This book presents a complete and accessible description of the history of early India. It starts by discussing the origins and growth of civilizations, empires, and religions. It also deals with the geographical, ecological, and linguistic backgrounds, and looks at specific cultures of the Neolithic, Chalcolithic, and Vedic periods, as well as at the Harappan civilization. In addition, the rise of Jainism and Buddhism, Magadha and the beginning of territorial states, and the period of Mauryas, Central Asian countries, Satvahanas, Guptas, and Harshavardhana are also analysed. Next, it stresses varna system, urbanization, commerce and trade, developments in science and philosophy, and cultural legacy. Finally, the process of transition from ancient to medieval India and the origin of the Aryan culture has also been examined.

Based on the prescribed UPSC syllabus, Ethics, Integrity and Aptitude, authored by two serving Indian Information Services(IIS), officers gives a holistic perspective of the various ethical theories, values and dilemmas that confront administrators and managers in the course of their professional carrers. Conceived and developed on a strong theoretical base, the book has plenty of case studies based on practical experience and research from various government sources. The educational background of the authors in subjects like Public Administration, Sociology and Philosophy and their practical experience in government has been put to effective use.

Now, you can study better with our NCERT chapter-wise solutions of Social Science. You just have to download these solutions to master the fifteenth chapter of class 9th Social Science.

History of Modern India presents an authoritative overview of the history of what was known as British India. The text is largely based on the author s research on nationalism and colonialism in India and also draws from the works of eminent historians of the period. Challenging and revising colonial and nationalist interpretations of history, this book moves away from a largely political narrative to a social, economic and religious history of modern India. It explains how conditions in India during the eighteenth century helped the British East India Company establish its rule in India. It also gives us important insights into the primary aim of colonial rule which was the economic exploitation of India through trade and investment. The topics are arranged thematically in order to showcase the various forces that went into the making of independent India. However, in the entire arrangement of themes, the chronology of the period is enmeshed innovatively with the various forces that evolved both as a cause and effect of British imperialist rule of the subcontinent. The book also provides a detailed account of the nationalist movement and introduces us to the contributions of different individuals who were behind the nationalist movement. A comprehensive textbook for students of history and interested readers, History of Modern India is essential reading for a broad based understanding of the making of modern India.
