficult job only becomes more complicated with the arrival of ex-homicide detective Langdon Stone, who questions Claire's every move. Can Kill You Reluctantly working together, Claire and Lang begin to unravel the chilling truth about a twisted case--one with ties to a killer who is right in their midst, eager to see a mission of evil through to its terrifying end. . . Praise for Nancy Bush's Unseen "Full of twists

knows Elise is off-limits, but it only makes her more tempting.  
With chemistry this hot, surely that bro code is now null and void?

This guide to corporate social responsibility (CSR) provides discussion of key concepts in a short, easy-to-use format. It is divided into sections on key terms, the global stage, corporate governance, corporate social responsiveness, public relations and philanthropy, and implications for corporate financial performance. It is an ideal supplement for business courses or as a reference for students and practitioners who would like to learn more about the basics of CSR.

Should business strive to be socially responsible, and if so, how?  
The Debate over Corporate Social Responsibility updates and

broadens the discussion of these questions by bringing together in one volume a variety of practical and theoretical perspectives on corporate social responsibility. It is perhaps the single most comprehensive volume available on the question of just how "social" business ought to be. The volume includes contributions from the fields of communication, business, law, sociology, political science, economics, accounting, and environmental studies. Moreover, it draws from experiences and examples from around the world, including but not limited to recent corporate scandals and controversies in the U.S. and Europe. A number of the chapters examine closely the basic assumptions underlying the philosophy of socially responsible business. Other chapters speak to the practical challenges and possibilities for corporate social responsibility in the twenty-first century. One of the most distinctive features of the

book is its coverage of the very ways that the issue of corporate social responsibility has been defined, shaped, and discussed in the past four decades. That is, the editors and many of the authors are attuned to the persuasive strategies and formulations used to talk about socially responsible business, and demonstrate why the talk matters. For example, the book offers a careful analysis of how certain values have become associated with the business enterprise and how particular economic and political positions have been established by and for business. This book will be of great interest to scholars, business leaders, graduate students, and others interested in the contours of the debate over what role large-scale corporate commerce should take in the future of the industrialized world.
