Reviewing these two one at a time, here are my thoughts about Ethan Frome, followed by Summer: The Constable Edith Wharton edition that I've just read contains both Ethan Frome and Summer, but I am reviewing them separately because whether or not Edith Wharton considered them 'inseparable' as claimed in the default description at Goodreads, they were published six years apart in 1911 and 1917 respectively; one is a short story and the other is a novella; and I read them separately too, with ...

Ethan Frome is one of Wharton's most famous works; it is a tightly constructed and almost unbearably heartbreaking story of forbidden love in a snowbound New England village. Summer, also set in rural New England, is often considered a companion to Ethan Frome - Wharton herself called it 'the hot Ethan' - in its portrayal of a young woman's sexual and social awakening.

A pair of masterly short novels, featuring an introduction by Elizabeth Strout, the Pulitzer Prize-winning author of Anything Is Possible and My Name Is Lucy Barton Thought Edith Wharton is best known for her cutting contemplation of fashionable New York, Ethan Frome and Summer are set in small New England towns, far from Manhattan's beau monde. Together in one volume, these thematically linked short novels display Wharton's characteristic criticism of society's hypocrisy, and her daring exploration of the destructive consequences of sexual appetite. From the wintry setting of Ethan Frome, where a man hounded by community standards is destroyed by the very thing that might bring him happiness, to the florid town of Summer, where a young woman's first romance projects her into a dizzying rite of passage, Wharton captures beautifully the urges and failures of human nature. Praise for Edith Wharton and Ethan Frome "Ethan Frome [is considered] Mrs. Wharton's masterpiece . . . The secret of its greatness is the stark human drama of it; the social crudity and human delicacy intermingled; the defiant, over-riding passion, and the long-drawn-out logic of the paid penalty. It has no contexts, no mitigations; it is plain, raw, first-hand human stuff."The New York Times "Ethan Frome [has] become part of the American mythology. . . . Wharton's astonishing authority here is to render such pain with purity and economy . . . Truly it is a northern romance, akin even to Wuthering Heights."Harold Bloom "Traditionally, Henry James has always been placed slightly higher up the slope of Parnassus than Edith Wharton. But now that the prejudice against the female writer is on the wane, they look to be exactly what they are: giants, equals, the tutelary and benign gods of our American literature."Gore Vidal

These three brilliantly wrought, tragic novellas explore the repressed emotions and destructive passions of working-class people far removed from the social milieu usually inhabited by Edith Wharton's characters. Ethan Frome is one of Wharton's most famous works; it is a tightly constructed and almost unbearably heartbreaking story of forbidden love in a snowbound New England village. Summer, also set in rural New England, is often considered a companion to Ethan Frome-Wharton herself called it "the hot Ethan"-in its portrayal of a young woman's sexual and social awakening. Bunner Sisters takes place in the narrow, dusty streets of late nineteenth-century New York City, where the constrained but peaceful lives of two spinster shopkeepers are shattered when they meet a man who becomes the unworthy focus of all their pent-up hopes. All three of these novellas feature realistic and haunting characters as vivid as any Wharton ever conjured, and together they provide a superb introduction to the shorter fiction of one of our greatest writers.

Perhaps the best-known and most popular of Edith Wharton's novels, 'Ethan Frome' is widely considered her masterpiece. The eponymous Ethan Frome lives in a typical New England village where he makes a living out of his stony farm and exists at odds with his wife Zeena, a whining hypochondriac. When Mattie, Zeena's cousin, comes to live with them, love develops between her and Ethan. They try to end their hapless romance by steering a bobsled into a tree; but both end up disabled, tied to a long life of despair with Zeena. Zeena, however, is transformed into a devoted nurse while Mattie becomes the nagging invalid.

Sumer: Eighteen-year-old Charity Royall enjoys an idyllic summer romance with visiting architect Lucius Harney, a romance marred by her life in her poor mountain community and the amorous attentions of her guardian.

On a poor farm near Starkfield in western Massachusetts, Ethan Frome struggles to wrest a living from the land, unassisted by his whining and hypochondriacal wife Zeena. When Zeena's young cousin Mattie Silver is left destitute, the only place she can go is Ethan's farm.

On a bleak New England farm, a taciturn young man has resigned himself to a life of grim endurance. Bound by circumstance to a woman he cannot love, Ethan Frome is haunted by a past of lost possibilities until his wife's orphaned cousin, Mattie Silver, arrives and he is tempted to make one final, desperate effort to escape his fate. In language that is spare, passionate, and enduring, Edith Wharton tells this unforgettable story of two tragic lovers overwhelmed by the unrelenting forces of conscience and necessity. Included with Ethan Frome are the novella *The Touchstone* and three short stories, "The Last Asset," "The Other Two," and "Xingu." Together, this collection offers a survey of the extraordinary range and power of one of America's finest writers.

Ethan Frome, a lonely and downtrodden farmer, lives alone with his sickly, judgmental wife Zeena and her cousin Mattie, who helps around the house. Ethan and Mattie have feelings for one another, but are trapped in the hopelessness of their situation. When Zeena becomes suspicious and threatens to send Mattie away, Ethan takes matters into his own hands, propelling himself and Mattie down a snowhill and towards their fate. 'Can't you see that I don't care what anybody says?' Charity Royall lives in the small New England village of North Dormer. Born among outcasts from the Mountain beyond, she is rescued by lawyer Royall and lives with him as his ward. Never allowed to forget her disreputable origins Charity despises North Dormer and rebels against the stifling dullness of the tight-knit community surrounding her. Her boring job in the local library is interrupted one day by the arrival of a young visiting architect, Lucius Harney, whose good looks and sophistication arouse her passionate nature. As their relationship grows, so too does Charity's conflict with her guardian; darker undercurrents start to come to the surface. Summer is often compared to Wharton's other New England story, *Ethan Frome*, and it shares the same intensity of feeling and repression. Wharton regarded it as one of her best works, and its compelling story of burgeoning sexuality and illicit desire has a strikingly modern and troubling ambiguity.
