This book is targeted at beginners in illustration and is based on the curriculum of his beginner's course at the fashoin design school that he teaches in. It is a must have for all fashion design students who require a basic knowledge of drawing and illustration techniques.

Fashion Drawing is a comprehensive, practical guide to fashion drawing for students of fashion design. The book covers men, women and children, starting with how to draw the fashion figure and continuing with garments and garment details, before teaching the reader how to render various types of fabric. This second edition has been updated to include more details on how to draw flats as well as rendering knits, denim, pile weaves and fur. Tips are also included throughout on finishing hand-rendered drawings in Adobe Illustrator and Photoshop. Contemporary in its approach and offering step-by-step guidance, the book emphasizes drawing as an integral function of the garment design process. Students learn how to manipulate various garment details with consideration for scale, construction and color as well as keeping in mind the profile of the potential customer. Illustrated throughout with a wide range of images from illustrators and designers working in today's market, Fashion Drawing provides both the inspiration and the instruction necessary to allow students to develop their own illustration style.

A complete guide to all aspects of drawing for fashion designers, from simple line drawing, though crayons, painting to collage and computers. It gives the technical information on mastering the human figure in clothed form while encouraging readers to find their own creative style. It offers drawing and illustration techniques galore – most with step-by-step demonstrations. But the book also pays great attention to the creative process, how to use colour when designing and how to build up a knowledge of fabrics and illustrate them to best effect. This is the most complete book on the subject to date and is made more useful by the sheer range of different styles of drawing. It encourages the reader to find a style that suits them.

Fashion Drawing is a comprehensive, practical guide to fashion drawing for students. The author covers men, women and children, starting with how to draw the fashion figure and continuing with garments and garment details, before teaching the reader how to render various types of fabric. Contemporary in its approach and offering step-by-step guidance, the book emphasizes drawing as an integral function of the garment design process. Illustrated throughout with a wide range of images from illustrators and designers working in todays market, Fashion Drawing provides both the inspiration and the instruction necessary to allow students to develop their own illustration style.

Learn how to draw posed figures for fashion illustration This comprehensive reference provides hands-on techniques for created posed figures for fashion illustration. The first section illustrates various examples of nude and semi-nude poses (male and female). Later chapters illustrate the same poses wearing sportswear, sleepwear, dresses, suits, trousers, and casual and evening wear. The poses in each chapter are organized to show a progression including seated model (crossed legs, straight legs, seated on chair, seated on the floor); standing model (frontal view, three-quarter view, side-view from the back with crossed legs and straight legs); and moving model (running, walking, dancing). Each chapter begins with an introduction which is followed by images with detailed explanatory captions. With a focus on shape and form, the content covers marker and pencil techniques for a complete range of illustrated poses.

This captivating retrospective explores the social context of fashion with informative text and over 70 striking images. Profiles include flappers, glamour girls, flower children, and the modern obsession with celebrity styles.

From the suburbs to the subway, Sketch and Go: 5 Minute Fashion Illustration shows you how to capture fashion anywhere and everywhere. Fashion is fast and furious, and fashion illustrators need to work the same way to keep up with the latest trends. Part technique, part sketchbook, Sketch and Go: 5 Minute Fashion Illustration is ideal for beginners looking to learn tips and tricks for sketching fashion illustrations, both quickly and on the go. First, you'll learn basic fashion illustration skills and practical techniques for inspired "live fashion sketching". Once you've conquered the basics, you can sketch your own collection on the 500 pre-printed model templates. Featuring a variety of different poses, these templates allow you to get down to business and sketch your designs right away, without worrying about drawing models. The sketchpad pages are specially designed so that they can be photocopied without the templates, leaving just the fashion sketch! In need of inspiration? Don't worry! You'll also find an inspirational gallery of four-color illustrations from fashion designer and illustrator, Emily Brickel Edelson. So what are you waiting for? Get sketching!

Presents a step-by-step guide on using Photoshop and Illustrator in fashion illustration and design.
