From the ABC hit show "Shark Tank," this book-filled with practical advice and introductions from the Sharks themselves-will be the ultimate resource for anyone thinking about starting a business or growing the one they have. Full of tips for navigating the confusing world of entrepreneurship, the book will intersperse words of wisdom with inspirational stories from the show. Throughout the book, readers will learn how to: Determine whether they're compatible with the life of a small business owner, shape a marketable idea and craft a business model around it, plan for a launch, run a business without breaking the bank (or burning themselves out), create a growth plan that will help them handle and harness success, and pitch an idea or business plan like a pro. Responding to the fans' curiosity about past show contestants, readers will also find approximately 10 "Where Are They Now" boxes in which they learn what happened to some of the most asked-about and/or most popular guests ever to try their luck in front of the Sharks-and what they learned in the process.

The inspiring true story of Shark Tank star Barbara Corcoran--and her best advice for anyone starting a business. After failing at twenty-two jobs, Barbara Corcoran borrowed \$1,000 from a boyfriend, quit her job as a diner waitress, and started a tiny real estate office in New York City. Using the unconventional lessons she learned from her homemaker mom, she gradually built it into a \$6 billion dollar business. Now Barbara's even more famous for the no-nonsense wisdom she offers to entrepreneurs on Shark Tank, ABC's hit reality TV show. Shark Tales is down-to-earth, frank, and as heartwarming as it is smart. After reading it don't be surprised if you find yourself thinking, "If she can do it, so can I." Nothing would make Barbara happier.

You don't have to be a mechanical genius to be an inventor. Chances are, you're already at the all-important starting ground every inventor begins at--wishing you could find a clever solution to an everyday challenge. The far-too-complicated baby swing. Slick-soled running shoes. Computer cords constantly tangled up . . . there can't be a solution unless there's a problem. And that's where you're at! Author and inventor Patricia Nolan-Brown has turned many common annoyances into ingenious and money-making products, and she believes you can do the same. In Idea to Invention, she shares the tricks of her trade in order to help ordinary people learn how to look at their world through the eyes of an inventor. Readers will learn the six simple steps it takes to go from idea to invention, and discover:

- Creativity habits that spark invention
- The power of tape-and-paper prototypes to refine their vision
- How to navigate the ins and outs of licensing and patenting their product
- The pros and cons of finding a licensed manufacturer vs. running a home-based assembly line
- How to promote their invention
- Product enhancements that add years to shelf life
- And more

From the everyday challenge and your initial concept to resolve it, all the way to the explosion of your thriving business, this all-encompassing guide simplifies the invention process and gives creative thinkers the competitive edge they need to achieve the success their amazing ideas deserve.
