"Full of sly wit and Cajun spice." -Scholastic.com The Louisiana version of Br'er Rabbit, Compère Lapin is a mischief maker determined to get the best of Compère Bouki. And Bouki is determined to turn the tables on the lazy critter who keeps tricking him out of his food and crops. But in a trio of stories that praises brains over brawn, this little rascal seems to come out ahead no matter what.

An imagined meeting between Pablo Picasso and Albert Einstein in 1904 examines the impact of science and art on a rapidly changing society

A practical approach to creating wealth-based on the established principles of ancient Jewish wisdom-made accessible to people of all backgrounds The ups and downs of the economy prove Rabbi Daniel Lapin's famous principle that the more things change, the more we need to depend upon the things that never change. There's no better source for both practical and spiritual financial wisdom than the time-tested knowledge found in the ancient Jewish faith and its culture. In the Second Edition of Thou Shall Prosper, Lapin offers a practical approach to creating wealth based on the established principles of ancient Jewish wisdom. This book details the ten permanent principles that never change, the ten commandments of making money if you will, and explores the economic and philosophic vision of business that has been part of Jewish culture for centuries. The book's focus is on making accessible to individuals of all backgrounds, the timeless truths that Jews have used for centuries to excel in business. Outlines ten fundamental "commandments" relating to business and money Includes insights that will increase your potential for creating wealth, no matter what your faith or background may be Blends contemporary business stories and Lapin's own business experiences with the wisdom of the Torah and Talmudic prescriptions This Second Edition provides new examples, especially of Internet related business opportunities. In addition, each chapter highlights specific action steps that can lead to wealth opportunities in both difficult economic times and periods of prosperity.

Comedy / Casting: 7m, 2f / Interior Scenery This long running Off-Broadway absurdist comedy places Albert Einstein and Pablo Picasso in a Parisian cafe in 1904, just before the renowned scientist transformed physics with his theory of relativity and the celebrated painter set the art world afire with cubism. In his first comedy for the stage, the popular actor and screenwriter plays fast and loose with fact, fame and fortune as these two geniuses muse on the century's achievements and prospects as well as other fanciful topics with infectious dizziness. Bystanders, including Picasso' agent, the bartender and his mistress, Picasso's date, an elderly philosopher, Charles Dabernow Schmendimen and an idiot inventor introduce additional flourishes of humor. The final surprise patron to join the merriment at the Lapin Agile is a charismatic dark haired singer time warped in from a later era. "Highly credible and ... very funny. The subject matter is daring.... You get giggles in plenty [and] moments of enlightenment.... The introduction of the final, exquisitely selected visitor from the future is a master stroke."-N.Y. Post "Consistently entertaining."-N.Y. Daily News "Very engaging.... Martin sends ideas onstage in baggy pants, with a cigar .... mix[ing] the sublime with the ridiculous [so] that they can't be easily disentangled.... Very good fun."-The New York Times

Create your own bunny fashion icon. "If you're into sewing super cute softies with big personalities, this book might just be up your alley . . . [a] gem." —Studio iHanna In this charming book, you will learn how to sew your own felt rabbit along with her exquisite wardrobe including twenty garment and accessory sewing patterns. All the clothes are made using the finest fabrics including wool felt, lace and Liberty print cotton. Choose from a perfectly tailored wool coat, matching tweed skirt and bag, or pretty lace set. Not forgetting the accessories—there are bunny boots, pajamas and even tiny French knickers to create. The patterns are suitable for a range of abilities—the basic rabbit and simple items are suitable for beginners but the more tailored pieces are for more experienced sewers. The level of each pattern is identified and all the patterns are full size. Luna was designed to be passed down by generations as a very special heirloom toy. "[The] cutest of Heirloom Hares . . . The book is a little treasure; it's beautifully photographed throughout and contains some sweet stories." —Sew Sarah Smith

Do you feel daily pressure to keep pushing yourself even when you're stressed and exhausted? It's time to leave Superwoman in the movies, where she belongs, and say hello to being a Super Woman—the best, most productive and balanced version of the hero you already are. For years—maybe your entire life—you've been told that success means having it all and doing it all. But working more and harder is holding you back, not moving you forward. In *Becoming Super Woman*, New York Times bestselling author Nicole Lapin redefines what it means to be a woman who "has it all"—and shows you how to find lasting success by your own definition, on your own terms. Nicole candidly shares her own story of career burnout and an emergency hospitalization that prompted her to take her mental health seriously for the first time ever. Along the way, she discovered that not only was this priority shift not a defeat, it was the key to unlocking even greater achievements. In her third and most personal book yet, Nicole lays out an actionable, 12-step plan to guide you in taking control and becoming the hero of your own story, with the skills it takes to be a real Super Woman—skills we should (but often don't) learn growing up, from productivity hacks to boundary setting. She makes the case that the real secret to success doesn't hinge on the hustle or degrees you have but in "putting on your own oxygen mask before helping others." In fact, self-care is the biggest asset or liability in our careers—when it's on-point it can help us soar,

and when it's neglected it can bring us down faster than anything else. Entertaining, honest, and life-changing, *Becoming Super Woman* shows you how to banish burnout, ward off a breakdown, and achieve true balance ... finally.

Talking about money sucks; but so does being broke. Do your eyes glaze over just thinking about the mumbo-jumbo of finance? Do you break out into hives at the thought of money? Well, sister, you are not alone. In *RICH BITCH*, money expert and financial journalist Nicole Lapin lays out a 12-Step Plan in which she shares her experiences, mistakes and all, of getting her own finances in order. No lecturing, just help from a friend. And even though money is typically an off-limits conversation, nothing is off-limits here. Lapin rethinks every piece of financial wisdom you've ever heard and puts her own fresh, modern, sassy spin on it. Sure, there are some hard-and-fast rules about finance, but when it comes to your money, the only person who can spend it is you. Should you invest in a 401(k)? Maybe not. Should you splurge on that morning latte? Likely yes. Instead of nickel-and-diming yourself, Nicole's advice focuses on investing in yourself so you don't have to stress over the little things. But in order to do that, you have to be able to speak the language of money. After all, money is a language like anything else, and the sooner you can join the conversation, the sooner you can live the life you want, *RICH BITCH* rehabs whatever bad habits you might have and provides a plan you can not only sustain, but thrive with. It's time to go after the rich life you deserve, and confident enough to call yourself a *RICH BITCH*.

Offers advice on personal finance and creating wealth based on the principles of Jewish tradition.
