Babylon was a key kingdom in ancient Mesopotamia from the 18th to 6th centuries BC. Detroit is the largest and most populous city in the U.S. state of Michigan, the largest United States city on the United States-Canada border, and the seat of Wayne County. Babylon was originally a small Akkadian town dating from the period of the Akkadian Empire c.2300 BC. The town became part of a small independent city-state with the rise of the First Babylonian dynasty in the 19th century BC. Detroit is a major port located on the Detroit River, one of the four major straits that connect the Great Lakes system to the Saint Lawrence Seaway. The Detroit Metropolitan Airport is among the most important hubs in the United States. After the Amorite king Hammurabi created a short-lived empire in the 18th century BC, he built Babylon up into a major city and declared himself its king, and southern Mesopotamia became known as Babylonia and Babylon eclipsed Nippur as its holy city. The empire waned under Hammurabi's son Samsu-iluna and Babylon spent long periods under Assyrian, Kassite and Elamite domination. In 1701, Antoine de la Mothe Cadillac founded Fort Pontchartrain du Détroit, the future city of Detroit. During the 19th century, it became an important industrial hub at the center of the Great Lakes region. With expansion of the auto industry in the early 20th century, the city and its suburbs experienced rapid growth, and by the 1940s, the city had become the fourth-largest in the country. However, due to industrial restructuring, the loss of jobs in the auto industry, and rapid suburbanization, Detroit lost considerable population from the late 20th century to the present. Since reaching a peak of 1.85 million at the 1950 census, Detroit's population has declined by more than 60 percent. In 2013, Detroit became the largest U.S. city to file for bankruptcy, which it successfully exited in December 2014, when the city government regained control of Detroit's finances. The Hanging Gardens of Babylon was one of the Seven Wonders of the Ancient World, although a number of scholars believe these were actually in the Assyrian capital of Nineveh. After the fall of the Neo-Babylonian Empire, the city came under the rule of the Achaemenid, Seleucid, Parthian, Roman, and Sassanid empires. It has been estimated that Babylon was the largest city in the world c.1770 - c.1670 BC, and again c.612 - c.320 BC. It was perhaps the first city to reach a population above 200,000. The remains of the city are in present-day Hillah, Babil Governorate, Iraq, about 85 kilometres (53 mi) south of Baghdad. The name is thought to derive from bav-il or bav-ilim which, in the Akkadian language of the time, meant 'Gate of God' or 'Gate of the Gods' and 'Babylon' coming from Greek. Detroit's diverse culture has had both local and international influence, particularly in music, with the city giving rise to the genres of Motown and techno, and playing an important role in the development of jazz, hip-hop, rock, and punk music. The erstwhile rapid growth of Detroit left a globally unique stock of architectural monuments and historic places, and since the 2000s conservation efforts managed to save many architectural pieces and allowed several large-scale revitalizations, including the restoration of several historic theatres and entertainment venues, high-rise renovations, new sports stadiums, and a riverfront revitalization project. More No matter what when you hear the word Babylon, it takes you instantly to something mysterious, sinister, however respected. Detroit, MI has that same affect. Detroit, just as Babylon was a beautiful city in it's prime, however has been destroyed by the numerous "empires" that have pillaged the city.

Suspension is probably the most misunderstood aspect of motorcycle performance. This book, by America's premier suspension specialist, makes the art and science of suspension tuning accessible to professional and backyard motorcycle mechanics alike. Based on Paul Thede's wildly popular Race Tech Suspension Seminars, this step-by-step guide shows anyone how to make their bike, or their kid's, handle like a pro's. Thede gives a clear account of the three forces of suspension that you must understand to make accurate assessments of your suspension's condition. He outlines testing procedures that will help you gauge how well you're improving your suspension, along with your riding. And, if you're

inclined to perfect your bike's handling, he even explains the black art of chassis geometry. Finally, step-by-step photos of suspension disassembly and assembly help you rebuild your forks and shocks for optimum performance. The book even provides detailed troubleshooting guides for dirt, street, and supermoto--promising a solution to virtually any handling problem.

GSX-R600 (1997-2000)

How much of her soul is this Angel willing to give, to save the Demon she loves? Pryor is a fourteen-year old Angel with fiery red hair, quick temper and a "take charge" attitude; she leads a team of powerful Angels called "Noru". But when teammate and hottie, Aaden, breaks her heart; she runs away to New York City. There, Pryor hopes to create a drama free life. However, her hopes are dashed when on a quiet summer night, hundreds of humans, inexplicably climb up to the rooftops and leap to their death. Pryor discovers that a new evil has surfaced and is using mind control to put an end to humanity. Things get even worse when Pryor finds out the new evil is in fact a secret brother whose existence her parents kept from her. How can she be expected to kill the new evil when he's her own flesh and blood? And after having been lied to all her life, how can she ever hope to trust her parents again? She gathers her team—including Aaden—and tries to formulate a battle plan. Yet being around him makes everything far more complicated. Pryor questions if she has what it takes to tackle both evil and her love life. She also wonders why Aaden has gone from a kind Angel to a ruthless killer she barely recognizes. Can she defeat the most evil force the world has ever seen and save the Angel she loves? Or will she have to choose between her mission and her heart?
