ACCOUNTING. Cornerstones delivers a truly unique learning system that is

integrated through the entire introductory managerial accounting journey — ensuring students will leave the course with the

knowledge they need to be future business leaders. Students are guided through:

**Building A Strong Foundation:** Students need to build a strong foundation of the fundamentals before they can move forward in this course. The unique

Cornerstones approach gets them through the fundamentals **FASTER** so that they

can transition to analyzing and applying concepts. **Understanding Relationships:**

Rather than focusing on concepts in isolation, students should understand

accounting as a system and recognize how the end result changes based on how the

numbers affect each other.

Second Canadian Edition, presents an exciting new approach to teaching and learning accounting. Carefully crafted in response to studies on student reading behaviour, the innovative Cornerstones approach has been shown to increase students' engagement and preparedness while improving their grades. In the Cornerstones approach, each major concept is illustrated in a Cornerstone that supports accounting concepts with a compelling example. Step-by-step calculations demonstrate how to solve a business problem, and a brief video segment reinforces and summarizes key concepts and procedures.
