A practical guide to recognizing and overcoming the patterns and influences of the four generations before you • Provides exercises to uncover your family's psychological heritage, heal negative patterns of behavior and illness in your family tree, and discover your true self • Explains how we are the product of two forces: repetition of familial patterns from the past and creation of new ideas from the Universal Consciousness of the future • Interwoven with examples from Jodorowsky's own life and his work with the tarot, psychoanalysis, and psychomagic The family tree is not merely vital statistics about your ancestors. It is an embodied sense of self that we inherit from at least four prior generations, constituting both a life-giving treasure and a deadly trap. Each of us is both an heir of our lineage and a necessary variation that brings the family into new territory. Are you doomed to repeat the patterns of your parents and grandparents? Or can you harness your familial and individual talents to create your own destiny? In *Metagenealogy*, Alejandro Jodorowsky and Marianne Costa show how every individual is the product of two forces: the imitating force, directed by the family group acting from the past, and the creative force, driven by the Universal Consciousness from the future. Interweaving examples from Jodorowsky's own life and his work with the tarot, psychoanalysis, and psychomagic, the authors provide exercises, visualizations, and meditations to discover your family's psychological heritage and open yourself to the growth and creativity of Universal Consciousness. They reveal how identifying the patterns, emotional programming, and successes and failures of the four generations that influence you--your siblings, parents, aunts, uncles, grandparents, and great-grandparents--allows you to see beyond the stable identity formed by family lineage. It frees you to overcome your inherited subconscious patterns of behavior and illness, stop the transmission of these patterns to future generations, and reconnect with your true self and unique creative purpose in life. By understanding your family tree and your place in it, you open your ability to heal the ancient struggle between the repetitive forces of the past and the creative forces of the future.

Filmmaker Alejandro Jodorowsky's insights into the Tarot as a spiritual path • Works with the original Marseille Tarot to reveal the roots of Western wisdom • Provides the key to the symbolic language of the Tarot's "nomadic cathedral" • Transforms a simple divination tool into a vehicle for self-realization and healing Alejandro Jodorowsky's profound study of the Tarot, which began in the early 1950s, reveals it to be far more than a simple divination device. The Tarot is first and foremost a powerful instrument of self-knowledge and a representation of the structure of the soul. The *Way of Tarot* shows that the entire deck is structured like a temple, or a mandala, which is both an image of the world and a representation of the divine. The authors use the sacred art of the original Marseille Tarot--created during a time of religious tolerance in the 11th century--to reconnect with the roots of the Tarot's Western esoteric wisdom. They explain that the Tarot is a "nomadic cathedral" whose parts--the 78 cards or "arcana"--should always be viewed with an awareness of the whole structure. This understanding is essential to fully grasp the Tarot's hermetic symbolism. The authors explore the secret associations behind the hierarchy of the cards and the correspondences between the suits and energies within human beings. Each description of the Major Arcana includes key word summaries, symbolic meanings, traditional interpretations, and a section where the card speaks for itself. Jodorowsky and Costa then take the art of reading the Tarot to a depth never before possible. Using their work with Tarology, a new psychological approach that uses the symbolism and optical language of the Tarot to create a mirror image of the personality, they offer a powerful tool for self-realization, creativity, and healing.

Jodorowsky's memoirs of his experiences with Master Takata and the group of wisewomen--magiciennes--who influenced his spiritual

