The Devil and Tom Walker

This early work by Stephen Vincent Benét was originally published in 1937 and we are now republishing it with a brand new introductory biography. 'The Devil and Daniel Webster' is a short story about a successful lawyer who believes you can win your soul back from the devil. Stephen Vincent Benét was born on 22nd July 1898 in Bethlehem, Pennsylvania, United States. Benét was an accomplished writer at an early age, having had his first book published at 17 and submitting his third volume of poetry in lieu of a thesis for his degree. During his time at Yale, he was an influential figure at the 'Yale Lit' literary magazine, and a fellow member of the Elizabethan Club. Benét was also a part-time contributor for the early Time Magazine. Benét's best known works are the book-length narrative poem American Civil War, John Brown's Body (1928), for which he won a Pulitzer Prize in 1929, and two short stories, The Devil and Daniel Webster (1936) and By the Waters of Babylon (1937). Benét won a second Pulitzer Prize posthumously for his unfinished poem Western Star in 1944.

Now a Netflix film starring Tom Holland and Robert Pattinson A dark and riveting vision of 1960s America that delivers literary excitement in the highest degree. In The Devil All the Time, Donald Ray Pollock has written a novel that marries the twisted intensity of Oliver Stone's Natural Born Killers with the religious and Gothic overtones of Flannery O'Connor at her most haunting. Set in rural southern Ohio and West Virginia, The Devil All the Time follows a cast of compelling and bizarre characters from the end of World War II to the 1960s. There's Willard Russell, tormented veteran of the carnage in the South Pacific, who can't save his beautiful wife, Charlotte, from an agonizing death by cancer no matter how much sacrificial blood he pours on his "prayer log." There's Carl and Sandy Henderson, a husband-and-wife team of serial killers, who troll America's highways searching for suitable models to photograph and exterminate. There's the spider-handling preacher Roy and his crippled virtuoso-guitar-playing sidekick, Theodore, running from the law. And caught in the middle of all this is Arvin Eugene Russell, Willard and Charlotte's orphaned son, who grows up to be a good but also violent man in his own right. Donald Ray Pollock braids his plotlines into a taut narrative that will leave readers astonished and deeply moved. With his first novel, he proves himself a master storyteller in the grittiest and most uncompromising American grain.

What begins as an ordinary event quickly shifts into the bizarre after the narrator, a wealthy bachelor, meets their friend, Lanvivain, at an old mansion. Thinking about purchasing the property, the narrator and Lanvivain explore the mansion at Kerfol, attracted to the vast and ordinate property. Lanvivain enthusiastically urges the bachelor to buy the property, declaring that it matches his personality exactly. The narrator, however, is unconvinced, as he is concerned when they notice how vacant the house is. The property is incredibly still—no-one is around, except a pack of dogs that are deadly silent and calm, almost as if they were just a figment of the imagination. Intrigued, the two friends decide to look into the history of the house to find the previous owners. First occupied years before, the house used to be owned by a couple. The husband, Yves, was often away on business, so to make it up to his wife, Anne, he would buy her dogs. Anne cared for her dogs dearly. She would treat them with the best care possible, and loved them like they were her own children. The sentiment that was appreciated and reciprocated by the dogs. However, as the young couple's bond was not as strong. As Yves and Anne's relationship started to slip into turmoil, Yves grew to be cruel, committing acts that would haunt the mansion forever. With retroactive narration and compelling characters, Kerfol by Edith Wharton follows two generations of characters in association with the same property. With skillfully crafted prose, Wharton delivers a narrative that is suspenseful and spooky, while simultaneously appealing to a sense of sentiment and mystery. Kerfol defies genre and demands attention with twists and odd phenomena. Though first published in 1916, just over one-hundred years ago, Edith Wharton's Kerfol appeals to contemporary audiences with its unique plot, vivid setting, and timeless themes of loyalty and revenge. This edition of Kerfol by Edith Wharton is presented with a new, eye-catching cover design and is printed in a font that is both modern and readable. With these accommodations, this heart-breaking gothic horror is a tempting and alluring experience for contemporary readers.

World War II, October 21, 1942. A B-17 bomber drones high over the Pacific Ocean, sending a desperate SOS into the air. The crew is carrying America's greatest living war hero on a secret mission deep into the battle zone. But the plane is lost, burning through its final gallons of fuel. At 1:30 p.m., there is only one choice left: an emergency landing at sea. If the crew survives the impact, they will be left stranded without food or water hundreds of miles from civilization. Eight men. Three inflatable rafts. Sixty-eight million square miles of ocean. What will it take to make it back alive?
