Read James Wesley, Rawles's posts on the Penguin Blog In the vein of Sam Sheridan's The Disaster Diaries, a comprehensive guide to preparing for the apocalypse! With the recent economic crisis, formerly unimaginable scenarios have become terrifyingly real possibilities- learn how to prepare for the worst Global financial collapse, a terrorist attack, a natural catastrophe-all it takes is one event to disrupt our way of life. We could find ourselves facing myriad serious problems from massive unemployment to a food shortage to an infrastructure failure that cuts off our power or water supply. If something terrible happens, we won't be able to rely on the government or our communities. We'll have to take care of ourselves. In How to Survive the End of the World as We Know It, James Rawles, founder of SurvivalBlog.com, clearly explains everything you need to know to protect yourself and your family in the event of a disaster-from radical currency devaluation to a nuclear threat to a hurricane. Rawles shares essential tactics and techniques for surviving completely on your own, including how much food is enough, how to filter rainwater, how to protect your money, which seeds to buy for your garden, why goats are a smart choice for livestock, and how to secure your home. It's the ultimate guide to total preparedness and self-reliance in a time of need.

Learn how environmentally sound principles & practices are applied to the development & management of golf courses. The 68 articles in this collection discuss environmental benefits, environmental programs, financial & economic issues in course development, course design, legal issues, wildlife preservation, & water & wetlands issues. Many environmentally friendly courses are profiled. Some of the more specialized subjects covered are: the AmerAquatic Bird Survey, environmental design work by various course architects, cactus forest transplanted, total ecosystems, biotechnology, a goose pond, drainage problems, IPM, managing endangered & threatened species, Environmental Steward Award, desalination, & irrigation of arid land. This is a NSF InfoPac publication. InfoPacs are bound collections of full-text articles, compiled & copied from various golf industry magazines, newsletters, & journals.

The ancient temples at Angkor Wat are unlike anything else on earth. Step back in time and take the trip of a lifetime with Moon Angkor Wat. Inside you'll find: Strategic itineraries ranging from one to three days in Angkor to a week exploring the Khmer Empire, with suggestions on the most beautiful (and most secluded) temples to visit Top sights and unique experiences: Explore the sublime forested temple ruins of Angkor, remnants of the ancient Khmer Empire. Marvel at Angkor Wat, the largest religious building in the world, get up close to Angkor Thom's carved bodhisattva, and wander among nearly 100 monuments deep in the jungle at Koh Ker. Immerse yourself in bustling city of Siem Reap, drink thick sweet coffee and sample barbequed meats from street carts in Phnom Penh, and stroll the colorful markets, quiet streets, and funky art galleries of Battambang Tips for the best ways to tour the temples to get the most out of this sacred and awe-inspiring site Focused advice and historical context from documentarian and journalist Tom Vater Essential insight on trip planning, health and safety, reservations, transportation (by tuk-tuk, taxi, motorbike, or bicycle), and accommodations ranging from hotels to homestays with local families Full-color photos and detailed maps throughout In-depth coverage of Siem Reap, Angkor and all its temples, Phnom Penh, and excursions to other parts of Cambodia such as Banteay Chhmar, Sambor Prei Kuk, Preah Khan, Koh Ker, Preah Vihear, and Battambang With Moon Angkor Wat's practical tips and an insider's view on the best things to do and see, you can plan the trip of a lifetime. Exploring more of Asia? Check out Moon Vietnam or Moon Phuket & Ko Samui. Special ebook features: Easily navigate listings with quick searches, plus website links and zoom-in maps and images Personalize your guide by adding notes and bookmarks

For golf's true enthusiasts, the game is far more--and far more complex--than a simple hobby, commodity, or slice of the sports industry. It is a physical and mental place to be, a community. It has a history, a hierarchy, laws, & language, and a literature. And in Richard J. Moss, it has a chronicler. From its beginnings in the northeastern United States in the 1880s, golf has seen its popularity, and its fortunes, wax and wane, affected by politics and economics, reflecting tensions between aristocratic and democratic impulses. The Kingdom of Golf in America traces these ups and downs, ins and outs, in the growth of golf as a community. Moss describes the development of the private club and public course and the impact of wealth and the consumer culture on those who play golf and those who watch. He shows that factors like race, gender, technology, suburbanization, and the transformation of the South that shaped the nation also shaped golf. The result is a unique, and uniquely entertaining, work of cultural history that shows us golf as a community whose story resonates far beyond the confines of the course. Purchase the audio edition.

"Companies of all sizes are seeking to transform their procurement and supplier relationship management processes: activities that have a tremendous upside potential for improved supply chain effectiveness and efficiency. Now, two leading consultants and researchers offer a comprehensive approach to creating customer value through strategic sourcing and procurement. Unlike texts focused primarily on day-to-day operations and tactics, Delivering Customer Value through Procurement and Strategic Sourcing focuses on helping senior executives and managers gain sustainable competitive advantage from their supply chains."--Publisher's website.
