This book provides an overview of the Second Council Directive 77/91/EEC of 13 December 1976 (also known as the Capital Directive) and its implementing rules in each Member State of the European Union and the European Economic Area. It provides companies and advisors with useful insights regarding articles of association and related documents, the incorporation and capital requirements of European companies with limited liability and the rules applicable to the acquisition and pledge of their own shares, the cross-participations, the financial assistance and the distribution of profits. A general report on the Capital Directive is followed by a discussion of the implementation of the rules laid down in the Directive in the national laws of each Member State, each in accordance with a common format and contributed by a practitioner from that State.

□Daily Mail□, □Centros□, □Überseering□ and □Inspire Art□: The ECJ has triggered by applying the principle of freedom of establishment step by step the competition between EU corporate legal systems. Entrepreneurs and investors within the EU now can choose between the various corporate legal forms of the various member states when deciding where and how to carry out their business. □Corporate Business Forms in Europe□ is the first compendium including a review and description of the most important types of corporate business forms (i.e. public/private limited liability companies and variations thereof) in the newly enlarged Europe. In particular with respect to the proposed directive concerning the transfer of the registered office of a company from one member state to another under perpetuation of its legal capacity this compendium becomes an indispensable reference book for investors/businessmen, lawyers and students providing practical information starting with the formation and ending with the winding up of the various types of corporate entities presented. The team of authors comprises lawyers and professionals from the various countries concerned with a profound background in corporate law.

Lucid and practical in approach, this new text provides a definitive treatment of the law in relation to the protection of minority shareholders.

Denmark Business Law Handbook - Strategic Information and Basic Laws
