Students and social workers preparing for the social work Masters licensure exam will find an invaluable study resource in the Social Work ASWB® Masters Exam Guide. Written by a prominent social work leader and trainer for social work licensing exams in the U.S., the guide is based on years of time-tested exam prep workshops conducted by the author. It mirrors the ASWB Masters' " Knowledge, Skills, and Abilities " upon which the exam is based, as well as incorporates information from the DSM-5, which will be included in the exam starting in mid-2015. The guide is comprehensive yet focused on the material most likely to be included on the exam, so that students can prioritize information as they study. A self-assessment section helps readers identify their strengths and weaknesses before they tackle the material. The author shares her extensive knowledge of the exam by providing useful test-taking strategies and tips for overcoming test anxiety. The 170-question practice test at the end of the guide (with explanations of the correct answers) mirrors the actual exam in both length and structure.

Review every skill and question type needed for SAT success – now with eight total practice tests. The 2018 edition of The Official SAT Study Guide doubles the number of official SAT® practice tests to eight – all of them created by the test maker. As part of the College Board's commitment to transparency, all practice tests are available on the College Board's website, but The Official SAT Study Guide is the only place to find them in print along with over 250 pages of additional instruction, guidance, and test information. With updated guidance and practice problems that reflect the most recent information, this new edition takes the best-selling SAT guide and makes it even more relevant and useful. Be ready for the SAT with strategies and up-to-date information straight from the exam writers. The Official SAT Study Guide will help students get ready for the SAT with:

- 8 official SAT practice tests, written in the exact same process and by the same team of authors as the actual exam
- detailed descriptions of the math and evidenced based reading and writing sections
- targeted practice questions for each SAT question type
- guidance on the new optional essay, including practice essay questions with sample responses
- seamless integration with Official SAT Practice on Khan Academy
