Now in its Ninth Edition, Essentials of Human Anatomy & Physiology continues to set the standard for short-course A&P texts with an enhanced media package, an updated art program, and new "active learning" features that help allied health students better visualize and understand the structure and function of the human body. Elaine Marieb's clear and friendly writing style emphasizes the relevance of anatomy and physiology to students' lives and careers. It clarifies concepts, defines key terms, and offers just the right balance of anatomy, physiology, and clinical coverage to make the content complete without being overwhelming. While many authors merely condense a two-semester text to meet a one-semester need, Elaine Marieb wrote this book specifically for the one-semester course and continues to carefully select a range of material that proves just right for the shorter course. New information on hot topics like DNA fingerprinting, contraception, stem cell research, and obesity draws students into the material, while a flexible topic structure allows instructors to choose a chapter sequence to meet virtually any need. CourseSmart textbooks do not include any media or print supplements that come packaged with the bound book.

A brief, hands-on lab manual specifically adapted for one-semester A&P labs in the allied health market--now with more realistic 3-D art, new and modern photos, and a brand-new student-friendly design. Elaine Marieb's Essentials of Human Anatomy and Physiology Laboratory Manual, Sixth Edition can accompany any one-semester A&P text, but is most effectively paired with Marieb's Essentials of Human Anatomy & Physiology, Eleventh Edition. The manual includes 27 exercises featuring a wide range of activities and a full-color Histology Atlas with 55 photomicrographs. Each exercise includes a Pre-Lab Quiz, a materials list, background information, integrated objectives for focused learning, a summary of key concepts, a variety of hands-on activities, and challenging review sheets. The Sixth Edition features an updated art and photo program with more realistic 3-D art, new and modern photographs, a new student-friendly design that includes exercise tabs for easier navigation, bold-faced references to figures and tables, and new activity checklists to help students track their progress in the lab. The manual presents a superior teaching and learning experience for you and your students by presenting: A new student-friendly design with a variety of features for easier navigation of the text A dynamic art and photo program features exceptionally-detailed illustrations and figures 27 concise lab exercises specifically built to accommodate the fast pace of one-semester A&P labs A wide range of activities offering students varied, hands-on lab experiences to fit different learning styles

ALERT: Before you purchase, check with your instructor or review your course syllabus to ensure that you select the correct ISBN. Several versions of Pearson's MyLab & Mastering products exist for each title, including customized versions for individual schools, and registrations are not transferable. In addition, you may need a CourseID, provided by your instructor, to register for and use Pearson's MyLab & Mastering products. Packages Access codes for Pearson's MyLab & Mastering products may not be included when purchasing or renting from companies other than Pearson; check with the seller before completing your purchase. Used or rental books If you rent or purchase a used book with an access code, the access code may have been redeemed previously and you may have to purchase a new access code. Access codes Access codes that are purchased from sellers other than Pearson carry a higher risk of being either the wrong ISBN or a previously redeemed code. A Brief, Student-Friendly Lab Manual for One-Semester A&P-Now in Full Color Developed especially for a fast-paced, one-semester A&P course, Elaine Marieb and Pamela Jackson's Essentials of Human Anatomy and Physiology Laboratory Manual, 7th Edition provides 27 full-color, hands-on laboratory exercises, along with a built-in Histology Atlas. The Lab Manual can accompany any one-semester A&P text, but it is most effectively paired with Marieb and Keller's Essentials of Human Anatomy & Physiology, 12th Edition. Each lab exercise consists of a variety of easy-to-follow activities, all supported by a checklist of materials, a Pre-Lab Quiz, background information, learning objectives, and tear-out review sheets. The black and white figures in previous editions are now in full-color, and the 7th Edition further expands on its student-friendly writing style with updated terminology and review questions, streamlined content presented in tables, and a new, more intuitive design.

This full-color manual is designed for students with minimal backgrounds in science who are pursuing careers in allied health fields. Designed to support the thirteenth edition of Hole's Essentials of Human A&P by Shier, Butler, and Lewis, this manual contains 49 laboratory exercises and reports, which are integrated closely to the textbook. Exercises are planned to illustrate and review the anatomical and physiological facts and principles presented in the text and to help students investigate some of these ideas in greater detail.
