and a wide range of
stripping and clipping
styles to learn. It may be
that the best way forward is
to attend a course and there
are many available but they
are often very expensive.

lines, which simplifies the

Online Library Dog Grooming Guide Tools

Learning process. Whether the patterns are set tight or left more natural, the patterns are set in the same fashion. Once a groomer understands basic patterns he or she will be able to groom any breed with

Online Library Dog Grooming Guide Tools

ease. The dogs pictured in this book are top winning show dogs presenting the correct profile according to their breed standards. Jodi chose to illustrate this way for several reasons. First, a show dog presents an

Online Library Dog Grooming Guide Tools

excellent representation of the breed and how it should be groomed per the breed standard. Second, the reader will be able to see the realistic depth and dimensions of the coat. Last, it will give the

Online Library Dog Grooming Guide Tools

reader a vision of the
pattern in a realistic view
and will be a great
reference source when
grooming each breed. Once the
groomer understands correct
pattern placement, it can
easily be applied to pet

Online Library Dog Grooming Guide Tools

trims. A pet dog does not have to be groomed using show techniques, i.e., hand stripping, to present the proper breed profile. With proper pattern placement and techniques described in this text, the groomer will be

Online Library Dog Grooming Guide Tools

able to present a well-balanced, well-blended pet trim to the pet owner.