growth • Reveals Jodorowsky turning the same unsparing spiritual vision seen in *El Topo* to his own spiritual quest • Shows how the author's spiritual insight and progress was catalyzed repeatedly by wisewoman shamans and healers In 1970, John Lennon introduced to the world Alejandro Jodorowsky and the movie, *El Topo*, that he wrote, starred in, and directed. The movie and its author instantly became a counterculture icon. The *New York Times* said the film "demands to be seen," and *Newsweek* called it "An Extraordinary Movie!" But that was only the beginning of the story and the controversy of *El Topo*, and the journey of its brilliant creator. His spiritual quest began with the Japanese master Ejo Takata, the man who introduced him to the practice of meditation, Zen Buddhism, and the wisdom of the koans. Yet in this autobiographical account of his spiritual journey, Jodorowsky reveals that it was a small group of wisewomen, far removed from the world of Buddhism, who initiated him and taught him how to put the wisdom he had learned from his master into practice. At the direction of Takata, Jodorowsky became a student of the surrealist painter Leonora Carrington, thus beginning a journey in which vital spiritual lessons were transmitted to him by various women who were masters of their particular crafts. These women included Doña Magdalena, who taught him "initiatic" or spiritual massage; the powerful Mexican actress known as La Tigresa (the "tigress"); and Reyna D'Assia, daughter of the famed spiritual teacher G. I. Gurdjieff. Other important wisewomen on Jodorowsky's spiritual path include María Sabina, the priestess of the sacred mushrooms; the healer Pachita; and the Chilean singer Violeta Parra. The teachings of these women enabled him to discard the emotional armor that was hindering his advancement on the path of spiritual awareness and enlightenment.

The magnum opus from Alejandro Jodorowsky—director of *The Holy Mountain*, star of Jodorowsky's *Dune*, spiritual guru behind *Psychomagic* and *The Way of Tarot*, innovator behind classic comics *The Incal* and *Metabarons*, and legend of Latin American literature. There has never been an artist like the polymathic Chilean director, author, and mystic Alejandro Jodorowsky. For eight decades, he has blazed new trails across a dazzling variety of creative fields. While his psychedelic, visionary films have been celebrated by the likes of John Lennon, Marina Abramovic, and Kanye West, his novels—praised throughout Latin America in the same breath as those of Gabriel García Márquez—have remained largely unknown in the English-speaking world. Until now. *Where the Bird Sings Best* tells the fantastic story of the Jodorowskys' emigration from Ukraine to Chile amidst the political and cultural upheavals of the 19th and 20th centuries. Like *One Hundred Years of Solitude*, Jodorowsky's book transforms family history into heroic legend: incestuous beekeepers hide their crime with a living cloak of bees, a czar fakes his own death to live as a hermit amongst the animals, a devout grandfather confides only in the ghost of a wise rabbi, a transgender ballerina with a voracious sexual appetite holds a would-be saint in thrall. Kaleidoscopic, exhilarating, and erotic, *Where the Bird Sings Best* expands the classic immigration story to mythic proportions. Praise "This epic family saga, reminiscent of Gabriel García Márquez's *One Hundred Years of Solitude* in structure and breadth, reads at a breakneck pace. Though ostensibly a novelization of the author's own family history, it is a raucous carnival of the surreal, mystical, and grotesque." —*Publishers Weekly* "A man whose life has been defined by cosmic ambitions." —*The New York Times Magazine* "A great eccentric original....A legendary man of many trades." —Roger Ebert For more information on Alejandro Jodorowsky, please visit [www.restlessbooks.com/alejandro-jodorowsky](http://www.restlessbooks.com/alejandro-jodorowsky)

From Alejandro Jodorowsky—legendary director of *The Holy Mountain*, spiritual guru behind *Psychomagic* and *The Way of Tarot*, and author of *Where the Bird Sings Best*—comes another autobiographical tour-de-force: a mythopoetic portrait of the artist as a young man in the sociopolitical maelstrom of 1930s Chile. In *Where the Bird Sings Best*—Alejandro Jodorowsky's visionary autobiographical novel that NPR

