From the fundamentals to the frontiers of research, this classic text offers an introduction to inorganic chemistry no other book can match. The new edition is most modern and most student-friendly yet, covering both the theoretical and descriptive aspects of inorganic chemistry in presentation that includes helpful new study tools and, as always, a captivating focus on experimental methods, industrial applications, and cutting-edge topics.

This solutions manual accompanies Shriver and Atkins' Inorganic Chemistry 5e. It provides detailed solutions to all the self tests and end of chapter exercises that feature in the fifth edition of the text. This manual is available free to all instructors who adopt the main text.

This Solutions manual accompanies Shriver and Atkins Inorganic Chemistry. It provides detailed solutions to all the self tests and end of chapter exercises that feature in the fourth edition of Shriver and Atkins Inorganic Chemistry. This manual is available free to all instructors who adopt the parent text.

The Solutions Manual contains complete solutions to the Self-tests and end-of-chapter exercises.

The bestselling textbook for junior/senior level inorganic chemistry courses returns in a meticulously revised new edition. Retaining its three-part organization--Foundations, Systematic Chemistry of the Elements, and Advanced Topics--the "Third Edition offers a number of innovations that enhance long-standing strengths (focus on applications; critical thinking approach, clear, pedagogical art; numerous worked examples; and effective exercises). The new CD-ROM accompanying the new edition is both a convenient and pedagogically effective resources.

This manual contains the author's detailed solutions to the self-tests and exercises contained in the third edition of the textbook Inorganic Chemistry by Shriver and Atkins. The solutions include nearly all of the figures and drawings asked for in the exercises. They also include many other figures, to help the visualization of concepts. A new feature in the guide is a ten-question Quiz at the end of each chapter.
