The tenth volume in the Research on Management Consulting series—Client–Consultant Collaboration: Coping with Complexity and Change—draws on papers presented at the Academy of Management 's Management Consulting Division International Conference on this theme in Copenhagen, Denmark in June 2007. The volume presents twelve chapters that explore a broad range of questions and concerns that illustrate the scope and complexity of the consultant–client relationship. The chapters illustrate the richness and excitement that takes place not only in research on consulting but also in its application as the various empirical analyses of consulting in practice portray.

Incorporation of new technologies in the workplace is the future of business. These technologies keep businesses up to date with their capabilities to perform remote work and make processes more efficient and effective than ever before. In understanding digital transformation in the workplace there needs to be advanced research on technology, organizational change, and the impacts of remote work on the business, the employees, and day-to-day work practices. This advancement to a digital work culture and remote work is rapidly undergoing major advancements, and research is needed to keep up with both the positives and negatives to this transformation. The Research Anthology on Digital Transformation, Organizational Change, and the Impact of Remote Work contains hand-selected, previously published

Acces PDF Culture Change An Ysis And Bibliography Of Anthropological Sources

research that explores the impacts of remote work on business workplaces while also focusing on digital transformation for improving the efficiency of work. While highlighting work technologies, digital practices, business management, organizational change, and the effects of remote work on employees, this book is an all-encompassing research work intended for managers, business owners, IT specialists, executives, practitioners, stakeholders, researchers, academicians, and students interested in how digital transformation and remote work is affecting workplaces.
