English Grammar in Use Fifth Edition | Grammar, Vocabulary ...

The history of English grammars begins late in the sixteenth century with the Pamphlet for Grammar by William Bullokar.In the early works, the structure and rules of English grammar were based on those of Latin. A more modern approach, incorporating phonology, was introduced in the nineteenth century.

History of English grammars - Wikipedia

We can use the indefinite article, the definite article and the zero article with general meaning, but there are some differences. a + singular countable noun. We can use this with general meaning when we are talking about something which defines the group. For example: An elephant is an impressive sight.

Whether your skills need drastic improvement or a quick brush-up, The McGraw-Hill Handbook of English Grammar and Usage will get your grammar back on the right track with: Straightforward explanations of common mistakes and why they happen Hundreds of correct and incorrect sentence examples, with errors clearly marked Quick tips for fixing your most stubborn grammatical mishaps Catchy memory aids for writing correctly the first time

Grammar is a subject that even the best English users tend to neglect. This book can be used as a general reference book by all. For students, it is a grammar guide to refer to any topic at a glance. The description of every rule is easily understandable without teachers' help. It covers all the grammar rules for day-to-day requirements and all parts of speech with plenty of examples. The pronouns are very well-explained, especially nominative and objective pronouns, which are often confusing for many. The case is similar with verbs and adverbs.

A user-friendly reference guide plus workbook containing the most important rules of English grammar, punctuation, capitalization, and writing numbers that people need every day. Full of helpful, real-world examples, exercises, tests, and answers. Perfect for business professionals, professors, teachers, students, and home schooling families, The Blue Book of Grammar and Punctuation is used in hundreds of universities, high schools, middle schools and corporations through the United States as well as in developing nations. Take an online quiz, get editing help, order the book, join the Q&A club, read Jane Straus's articles, or register for her monthly newsletter.

Those pesky dangling modifiers, split infinitives, and comma splicesthey infect our spoken and written language with such frequency that even native English speakers find it difficult to determine what's right and what's wrong! The McGraw-Hill Handbook of English Grammar and Usage shows you how to fix these everyday English language mistakes. With commonsense, easy-to-remember usage tips throughout, this handbook features incorrect and correct grammatical examples, a short review of basic grammar, a glossary, and more.

The Blue Book of Grammar and Punctuation is filled with easy-to-understand rules,real-world examples, dozens of reproducible exercises, and pre- and post-tests. This handy workbook is ideal for teachers, students in middle school through college, ESL students, homeschoolers, and professionals. Valuable for anyone who takes tests or writes reports, letters, Web pages, e-mails, or blogs, The Blue Book offers instant answers to everyday English usage questions.

English grammar: rules and usage is specially designed for learners of English as second or foreign language. This book is intended for undergraduate students who have little or no previous background in English grammar, students who need an introduction to English grammar as part of their curriculum in English or as preparation for teaching the language. This book can be used as a self-study book. Each grammatical rule is explained in simple English with several examples. This book is written in the classroom language so it can be used by a teacher to explain English grammar in the classroom. The relation between the concepts of English grammar and correct use of English is stressed in this book. Grammar can be learnt easily; it can be fun, so stop worrying, pick up this book and move ahead. This book will help you like a teacher, a guide. The features of this book include: ? A comprehensive index which makes it easy to use ? Simple step by step explanation of grammatical rules and patterns ? Practical examples ? Practical exercises ? List of collective nouns ? List of adjectives formed from nouns ? List of collocations with prepositions ? Lesson on spelling rules

An easy-to-use, reliable source on : Proper punctuation and sentence construction ; when to capitalize and how to abbreviate ; always writing clearly and concisely.

As featured in 'The Times' (18 Feb 2017). Professor Michael McCarthy, internationally renowned applied linguist, co-author of the 900-page 'Cambridge Grammar of English', author, co-author and editor of more than 50 books and 100 articles on the English language and the teaching of English, winner of an English-Speaking Union prize for one of his dictionaries, answers the awkward questions that regularly bother us all about English grammar. Most of us only vaguely remember what we were taught at school and are put off by long, tedious, dense and pedantic grammar manuals. This book is written in a concise, chatty, humorous and informal style. The A to Z format makes it easy to access and to find what you're looking for. It tells you in simple, plain language the difference between things that look similar (for example, 'alternate' versus 'alternative', 'made of' versus 'made from', 'its' versus 'it's'). It explains how to avoid going wrong with issues such as agreement between subjects and verbs or the choice of pronouns after prepositions. It presents solutions to a host of common, everyday grammatical problems and gives guidance on appropriate usage where more than one way of saying something exists. The entries also include advice on vocabulary, spelling, pronunciation, punctuation and style.Mike McCarthy believes in describing present-day standard English as it really is, not how people think it is or how they think it should be. He has worked for the last 35 years with computerised corpora of everyday written and spoken English texts and is known especially for his work on the differences between the grammar of speaking and the grammar of writing. The example sentences he presents are clear, transparent illustrations of the grammatical conventions, based on his work with corpora and his extensive, detailed field-notes covering decades, gleaned from literature, correspondence, the media and ordinary conversation. He tells you what the traditional rules are as well as what people are writing or saying now, and gives reasons why you might choose one or the other. He is not afraid of change and sees the grammar of English as a living, evolving organism, which he demonstrates with occasional glances at grammars written in the distant and recent past. He loves and respects the many accents, varieties and dialects of English but tells you what the educated standard forms are, so that you can speak and write appropriately in different situations. He shows that speaking is not the same as writing, and that what can often pass unnoticed in speech may stick out like a grammatical sore thumb in formal writing. This book helps you to navigate the maze of grammatical alternatives and to make the right choice for the right occasion. It is a book to browse and enjoy, as well as being a useful reference work to keep on your bookshelf.

The go-to guide for perfecting your grammar and communication skills in every situation English teachers aren't the only ones who expect careful and correct language choices. Precision in language can be the deciding factor when it comes to getting a job or winning a promotion. Whether your skills need drastic improvement or a quick brush-up, The McGraw-Hill Handbook of English Grammar and Usage will get your grammar back on the right track. Written by two expert grammarians, the book provides bottom-line definitions, tips, and simple rules that summarize the essentials you need to know. You'll find clear examples of usage and as well guidance on communication via text, email, and social media. The new, third edition of The McGraw-Hill Handbook of English Grammar and Usage features: •Straightforward explanations of common mistakes and why they happen•Hundreds of correct and incorrect sentence examples, with errors clearly marked•Quick tips for fixing your most stubborn grammatical mishaps•Catchy memory aids for writing correctly the first time, and more
