Understanding LED Illumination elucidates the science of lighting for light emitting diodes. It presents concepts, theory, simulations, and new design techniques that shine the spotlight on illumination, energy efficiency, and reducing electrical power consumption. The text provides an introduction to the fundamentals of LED lamp design, and highli

If the sound bite is the new order, then how do we make every word count? In today's surplus world of communication overload and cultural clutter, writer and cultural critic Masha Tupitsyn turns to the media matrix of Twitter to explore the changing ways that we construct and consume narrative. Loosely applying the discerning aphorism?a compressed genre in itself?to a 21st century context, LACONIA: 1,200 TWEETS ON FILM offers meditations on film and popular culture that resonant with laconic meaning and personal insight while getting to the heart of the matter. Inspired by Chris Marker's free-associative film impressions in La Jet e and Sans Soleil, LACONIA is part film diary, part cultural inventory, and part mashup. Pulling from an array of film, popular culture, books, and mainstream news, it offers penetrating critical commentary on an increasingly muddled virtual world. LACONIA consists of brick by brick prose, as Tupitsyn thinks in sentences and lines that culminate in an architecture of thin

Der Band dokumentiert das 21. Fachgespräch Autonome Mobile Systeme (AMS 2009). Die Veranstaltung bietet Wissenschaftlern aus Forschung und Industrie ein Forum für den Gedankenaustausch und eine Basis, um Kooperationen auf diesem Forschungsgebiet zu initiieren. Die Beiträge befassen sich mit Themen wie humanoide Roboter und Flugmaschinen, Perzeption und Sensorik, Kartierung und Lokalisation, Regelung, Navigation, Lernverfahren, Systemarchitekturen sowie mit der Anwendung von autonomen mobilen Systemen.

Ruby on Rails is the super-productive new way to develop full-featuredweb applications. With Ruby on Rails, powerful web applications thatonce took weeks or months to develop can now be produced in a matter ofdays. If it sounds too good to be true, it isn't. If you're like a lot of web developers, you've probably consideredkicking the tires on Rails - the framework of choice for the newgeneration of Web 2.0 developers. Ruby on Rails: Up and Running takes you out for a test drive and shows you just how fastRuby on Rails can go. This compact guide teaches you the basics of installing and using boththe Ruby scripting language and the Rails framework for the quickdevelopment of web applications. Ruby on Rails: Up andRunning covers just about everything youneed - from making a simple database-backed application toadding elaborate Ajaxian features and all the juicy bits in between.While Rails is praised for its simplicity and speed of development,there are still a few steps to master on the way. More advancedmaterial helps you map data to an imperfect table, traverse complexrelationships, and build custom finders. A section on working with Ajaxand REST shows you how to exploit the Rails service frameworks to sendemails, implement web services, and create dynamic user-centric webpages. The book also explains the essentials of logging to findperformance problems and delves into other performance-optimizingtechniques. As new web development frameworks go, Ruby on Rails is the talk of the town. And Ruby on Rails: Up and Running can makesure you're in on the discussion.

A working guide on how to find love and sexual fulfillment by working with the lwa, the spirits of Haitian Vodou □ The first book on wanga (love magic) by an actual Vodou initiate □ Provides spells and spirit work for many different problems associated with affairs of the heart □ Spells included are detailed and easy to follow Haitian Vodou, like other folk traditions, is an eminently practical craft. Vodou practitioners see their relationship with the lwa--the spirits honored in Haitian Vodou--as mutually beneficial rather than one-sided. In return for sincere offerings, the lwa are happy to provide protection and support in dealing with life's problems--which more often than not concern love. In Vodou Love Magic, Kenaz Filan details the myriad aspects of love and

sex governed by the different lwa and explains what services each can provide in attaining fulfilling relationships--and who will likely offer the best wisdom for your needs. If you are having trouble meeting people, Legballs Opening the Door spell can resolve this difficulty. If you wish more fire in a relationship, then you should work with the warrior spirit Papa Ogou. Filan presents easy-to-follow instructions for numerous love spells and also reveals how the lwa offer counsel for dealing with ending relationships, toxic behavior patterns like codependency, or romantic triangles. Vodou Love Magic does not provide a magic genie who will fulfill every wish, but it does offer access to a team of spirits who can help transform dreams into realities.

PINEAPPLE DESIGNED LINED JOURNAL NOTEBOOK IS NOW AVAILABLE! This gorgeous journal notebook is cram packed with a ton of funky black and white pineapples on a light blue background. Chang's best-selling general chemistry textbook takes a traditional approach and is often considered a student and teacher favorite. The book features a straightforward, clear writing style and proven problem-solving strategies. It continues the tradition of providing a firm foundation in chemical concepts and principles while presenting a broad range of topics in a clear, concise manner. The tradition of Chemistry has a new addition with co-author, Kenneth Goldsby from Florida State University, adding variations to the 12th edition. The organization of the chapter order has changed with nuclear chemistry moving up in the chapter order.
