Many Christians feel as if something is missing in their relationship with God. They long to find an in-depth, authentic relationship with God. Instead, many believers find themselves living

out a results-oriented “ behavior management system ” of spiritual growth. Unfortunately, rather than leading to an intimate relationship with God, this behavior-based system does just the opposite. It produces an unsatisfying life full of inner turmoil and doubt as Christians wonder whether or not they will ever experience the deeply satisfying life Jesus promised. Chuck Bomar calls this the “ elephant in the room ” that nobody seems to talk about but everyone struggles with. As the pastor of a church embraced by millennials and young families, and a long-time leader of seminars that help pastors reach this “ lost ” generation, Chuck is uniquely qualified to write this book.

Nineteenth Century Collections Online: European Literature, 1790-1840: The Corvey Collection includes the full-text of more than 9,500 English, French and German titles. The collection is sourced from the remarkable library of Victor Amadeus, whose Castle Corvey collection was one of the most spectacular discoveries of the late 1970s. The Corvey Collection comprises one of the most important collections of Romantic era writing in existence anywhere -- including fiction, short prose, dramatic works, poetry, and more -- with a focus on especially difficult-to-find works by lesser-known, historically neglected writers. The Corvey library was built during the last half of the 19th century by Victor and his wife Elise, both bibliophiles with varied interests. The collection thus contains everything from novels and short stories to belles lettres and more populist works, and includes many exceedingly rare works not available in any other collection from the period. These invaluable, sometimes previously unknown works are of particular interest to scholars and researchers. European Literature, 1790-1840: The Corvey Collection includes: * Novels and Gothic Novels * Short Stories * Belles-Lettres * Short Prose Forms * Dramatic Works * Poetry * Anthologies * And more Selected with the guidance of an international team of expert advisors, these primary sources are invaluable for a wide range of academic disciplines and areas of study, providing never before possible research opportunities for one of the most studied historical periods. Additional Metadata Primary Id: B0176000 PSM Id: NCCOF0063-C00000-B0176000 DVI Collection Id: NCCOC0062 Bibliographic Id: NCCO002830 Reel: 692 MCODE: 4UVC Original Publisher: Printed for Henry Colburn and Co. Original Publication Year: 1822 Original Publication Place: London Original Imprint Manufacturer: Printed by Cox and Baylis Subjects Satire, English -- 19th century.

"High interest, nonfiction articles help students learn about social studies topics while developing skills in reading comprehension. Each story is followed by questions that cover main idea, detail, vocabulary, and critical reasoning. The format is similiar to that of standardized tests, so as students progress through the book's units, they are preparing for success in testing"--P. [4] of cover.

This book dives into our youth ministries, helping youth workers think intentionally about developing a ministry that is geared toward helping prepare kids for what's to come.

Make Sociology new with McGraw-Hill ' s Connect Sociology and SOC 2013. New to Connect is Investigate Sociology, a brand-new tool that develops students ' sociological imaginations by placing them in provocative scenarios where they must analyze various sources and determine a solution. Connect also comes with LearnSmart, an adaptive questioning tool proven to increase content comprehension and student results, as well as fun interactivities like In their Shoes and Applying the Perspectives that teach sociology ' s three theoretical frameworks. Finally, make sure students come prepared to class by assigning our many e-book activities. With McGraw-Hill ' s digital tools, focus on what you do best—teaching. Unique to this program, SOC 2013 uses extensive research to meet students where they are, by providing an appealing, affordable and current program. This, coupled with powerful digital learning tools, makes SOC 2013 an ideal choice for your introductory course.

This book establishes an analytical model for the description of existing translations in their historical context within a framework suggested by systemic concepts of literature. It argues against mainstream 20th-century translation theory and, by proposing a socio-cultural model of translation, takes into account how a translation functions in the receiving culture. The case studies of successive translations of "Hamlet" in France from the eighteenth century neoclassical version of Jean-Francois Ducis to the 20th-century Lacanian, post-structuralist stage production of Daniel Mesguich show the translator at work. Each chapter focuses on a different aspect of the changing theatrical and literary norms to which translators through the ages have been bound by the expectations both of their audiences and the literary establishment.

Peterson's® Master the(tm) SSAT® is the guide for preparing students and their parents for the SSAT® exam. Complete with the most up-to-date information on the upper-level exam, this guide is vitally important to anyone preparing for private secondary school admissions testing. Students have access to test-taking strategies for each of the question types, along with specific advice for exam day. Four practice tests, plus a diagnostic test, provide students with a realistic idea of what to expect when the test date arrives. In addition, students and parents both benefit from expert tips on all aspects of the private secondary school search process: how to identify schools that are a good fit, how to apply for financial aid, and all of the other challenges of finding the right private secondary school. 4 full-length practice tests with detailed answer explanations Diagnostic test to determine strengths and weaknesses Complete review of all exam subjects: Verbal Ability, Quantitative Ability, Reading Comprehension, and Writing Expert advice on SSAT® exam question formats, scoring, and what to expect on test day

For the conservator this book is an invaluable tool when examining the options available for treatment of lacquer. Not only does it cover the technology and methods of treatment for both types of lacquer, but it assesses current practices enabling the conservator to make more informed decisions. Controversial issues are also debated, such as whether Asian lacquer should

be restored in the Asian manner, using non-reversible materials, or using western methods that are theoretically reversible. As the book describes production technology and decorative techniques it will also be a useful aid for both art historians and collectors alike in identifying and dating lacquerware. For the conservator this book is an invaluable tool when examining the options available for treatment. Not only does it cover the technology and methods of treatment for both types of lacquer, but it assesses current practices enabling the conservator to make more informed decisions. Controversial issues are discussed such as whether Asian lacquer should be restored in the Asian manner, using non-reversible materials, or using western methods that are theoretically reversible. As the book describes production technology and decorative techniques it will also prove to be a useful aid for both art historians and collectors alike in identifying and dating lacquerware. Lacquer has long been misunderstood, particularly because the word itself has been used to characterize many different materials. For centuries the term has been used to refer to the Asian and the European materials. At present it is used to describe any glossy coating, from cellulose nitrate to modern plastic finishes. * Assesses current practices, enabling conservators to make informed decisions * Includes new information on appearance of stress cracking and effect of light degradation * Covers both Asian and European lacquer for a comprehensive overview
