Many of us have dog-eared copies of Mastering the Art of French Cooking in our kitchens or fondly remember watching episodes of The French Chef, but what was behind the enormous appeal of this ungainly, unlikely woman, who became a superstar in midlife and changed our approach to food and cooking forever? In the spirit of The Gospel According to Coco Chanel and How Georgia Became O'Keeffe, Julia Child Rules dissects the life of the sunny, unpretentious chef, author, cooking show star, and bon vivant, with an eye towards learning how we, too, can savor life. With her characteristic wit and flair, Karen Karbo takes us for a spin through Julia's life: from her idyllic childhood in California to her confusing young adulthood in New York; her years working for the OSS in Sri Lanka; her world class love affairs with Paris and Paul Child; and her decades as America's beloved French chef. Karbo weaves in her own personal experiences and stops for important life lessons along the way: how to live by your whims, make the world your oyster, live happily married, work hard, and enjoy a life of full immersion. It celebrates Julia's indomitable spirit and irrepressible joy, giving readers a taste of what it means to master the art of living.

Draws on the iconic culinary figure's personal diaries and letters to present a one-hundredth birthday commemoration that offers insight into her role in shaping women's views and influencing American approaches to cooking.

The bestselling memoir that's "irresistible....A kind of Bridget Jones meets The French Chef" (Philadelphia Inquirer) that inspired Julie & Julia, the major motion picture directed by Nora Ephron, starring Amy Adams as Julie and Meryl Streep as Julia. Nearing 30 and trapped in a dead-end secretarial job, Julie Powell reclaims her life by cooking every single recipe in Julia Child's legendary Mastering the Art of French Cooking in the span of one year. It's a hysterical, inconceivable redemptive journey -- life rediscovered through aspics, calves' brains and cré me brûlée.

With her outsize personality, Julia Child is known around the world by her first name alone. But despite that familiarity, how much do we really know of the inner Julia? Now more than 200 letters exchanged between Julia and Avis DeVoto, her friend and unofficial literary agent memorably introduced in the hit movie Julie & Julia, open the window on Julia’s deepest thoughts and feelings. This riveting correspondence, in print for the first time, chronicles the blossoming of a unique and lifelong friendship between the two women and the turbulent process of Julia’s creation of Mastering the Art of French Cooking, one of the most influential cookbooks ever written. Frank, bawdy, funny, exuberant, and occasionally agonized, these letters show Julia, first as a new bride in Paris, then becoming increasingly worldly and adventuresome as she follows her diplomat husband in his postings to Nice, Germany, and Norway. With commentary by the noted food historian Joan Reardon, and covering topics as diverse as the lack of good wine in the United States, McCarthyism, and sexual mores, these astonishing letters show America on the verge of political, social, and gastronomic transformation.

Dana Polan considers what made Julia Child s TV show, The French Chef, so popular during its original broadcast and such enduring influences on American cooking, American television, and American culture since then.

The bestselling story of Julia’s years in France in her own words—and the basis for the film Julie & Julia, starring Meryl Streep and Amy Adams. Although she would later singlehandedly create a new approach to American cuisine with her cookbook Mastering the Art of French Cooking and her television show The French Chef, Julia Child was not always a master chef. Indeed, when she first arrived in France in 1948 with her husband, Paul, who was to work for the USIS, she spoke no French and knew nothing about the country itself. But as she dove into French culture, buying food at local markets and taking classes at the Cordon Bleu, her life changed forever with her newfound passion for cooking and teaching. Julia’s unforgettable story—struggles with the head of the Cordon Bleu, rejections from publishers to whom she sent her now-famous cookbook, a wonderful, nearly fifty-year long marriage that took the Childs across the globe—unfolds with the spirit so key to Julia’s success as a chef and a writer, brilliantly capturing one of America’s most endearing personalities.

If Julia Child stood for anything, it was the pleasure found in sharing good food with good people, working hard and being content (even when things aren't going your way), and living with joy and abandon. In Karen Karbo's new book, Julia Child Rules, she shares the universal themes we can all learn from the master of French cooking and shows us how to savor life.

How to Hepburn, Karen Karbo's sleek, contemporary reassessment of one of America's greatest icons, takes us on a spin through the great Kate's long, eventful life, with an aim toward seeing what we can glean from the First Lady of Cinema. One part How Proust Can Change Your Life and one part Why Sinatra Matters, How to Hepburn teases some unexpected lessons from the life of a woman whose freewheeling, pants-wearing determination redefined the image of the independent woman while eventually endearing her to the world. This witty, provocative gem is full of no-nonsense Hepburn-style commentary on subjects such as: making denial work for you; the importance of being brash, facing fear, and always having an aviator in your life; learning why and how to lie; the benefits of discretion; making the most of a dysfunctional relationship; and the power of forgiving your parents. Thrilling fans of the notoriously independent actress, award-winner Karen Karbo presents a gusty guidebook to harnessing your inner Hepburn, and living life on your own terms.

Most people associate Georgia O’Keeffe with New Mexico, painted cow skulls, and her flower paintings. She was revered for so long—born in 1887, died at age ninety-eight in 1986—that we forget how young, restless, passionate, searching, striking, even fearful she once was—a dazzling, mysterious female force in bohemian New York City during its heyday. In this distinctive book, Karen Karbo cracks open the O’Keeffe icon in her characteristic style, making one of the greatest women painters in American history vital and relevant for yet another generation. She chronicles O’Keeffe’s early life, her desire to be an artist, and the key moment when art became her form of self-expression. She also explores O’Keeffe’s passionate love affair with master photographer Alfred Stieglitz, who took a series of 500 black-and-white photographs of O’Keeffe during the early years of their marriage. This is not a traditional biography, but rather a compelling, contemporary reassessment of the life of O’Keeffe with an eye toward understanding what we can learn from her way of being in the world.
