(pg. 21-24) Text her while you're still talking to her so that your conversation continues 'naturally' even after you leave - and leads to a same night encounter or a date. Provides practical advice for online dating, covering such topics as choosing the right Web site, writing effective profiles, writing an introductory letter, and meeting for a date.

Describes what women seek in a man and the steps a man needs to take to win women over.

The leading texting guide for men. If you can get the number you can get the date.

At last, a seduction strategy for the new millennium. Throughout the past decade or so men have taken a healthy fall from patriarchy to passivity, and women have moved from suffragists to seducers. Women are not simply "equals" anymore; they've become the aggressors. They're the ones who insist on being in control. So what should a guy do? Nothing, that's what. That's right, you don't need a line. All you've got to do is be yourself. Too hokey to be true? Not in this age of the passive man. In this amazing book, *The Passive Man's Guide to Seduction*, you'll see how man is embracing his latent passive nature and luring women like moths to a flame. Parlamis taps into the psyche of the woman of the 90's and shows us why attracting women has never been easier. Gone are the days of pseud-studs tossing out one-liners and flashing their bills. Effortlessness is cool. Acting natural is in. Start attracting women without doing a damn thing!

One of the world's top pick-up artists, Richard La Ruina went from having no women to being a true master of seduction. Now he shows you how to do the same. So move over *Mystery*, and tell Neil Strauss that *The Rules of the Game* are about to be rewritten. Every element of the winning pickup is right here, from discovering confidence to exuding charm, learning conversation starters to mastering body language, to much more. And as you move from daydreaming to flirtation to passion to romance to love, *The Natural* will show you how it's done.

From the Author: Wouldn't you like to know: Why she text you so much before but now NOTHING?? Why your multiple texts are killing the attraction? Why she is playing so hard to get? If she actually is interested in you? How to have her text you back immediately? How to safely flirt with the amazing results? How to have her waiting for your text rather than the opposite?? What if... She were the one texting you all of the time? You could get her to respond, right now!? You could get that really hot girl to finally pay attention to you? You stopped feeling so much anxiety over that one girl because too many girls were paying attention to you?? I promise you this, if you read this book and apply it's principles, you will have so much more success with women. Imagine, all of the cash you are leaving on the table by not understanding how to get what you want! Imagine, all of those dates,

with so many hot girls that you didn't go on simply because you couldn't text right! Seriously, texting incorrectly can crush your chances with women permanently. I can't tell you how many women have vented to me their frustrations at what you are doing. These women WANT you to understand, they WANT you to say the right things! But like breaking wind mid sex, it is incredibly easy to snuff attraction. Let me teach you to really understand the opposite sex, and land that date with that really hot/amazing girl. -Mike Masters
