Profusely and superbly illustrated, Country stands as one of the most brilliant explorations of American musical culture ever written.

National Book Award finalist Amy Bloom has written a tale of growing up that is sharp and funny, rueful and uncompromisingly real. A chubby girl with smudged pink harlequin glasses and a habit of stealing Heath Bars from the local five-and-dime, Elizabeth Taube is the only child of parents whose indifference to her is the one sure thing in her life. When her search for love and attention leads her into the arms of her junior-high-school English teacher, things begin to get complicated. And even her friend Mrs. Hill, a nearly blind, elderly black woman, can't protect her when real love--exhilarating, passionate, heartbreaking--enters her life in the gorgeous shape of Huddie Lester. With her finely honed style and her unflinching sensibility, Bloom shows us how profoundly the forces of love and desire can shape a life.

Hence, this collection of original essays provides a broad overview of regionalism, together with detailed analyses on the construction, activities, and implications of both established and emerging examples of formal political and economic organizations as well as informal regional entities and networks. Aimed at scholars and students interested in the continuing growth of regionalism, The Ashgate Research Companion to Regionalisms is a key resource to understanding the major debates in the field. Organized into three main sections, this volume deals with a wide range of issues covering the following important research areas: -Section one covers theoretical and methodological approaches to the study of established and formal regionalism, emerging and informal regionalism, inter-regionalism, and levels of regionalism. -Section two provides detailed case-studies of established and formal regionalisms: EU, NAFTA, ASEAN, SAARC, OAS, MERCOSUR, AU, ECOWAS, and SADC. -Section three offers case-studies that investigate emerging and informal regionalisms in Oceania, the Arab League, BRICSAM, and the Commonwealth(s) as well as thought-provoking chapters on micro-regional processes evident in spatial development initiatives, transnational gangs, transfrontier conservation areas, and the migration-conflict nexus in natural resource sectors. With the study of regionalism becoming an increasingly important part of politics, international relations, development, and global studies courses, this comprehensive volume is a valuable addition for classroom use.

“ Deserves to stand alongside a Stephen King or a Dean Koontz—at their best . . . A mature horror yarn ” from the award-winning author of Bone White (New York Journal of Books). Horror writer Travis Glasgow and his wife, Jodie, have bought their first house in Westlake, Maryland, just steps from Travis ’ s older brother ’ s home. Travis is buoyed by the thought of renewing his relationship with his estranged sibling and overcoming the darkness from his past. But the house has other plans for him. Travis is soon awakened by noises in the night and finds watery footprints in the basement that lead him to the nearby lake, which has a strange staircase emerging from its depths. When Travis discovers that a former occupant of his house—a ten-year-old boy—drowned in the lake, he draws connections to his own childhood tragedy. As his brother and wife warn him to leave well enough alone, Travis is pulled into a dark obsession, following the house ’ s secrets to the floating staircase—and into the depths of madness . . . “ It would not be an overstatement to say that Floating Staircase is a modern classic ranking among some of the best supernatural affairs ever committed to print. . . .
