'The Mysterious Island' - one of the most famous in the world literature novels written by the famous French writer Jules Verne. Five Americans appear on a desert island in the Southern Hemisphere but they are not going to despair. Eventually it appears that their skills are all they need there to survive. But suddenly life throws a riddle to them...

Two Years' Vacation and Family Without a Name (2 Books) This is the name of the sequence of fifty-four novels written Jules Verne, originally published between 1863 and 1905. Verne's editor Pierre-Jules Hetzel, said that the goal of these novels was "to outline all the geographical, geological, physical, and astronomical knowledge amassed by modern science and to recount, in an entertaining and picturesque format ... the history of the universe." In Verne's own words, his intention was "to complete, before my working days are done, a series which shall conclude in story form my whole survey of the world's surface and the heavens; there are still left corners of the world to which my thoughts have not yet penetrated. As you know, I have dealt with the moon, but a great deal remains to be done, and if health and strength permit me, I hope to finish the task." Verne's meticulous attention to detail and scientific trivia, coupled with his sense of wonder and exploration, are the backbone of the Voyages. Part of the reason for the broad appeal of his work was the sense that the

reader could acquire knowledge of geology, biology, astronomy, paleontology, oceanography, etc., as well as to travel to the exotic locations and cultures of the world through the adventures of Verne's protagonists.

When their island becomes too crowded, Luke turns his railroad engine into a boat and sets sail for remarkable adventures among people he has never seen before.

From Ismail Kadare, winner of the inaugural Man Booker International Prize – a novelist in the class of Coetzee, Pamuk, Márquez, and Rushdie – the stunning new translation of one of his major works. In the early fifteenth century, as winter falls away, the people of Albania know that their fate is sealed. They have refused to negotiate with the Ottoman Empire, and war is now inevitable. Soon enough, dust kicked up by Turkish horses is spotted from a citadel. Brightly coloured banners, hastily constructed minarets, and tens of thousands of men fill the plain below. From this moment on, the world is waiting to hear that the fortress has fallen. The Siege tells the enthralling story of the weeks and months that follow – of the exhilaration and despair of the battlefield, the constantly shifting strategies of war, and those whose lives are held in the balance, from the Pasha himself to the artillerymen, astrologer, blind poet, and harem of women who accompany him. "Believe me," the general said. "I've taken part in many sieges but this," he waved towards the castle walls, "is where the most fearful carnage of our times will take place. And you surely know as well as I do that great massacres always give birth to great books. You really do have

an opportunity to write a thundering chronicle redolent with pitch and blood, and it will be utterly different from the graceful whines composed at the fireside by squealers who never went to war."

Brilliantly vivid, as insightful as it is compelling, *The Siege* is an unforgettable account of the clash of two great civilisations, and a portrait of war that will resonate across the centuries.

*Diary of a Wimpy Kid Series*  
Being a kid can really stink. And no one knows this better than Greg Heffley, who finds himself thrust into middle school, where undersized weaklings share the halls with kids who are taller, meaner, and already shaving. In *Diary of a Wimpy Kid*, author and illustrator Jeff Kinney introduces us to an unlikely hero. As Greg says in his diary: "Just don't expect me to be all 'Dear Diary' this and 'Dear Diary' that." Luckily for us, what Greg Heffley says he won't do and what he actually does are two very different things.

polite, friendly, and always generous, Diana nonetheless kept Lucy at arm's length despite her desperate attempts to win her over. And as a pillar in the community, an advocate for female refugees, and a woman happily married for decades, no one had a bad word to say about Diana...except Lucy. That was five years ago. Now, Diana is dead, a suicide note found near her body claiming that she longer wanted to live because of the cancer wreaking havoc inside her body. But the autopsy finds no cancer. It does find traces of poison, and evidence of suffocation. Who could possibly want Diana dead? Why was her will changed at the eleventh hour to disinherit both of her children, and their spouses? And what does it mean that Lucy isn't exactly sad she's gone?
