Hell's Angel: The Life and Times of Sonny Barger and the ...

Life In The Hell's Angels. George Christie was a Hell's Angel for forty years. He was president of the high-profile Ventura chapter of the club and biker legend holds that Songs of Anarchy is modeled after his own story and struggles with the club. For a long time he acted as Sonny Barger's right-hand man, a public face for the club that hung out with the Grateful Dead and other celebrities, even carrying the torch at the 1984 Olympics.

Life In The Hell's Angels | HuffPost

Whether it's a matter of race, drugs, or violence, the Hell's Angels' way of life has long been one of controversy and conflict, both with the law and the norms of society as a whole. It's that commitment to living by their own rules though, for better or worse, that has captivated the public's interest in them for decades.

Sonny Barger is the Hells Angel of all Hells Angels, the motorcycle club which has been the scourge of America for over forty years. Sonny was their de facto leader for much of that time, the man who Hunter S. Thompson immortalised in his 1965 classic Hells Angels, noting Barger is nothing short of Winston Churchill when it come to leading people. He's been called an American legend and he's feared and revered by people on both sides of the law. From the club's formation in the 1940s to the height of their notoriety twenty years later, from Sonny's first hand account of what really happened with the Rolling Stones at Altamont to his periods of imprisonment, from his fights with rival gangs and the police to his own battle with cancer, Hell's Angel sets the record straight. Sonny Barger has ridden with the Angels for 40 years, obeying no law but that of the HAMC. For the first time, this is his own - and their own - story.

Narrated by the visionary founding member, Hell's Angel provides a fascinating all-access pass to the secret world of the notorious Hell's Angels Motorcycle Club. Sonny Barger recounts the birth of the original Oakland Hell's Angels and the four turbulent decades that followed. Hell's Angel also chronicles the way the HAMC revolutionized the look of the Harley-Davidson motorcycle and built what has become a worldwide bike-riding fraternity, a beacon for freedom-seekers the world over. Dozens of photos, including many from private collections and from noted photographers, provide visual documentation to this extraordinary tale. Never simply a story about motorcycles, colorful characters, and high-speed thrills, Hell's Angel is the ultimate outlaw's tale of loyalty and betrayal, subcultures and brotherhood, and the real price of freedom.

A history of the Hell's Angels Motorcycle Club that graduated from murder, rape, and terrorism to murder, rape, terrorism, and drugs

I hadn't planned on writing a book when I quit the Hells Angels. After forty years in the Hells Angels, George Christie was ready to retire. As president of the high-profile Ventura charter of the club, he had been the yin to Sonny Barger's yang. Barger was the reckless figurehead and de facto world leader of the Hells Angels. Christie was the negotiator, the spokesman, the thinker, the guy who smoothed things out. He was the one who carried the Olympic torch and counted movie stars, artists, rock musicians, and police chief captains among his friends. But leaving the Hells Angels isn't easy, and within two weeks of retirement, he was told he was 'out bad'—blackballed by his fellow Angels, prohibited from wearing the club patch, and even told he should remove his Death Head tattoo. Now Christie sets out to tell his story. Exile on Front Street is the tale of how a former Marine gave up a comfortable job with the Department of Defense and swore allegiance to the Hells Angels. In this revealing, hard-hitting memoir, he recounts his life as an outlaw biker with the world's most infamous motorcycle club.

In this revealing, hard-hitting memoir, he recounts his life as an outlaw biker with the world's most infamous motorcycle club.

The shocking true story of a Canadian biker turned informant, in the vein of *Gangland* *Undercover* and *Under and Alone* Dave Atwell was a regular suburban Canadian kid who rose to the heights of society, rubbing elbows with billionaires as a personal security specialist before getting involved with some of the country's most notorious gangsters as a member of first the Para-Dice Riders and then the Hells Angels. He was sergeant at arms for Toronto's notorious downtown chapter of the Hells Angels, and he saw it all: the drug trafficking, the violence and the structure of the organization. First his involvement with the gang cost him his career in personal security, and then it threatened to cost him everything. Atwell opted to work with the police, becoming the highest-ranking Hells Angel in history to cooperate with law enforcement. Wearing the gang's colours as a soldier among the men who called him a brother, Atwell reported the Hells Angels' activities to law enforcement. He risked his life providing valuable information aimed at taking down the club. In the harrowing and revelatory *The Hard Way Out*, Atwell retraces his days living a dual life as biker and informant, surrounded by major drug trafficking and the violent, paranoid and increasing suspicious bikers who stood to lose their livelihoods and potentially their freedom unless they found the rat they knew was hidden in their midst. Written by bestselling crime author Jerry Langton, this is a high-octane true story that will have you on the edge of your seat.

Gonzo journalist and literary roustabout Hunter S. Thompson flies with the angels/Hell's Angels, that is/in this short work of nonfiction. 'California, Labor Day weekend . . . early, with ocean fog still in the streets, outlaw motorcyclists wearing chains, shades and greasy Levis roll out from damp garages, all-night diners and cast-off one-night pads in Frisco, Hollywood, Berdoo and East Oakland, heading for the Monterey peninsula, north of Big Sur. . . The Menace is loose again.' Thus begins Hunter S. Thompson's vivid account of his experiences with California's most notorious motorcycle gang, the Hell's Angels. In the mid-1960s, Thompson spent almost two years living with the controversial Angels, cycling up and down the coast, reveling in the anarchic spirit of their clan, and, as befits their name, raising hell. His book successfully captures a singular moment in American history, when the biker lifestyle was first defined, and when such countercultural movements were electrifying and horrifying America. Thompson, the creator of Gonzo journalism, writes with his usual bravado, energy, and brutal honesty, and with a nuanced and incisive eye; as *The New Yorker* pointed out, "[For all its uninhibited and sardonic humor, Thompson's book is a thoughtful piece of work.] As illuminating now as when originally published in 1967, Hell's Angels is a gripping portrait, and the best account we have of the truth behind an American legend.

Narrated by the visionary founding member, Hell's Angel provides a fascinating all-access pass to the secret world of the notorious Hell's Angels Motorcycle Club. Sonny Barger recounts the birth of the original Oakland Hell's Angels and the four turbulent decades that followed. Due to copyright restrictions, this eBook may not contain all of the images available in the print edition.

"Phil Cross: Gypsy Joker to a Hell's Angel is a rough-and-tumble autobiography of one bad dude and his journey through moto-culture's most notorious motorcycle club"—Provided by publisher.

A kid raised by his father's fists on the wrong side of a blue-collar town, Lorne Campbell grew up watching the local bikers ride past, making him wonder what that kind of freedom and power would feel like. He soon found out. At the age of 17, he became the youngest-ever member of the Satan's Choice Motorcycle Club and spent the next five decades living a life for which he does not ask forgiveness, only that his story finally be told, and that his family finally understand what drove him to live the way he did.
