In his workshops, Charles Needle often asks his students if they understand the difference between " looking " and " seeing. " That difference is what lies at the heart of Needle ' s intuitive and inventive approach to macrophotography. By really seeing the world before him—with his eyes, his mind, and his emotions—Needle is able to transform mundane scenes and subjects into magical realms and beguiling figures. As you follow with him through the process of subject selection, scene creation, lighting, composition, and more, you too will discover how taking a more permissive approach to every aspect of image creation allows you to devise more inventive solutions and more resonant images. Needle ' s inviting, can-do approach to every aspect of his craft beckons you to take part—to create, to feel, and to engage with the world as you design amazing images of it.

All successful schools have one thing in common - they are full of brilliant teachers. This doesn't happen by chance. If schools are to develop their teachers into first rate reflective and high performing practitioners, they need a varied and personalised CPD programme - based on collaboration and sharing best practice. This book looks at how schools can move away from the 'one size fits all' approach to CPD that still exists in a number of schools, to a CPD programme that will appeal to a range of teachers, unlocking the potential that exists within the staffroom. It's about excellence from within.

LARRY NIVEN ' S KNOWN SPACE IS AFLAME WITH WAR! Once upon a time, in the very earliest days of interplanetary exploration, an unarmed human vessel was set upon by a warship from the planet Kzin—home of the fiercest warriors in Known Space. This was a fatal mistake for the Kzinti, of course; they learned the hard way that the reason humanity had decided to study war no more was that humans were so very, very good at it. And thus began THE MAN-KZIN WARS. Now, several centuries later, the Kzinti are about to get yet another lesson in why it pays to be polite to those hairless monkeys from planet Earth.
