Afrikaans P1 June 2019: Afrikaans: Grade 10: 2019: Afrikaans: IEB: Business Studies P1 June 2019: Business Studies: Grade 10: 2019: English: IEB: Consumer Studies P1 June 2019: Consumer Studies:

In many countries camera surveillance has become commonplace, and ordinary citizens and consumers are increasingly aware that they are under surveillance in everyday life. Camera surveillance is typically perceived as the archetype of contemporary surveillance technologies and processes. While there is sometimes fierce debate about their introduction, many others take the cameras for granted or even applaud their deployment. Yet what the presence of surveillance cameras actually achieves is still very much in question. International evidence shows that they have very little effect in deterring crime and in 'making people feel safer', but they do serve to place certain groups under greater official scrutiny and to extend the reach of today's 'surveillance society'. Eyes Everywhere provides the first international perspective on the development of camera surveillance. It scrutinizes the quiet but massive expansion of camera surveillance around the world in recent years, focusing especially on Canada, the UK and the USA but also including less-debated but important contexts such as Brazil, China, Japan, Mexico, South Africa and Turkey. Containing both broad overviews and illuminating case-studies, including cameras in taxi-cabs and at mega-events such as the Olympics, the book offers a valuable oversight on the status of camera surveillance in the second decade of the twenty-first century. The book will be fascinating reading for students and scholars of camera surveillance as well as policy makers and practitioners from the police, chambers of commerce, private security firms and privacy- and data-protection agencies.

From best-selling author Holly Webb comes a brand new series full of mystery and intrigue following the adventures of a very determined heroine and her dog! Holly Webb fans will be thrilled to pieces to discover the adventures of Maisie Hitchins, the pluckiest little detective in Victorian London. Maisie Hitchins lives in her grandmother's boarding house, longing for adventure. She idolizes the famous detective, Gilbert Carrington, and follows his every case. But Maisie is about to be given the opportunity of a lifetime: her own mystery to solve! In the first book in this fantastic new series, Maisie rescues a puppy in peril whilst running an errand, and adopts him. She decides to investigate the puppy's original cruel owner, but instead gets tangled up in an intriguing plot involving stolen sausages, pilfered halfpennies and a fast-paced bicycle chase. The streets of Victorian London are never safe, but Maisie's on the case!

Informal Workers and Collective Action features nine cases of collective action to improve the status and working conditions of informal workers. Adrienne E. Eaton, Susan J. Schurman, and Martha A. Chen set the stage by defining informal work and describing the types of organizations that represent the interests of informal workers and the lessons that may be learned from the examples presented in the book. Cases from a diverse set of countries—Brazil, Cambodia, Colombia, the Dominican Republic, Georgia, Liberia, South Africa, Tunisia, and Uruguay—focus on two broad types of informal workers: "waged" workers, including port workers, beer promoters, hospitality and retail workers, domestic workers, low-skilled public sector workers, and construction workers; and self-employed workers, including street vendors, waste recyclers, and minibus drivers.These cases demonstrate that workers and labor organizations around the world are rediscovering the lessons of early labor organizers on how to aggregate individuals' sense of injustice into forms of collective action that achieve a level of power that can yield important changes in their work and lives. Informal Workers and Collective Action makes a strong argument that informal workers, their organizations, and their campaigns represent the leading edge of the most significant change in the global labor movement in more than a century.Contributors Gocha Aleksandria, Georgian Trade Union Confederation Martha A. Chen, Harvard University and WIEGO Sonia Maria Dias, WIEGO and Federal University of Minas Gerais, Brazil Adrienne E. Eaton, Rutgers, the State University of New Jersey Mary Evans, Rutgers, the State University of New Jersey Janice Fine, Rutgers, the State University of New Jersey Mary Goldsmith, Universidad Autónoma Metropolitana-Xochimilco Daniel Hawkins, National Trade Union School of Colombia Elza Jgerenaia, Labor and Employment Policy Department for the Ministry of Labour, Health and Social Affairs, Republic of Georgia Stephen J. The Definitive Guide to Doing Business in Africa For global and Africa-based companies looking to access new growth markets, Africa offers exciting opportunities to build large, profitable businesses. Its population is young, fast-growing, and increasingly urbanized--while rapid technology adoption makes the continent a fertile arena for innovation. But Africa's business environment remains poorly understood; it's known to many executives in the West only by its reputation for complexity, conflict, and corruption. Africa's Business Revolution provides the inside story on business in Africa and its future growth prospects and helps executives understand and seize the opportunities for building profitable, sustainable enterprises. From senior leaders in McKinsey's African offices and a leading executive on the continent, this book draws on in-depth proprietary research by the McKinsey Global Institute as well as McKinsey's extensive experience advising corporate and government leaders across Africa. Brimming with company case studies and exclusive interviews with some of Africa's most prominent executives, this book comes to life with the vibrant stories of those who have navigated the many twists and turns on the road to building successful businesses on the continent. Combining an unrivalled fact base with expert advice on shaping and executing an Africa growth strategy, this book is required reading for global business executives looking to expand their existing operations in Africa--and for those seeking a road map to access this vast, untapped market for the first time.

This book explores important aspects of the American Civil War from the perspective of Capital Hill.
