It is 1995 and Noa and Amir have decided to move in together. Noa is studying photography in Jerusalem and Amir is a psychology student in Tel Aviv, so they choose a tiny flat in a village in the hills, between the two cities. Their flat is separated from that of their landlords, Sima and Moshe Zakian, by a thin wall, but on each side we find a different home - and a different world. Homesick is a beautiful, clever and moving story about history, love, family and the true meaning of home.

"A writer tries to answer a set of interview questions sent to him by a website. At first, they stick to the standard fare: Did you always know you would be a writer? How autobiographical are your books? Have you written any stories you would never publish? Usually his answers in these situations are measured, calculated, cautious. But this time, when his heart is about to break and his life is about to crumble, he finds he cannot tell anything but the truth. The naked, funny, sad, scandalous, politically incorrect truth. Every question the writer tackles opens a door to a hidden room of his life. And each of his answers reveals that at the heart of every truth, there is a lie--and vice versa"--Provided by publisher.

Dori ' s father has gone travelling in South America and, suffering from some kind of breakdown, following the death of his wife, he goes missing. doesn't love — and impulsively sets out for South America. While she's there she meets a man who is searching for his father... In his most ambitious novel to date, Eshkol Nevo weaves a beautiful love story with two tales: the story of the wandering Jews who came to their Promised Land in the wake of the Second World War, embodied by Inbar's grandmother Lily's narrative of her sea journey over from Poland, and the story of a new generation of wandering Israelis who leave again to go backpacking, perhaps hoping that the distance will allow them to see their homeland more clearly. *Neuland* is a romantic adventure, a search for a father that leads to love, and a quest for an understanding of identity and for second chances. Is it ever possible to start again? Nevo has produced a daring, epic novel that asks profound questions, but the truth and warmth of his writing make it all-consuming and irresistibly loveable.

Spanning nearly a century, from 1930s Siberia to contemporary Brighton Beach, a page turning, epic family saga centering on three generations of women in one Russian Jewish family—each striving to break free of fate and history, each yearning for love and personal fulfillment—and how the consequences of their choices ripple through time. *Odessa, 1931*. Marrying the handsome, wealthy Edward Gordon, Daria—born Dvora Kaganovitch—has fulfilled her mother's dreams. But a woman's plans are no match for the crushing power of Stalin's repressive Soviet state. To survive, Daria is forced to rely on the kindness of a man who takes pride in his own coarseness. *Odessa, 1970*. Brilliant young Natasha Crystal is determined to study mathematics. But the Soviets do not allow Jewish students—even those as brilliant as Natasha—to attend an institute as prestigious as Odessa University. With her hopes for the future dashed, Natasha must find a new purpose—one that leads her into the path of a dangerous young man. *Brighton Beach, 2019*. Zoe Venakovsky, known to her family as Zoya, has worked hard to leave the suffocating streets and small minds of Brighton Beach behind her—only to find that what she's tried to outrun might just hold her true happiness. Moving from a Siberian

gulag to the underground world of Soviet refuseniks to oceanside Brooklyn, *The Nesting Dolls* is a heartbreaking yet ultimately redemptive story of circumstance, choice, and consequence—and three dynamic unforgettable women, all who will face hardships that force them to compromise their dreams as they fight to fulfill their destinies.

Four friends watch the 1998 World Cup final together, as usual. One of them has an idea: let's write down our wishes for the next few years, put them away, and during the next final, four years from now, we'll get them out and see how many we've achieved. This is how *World Cup Wishes* opens, and from here we follow the lives of the four, watching what happens to their wishes and their friendships as life marches on. The four men's bond is deep and solid: they talk to one another, think and consult, but they are also driven by their passions and competitiveness. Indeed, throughout the novel, suppressed violence simmers beneath the surface, threatening to erupt at any time. They are tested by betrayal, death, distance and personal changes. Each friend offers a different perspective, though not necessarily a reliable one... and as they and the world around them changes, so do their ideas of friendship and happiness. By the end they are forced to ask themselves: in a society such as this, a reality like ours, can wishes really be fulfilled? Or will their story turn out to be a requiem - for a generation, for friendship, or even for one of the four young men?

“ Elon powerfully evokes the obscurity of the past and its hold on the present as we stumble through revelation after revelation with Yoel. As we accompany him on his journey...we share in his loss, surprise, and grief, right up to the novel 's shocking conclusion. ” —The New York Times Book Review In the tradition of *The Invisible Bridge* and *The Weight of Ink*, “ a vibrant, page-turning family mystery ” (Jennifer Cody Epstein, author of *Wunderland*) about a writer who discovers the truth about his mother 's wartime years in Amsterdam, unearthing a shocking secret that becomes the subject of his magnum

opus. Renowned author Yoel Blum reluctantly agrees to visit his birthplace of Amsterdam to promote his books, despite promising his late mother that he would never return to that city. While touring the Jewish Historical Museum with his wife, Yoel stumbles upon footage portraying prewar Dutch Jewry and is astonished to see the youthful face of his beloved mother staring back at him, posing with his father, his older sister...and an infant he doesn't recognize. This unsettling discovery launches him into a fervent search for the truth, shining a light on Amsterdam's dark wartime history—the underground networks that hid Jewish children away from danger and those who betrayed their own for the sake of survival. The deeper into the past Yoel digs up, the better he understands his mother's silence, and the more urgent the question that has unconsciously haunted him for a lifetime—Who am I?—becomes. Part family mystery, part wartime drama, *House on Endless Waters* is “a rewarding meditation on survival” (Kirkus Reviews, starred review) and a “deeply immersive achievement that brings to life stories that must never be forgotten” (USA TODAY).

Germany, 1934. Rigmor, a young Jewish woman is a patient at Sonnenstein, a premier psychiatric institution known for their curative treatments. But with the tide of eugenics and the Nazis' rise to power, Rigmor is swept up in a campaign to rid Germany of the mentally ill.

USA, 1984. Sabine, battling crippling panic and depression commits herself to McLean Hospital, but in doing so she has unwittingly agreed to give up her baby. Linking these two generations of women is Inga, who did everything in her power to help her sister, Rigmor. Now with her granddaughter, Sabine, Inga is given a second chance to free someone she loves from oppressive forces, both within and without. This is a story about hope and redemption, about what we pass on, both genetically and culturally. It is about the high price of repression, and how one woman, who lost nearly everything, must be willing to reveal the failures of the past in order to save future generations. With chilling echoes of our time, *Where Madness Lies* is based on a true

Written in tight, spare prose, 'Little Monsters' is a novel of creation, redemption and obsession. It's also the story of what it's like to experience the unthinkable - and what happens next.

"An utterly compelling novel from a brilliant new voice." --M. L. Stedman, author of *The Light Between Oceans* For generations they've shared the small Maine island of Seven, but the Hillsingers and the Quicks have always kept apart, even since before Jim Hillsinger and Billy Quick married sisters. When Jim is ousted from the CIA under suspicion of treason, he begins to suspect that he has been betrayed--by his brother-in-law, Billy, and also by his own wife, Lila. In retaliation, he decides to carry out an old threat: to send their twelve-year-old son, Catta, to a neighboring island to test his survival skills. Set over three summer days in 1964, Estep Nagy's debut novel moves among the communities of Seven--the families, the servants, and the children--as longstanding tensions become tactical face-offs in which love, loss, and long-held secrets become brutal ammunition. Vividly capturing the rift between the cold warriors of Jim's generation and the rebellious seekers of Catta's, *We Shall Not All Sleep* is a richly told story of American class, family, and manipulation, and a compelling portrait of a unique and privileged enclave on the brink of dissolution.
