Financial Accounting for B.Com Prog.

The tenth edition of Knapp's CONTEMPORARY AUDITING utilizes real-world cases to highlight the work environment of auditors. Using real-world examples and pointing out potential red flags, these cases help students to identify audit problem areas. Knapp's CONTEMPORARY AUDITING contains the most recent, compelling, and up-to-date examples. Those cases most widely used by adopters have been retained: Enron Corporation, Golden Bear Golf, Hopkins v. Price Waterhouse, Lehman Brothers, Leigh Ann Walker, Madoff Securities, The Trolley Dodgers, and ZZZZ Best Company. Many of the returning cases have been updated to include relevant circumstances and events that have occurred since the publication of the previous edition. This edition features 18 new cases. Three of them are comprehensive cases: AA Capital Partners, DHB Industries, and Navistar International Corporation. New cases in the Audits of High-Risk Accounts section include LocatePlus Holdings Corporation, Powder River Petroleum International, and Take-Two Interactive Software. The sections of the book that focus on ethical issues have three new cases: Accuhealth, Dell, and Wichita Falls. Section 5, Ethical Responsibilities of Independent Auditors, has new cases on IPOC International Growth Fund, Richard Grimes, Staff Accountant, and Ryden Trucking. The final new case is an international case, Longtop Financial Technologies Limited. The tenth edition fully integrates all recent risk assessment standards recently adopted by the auditing community. This successful book continues to provide accountants with an understanding of the fundamental concepts necessary to use accounting effectively. The sixth edition offers new discussions on IFRS, including new codification numbers, examples of IFRS financial statements, and additional exercises. A look at more recent frauds such as the Bernie Madoff scandal have been added. Enhanced discussions of ethics and international accounting are presented. The coverage of non-cash items and their impact on decision making has been expanded. In addition, comprehensive case studies and problems help accountants tie the material together.

Gain a clear understanding of the important relationships between accounting, financial statements and business decisions with Rich/Jones/Myers' FINANCIAL ACCOUNTING, 5E. This edition's proven approach is built around the way today's learners read and process principles. This edition helps you master the fundamentals of financial accounting more quickly and independently so you can focus on how accounting information is used in real companies today. The authors illustrate each major concept using memorable examples from familiar organizations and conceptual insights that explain the reasons behind the processes. You watch leading companies, like Apple, Verizon or Google, use accounting information to make better decisions, as you learn how to analyze and interpret financial data yourself. This edition even provides links to helpful videos from the authors to reinforce concepts and further support your learning success.
