The biggest problem that owners complained about is that the fuel sensors failed and the fuel gauge gave the wrong reading. CarComplaints.com gave this 2007 Hyundai Santa Fe problem a severity rating of 7.3 or "pretty bad." This is mainly because if the car were to run out of gas without warning while cruising down the highway, it could cause an accident.

This book steers buyers through the the confusion and anxiety of new and used vehicle purchases unlike any other car-and-truck book on the market. □Dr. Phil,□ Canada's best-known automotive expert for more than forty-five years, pulls no punches.

Steers buyers through the the confusion and anxiety of new and used vehicle purchases like no other car-and-truck book on the market. "Dr. Phil," along with George Iny and the Editors of the Automobile Protection Association, pull no punches.

"A mind boggling read with both psychological and thrilling twists" from the #1 New York Times bestselling author of Fatal Burn (Fresh Fiction). Sister, Sister . . . As teenagers, Cassie Kramer and her younger sister, Allie, survived a crazed fan who nearly killed their mother, a former Hollywood actress. Still, Cassie moved to L.A. from rural Oregon, urging Allie to follow. Yet while Cassie struggled with her acting career, Allie, suddenly driven, rose to stardom. But now her body double has been shot on-set—and Allie is missing. Crying in the Night . . . As police investigate, Cassie begins to look like a suspect—the jealous sister who finally snapped. Soon the media goes into a frenzy, and Cassie ends up in a Portland psych ward. Is she just imagining the sinister figure at her bedside, whispering about Allie? Is someone trying to help—or drive her mad? What Has Given You Such a Fright? Convinced she's the only one who can find Allie, Cassie checks herself out of the hospital. But a slew of macabre murders—each victim masked with a likeness of a member of Cassie's family—makes her fear for her life, and her sanity. And with each discovery, Cassie realizes that no one can be trusted to keep her safe—least of all herself . . . "With moderate gore, a hint of romance, and many dynamic female characters, After She's Gone is a sure bet for Jackson's popular blend of women's fiction and suspense."—Booklist

As Toyota skids into an ocean of problems and uncertainty continues in the U.S. automotive industry, Lemon-Aid Used Cars and Trucks 2011/2012 shows buyers how to pick the cheapest and most reliable vehicles from the past 30 years. Lemon-Aid guides are unlike any other car and truck books on the market. Phil Edmonston, Canada's automotive Dr. Phil for 40 years, pulls no punches. Like five books in one, Lemon-Aid Used Cars and Trucks is an expos of car scams and gas consumption lies; a do-it-yourself service manual; an independent guide that covers beaters, lemons, and collectibles; an archive of secret service bulletins granting free repairs; and a legal primer that even lawyers cant beat! Phil delivers the goods on free fixes for Chrysler, Ford, and GM engine, transmission, brake, and paint defects; lets you know about Corvette and Mustang tops that fly off; gives the lowdown on Honda, Hyundai, and Toyota engines and transmissions; and provides the latest information on computer module glitches.

"Leadership is not for everyone. It requires bold, gutsy individuals. If you accept that premise, you will find his [Bob Herbold's] book rewarding reading." —Harvey Schachter, The Globe and Mail Quit hiding from tough decisions and learn to confront them head-on Why do managers at all levels sacrifice corporate success by shying away from making the tough decisions? What's Holding You Back? reveals exactly why managers often hesitate to confront difficult issues-whether it's the absence of a perfect solution, the knowledge that no decision will please everyone, etc.-and, most importantly, how they can overcome these common managerial obstacles to maximize their company's success. What's Holding You Back? elucidates the ten core principles of confident leadership, outlining proven tactics by which managers can confront their inner wimp and highlight their inner courage. Features dynamic real-world examples from Apple, Microsoft, Porsche, IBM, Merck, Canon, Sony, Whirlpool, IDEO, Tesco, P&G, Target, 3M, and more Pinpoints the corporate failures that can result from hesitant or self-conscious organizations, and what managers can do to avoid them Clearly delineates how managers can cultivate and deliver accountable and decisive leadership, even during the toughest dilemmas What's Holding You Back? proves that practicing gutsy

leadership is the key to operational and innovative excellence in the workplace

365 Sports Cars You Must Drive puts you in the driver's seat of a century's worth of sports car legends (and a few rather less legendary), each presented with a fun and informative profile and fact-and-spec box. It's the ultimate gearhead's bucket list and poses the challenge: How many have you driven? Whoever coined the phrase "getting there is half the fun" must have owned a sports car. And the wag who suggested that "it's the journey not the destination"? Probably driving a Lotus or MG at the time. From towering icons like Ferrari, Lamborghini, Porsche, and Corvette to everyman sportsters from Triumph, MG, Sunbeam, and Miata to oddballs like Crosley, Sabra, and DB, sports cars inspire passion and strong opinions as few other vehicles on the road can. In one beautiful book, long-time Road & Truck magazine chief photographer John Lamm, along with other top motoring contributors, gives the reader illustrated profiles of every sports car you've ever dreamed of driving! Now, imagine if you could drive a different sports car—any sports car—every single day for a year. Which would you choose?

Lemon-Aid guides steer the confused and anxious buyer through the economic meltdown unlike any other car-and-truck books on the market. U.S. automakers are suddenly awash in profits, and South Koreans and Europeans have gained market shares, while Honda, Nissan, and Toyota have curtailed production following the 2011 tsunami in Japan. Shortages of Japanese new cars and supplier disruptions will likely push used car prices through the roof well into 2012, so what should a savvy buyer do? The all-new Lemon-Aid Used Cars and Trucks 2012-2013 has the answers, including: More vehicles rated, with some redesigned models that don't perform as well as previous iterations downrated. More roof crash-worthiness ratings along with an expanded cross-border shopping guide. A revised summary of safety- and performance-related defects that are likely to affect rated models. More helpful websites listed in the appendix as well as an updated list of the best and worst "beaters" on the market. More "secret" warranties taken from automaker internal service bulletins and memos than ever.

Lemon-Aid New and Used Cars and Trucks 1990-2015 steers the confused and anxious buyer through the purchase of new and used vehicles unlike any other car-and-truck book on the market. "Dr. Phil," Canada's best-known automotive expert for more than 42 years, pulls no punches.

Lemon-Aid Used Cars and Trucks 2010-2011 shows buyers how to pick the cheapest and most reliable vehicles from the past 30 years of production. This book offers an exposé on gas consumption lies, a do-it-yourself service manual, an archive of service bulletins granting free repairs, and more.