compared to *One Hundred Years of Solitude* and called “a genius’s surreal vision brought to life”—we followed Jodorowsky’s predecessors as they came to Chile, fleeing pogroms in Ukraine. Now, in *The Son of Black Thursday*, Jodorowsky himself takes the stage alongside the unforgettable cast of his early years as they confront the horrors of indentured servitude in American-backed copper mines and the brutal oppression of a corrupt government. Alongside the young dreamer Alejandro, we follow his father, Jaime, who’s obsessed with assassinating the dictator whom he ends up serving; his mother, Sara Felicidad, a spiritually attuned giantess who moonlights as a shopkeeper-turned-revolutionary and sings instead of speaks; Rubi, the mystic heiress to the copper mines who conceives a magnificent sacrifice to foment a workers’ revolt; and the ghost of a wise rabbi who’s been passed down as mentor from one Jodorowsky generation to the next. In its captivating blend of wonder, horror, humor, eros, and magic, *The Son of Black Thursday* is another mind-expanding opus from Jodorowsky that feels both cosmically true and urgently needed for our time. Praise for *Where the Bird Sings Best* “Where the Bird Sings Best is Alejandro Jodorowsky’s brilliant, mad, and unpredictable semi-autobiographical novel. Translated by Alfred MacAdam, this multigenerational chronicle introduces a host of memorable characters, from a dwarf prostitute and a floating ghost-Rabbi to a lion tamer who eats raw meat and teaches his beasts to jump through flaming hoops. Fantastical elements aside, *Where the Bird Sings Best* is a fiercely original immigration tale that culminates in the author’s birth in Chile in 1929—a complicated time in that nation’s history. Combine that with poetry, tarot, and Jewish mysticism and you have a genius’s surreal vision brought to life.” —NPR, Best Books of 2015 “Wildly inventive.... Jodorowsky’s masterpiece swirls around the reader, lurching from violent episode to mystical encounter to cosmic sexual escapade as we follow our narrator’s grandparents’ journey from the old world to, refreshingly, South America. As the drama unfolds, the reader’s response veers from incredulity to awe, from doubt to delight. The momentum holds for the length of the novel as a cavalcade of outsized characters careen across the page in a frenzy that seems for once an adequate and just representation of the living fury that is history.... The images possess an extreme yet striking beauty.” —Askold Melnyczuk, *The Los Angeles Review of Books* “This epic family saga, reminiscent of Gabriel Garcia Marquez’s *One Hundred Years of Solitude* in structure and breadth, reads at a breakneck pace. Though ostensibly a novelization of the author’s own family history, it is a raucous carnival of the surreal, mystical, and grotesque.... It weaves together Jewish philosophy, passion, humor, Tarot, ballet, circuses, natural disasters, spectacular suicides, lion tamers, knife throwers, Catholic devotion, farmers, betrayals, prostitutes, leftist politics, political violence, and the ghost of a wise rabbi who follows the family from the Old World to the New.” —*Publishers Weekly* “A sweeping tale of personal, philosophical, and political struggles. It’s an immigrant’s story of Fellini-esque proportions.... For the self-proclaimed atheist mystic, the sacraments are memory, dreams, family, wisdom, the grotesque, and the reinvention of the self.... A conduit and biographical key that further reveals his mesmerizing process of imaginative self-fashioning.” —Alison Nastasi, *Flavorwire* “The legendary filmmaker has taken his lineage for inspiration in this twisted meditation on existentialism flavored with Jewish mysticism, incest, and some honey for good measure. This supposed biography works more as a jumping off place for a truly wild literary ride. Graphic, ambitious, magical, demented—Jodorowsky’s visual virtuosity showcases a whirlwind of occultism, cultism, sex, and death across time and space. Truly striking, psychedelic, and one of the more surreal books I have read in a while. But what more could you expect from the man who adapted Frank Herbert’s *Dune* into a 14-hour film and created his own tarot?” —Ashanti White-Wallace, *WORD Bookstore* (Jersey City, NJ)

Qual è il senso dell'esistenza? Quali sono i principi invisibili che regolano i nostri rapporti? E se seguissimo un copione già scritto? Sono

pressoché infinite le domande che affollano la nostra mente. Questa raccolta offre alcune delle risposte, ma è anche un invito a intraprendere un viaggio interiore che inizia prima della nascita e continua esplorando i propri desideri e la propria identità. Un percorso che si snoda, tappa dopo tappa, attraverso obiettivi volti a trasformare la sofferenza in catarsi. L'autrice, grazie al suo vissuto e alla sua esperienza trentennale nel campo della crescita personale, non si limita a fornire utili strumenti per mettersi in marcia, ma propone anche esercizi concreti che permettono di affrontare al meglio il proprio cammino. Perché ciascuno vive una storia unica da scrivere con consapevolezza.

In questo suo nuovo libro, Luciano Silva ci spiega con grande chiarezza e con dovizia di esempi pratici cosa sono le 'Costellazioni Familiari Sciamaniche', il metodo terapeutico da lui sviluppato dopo lunghi anni di lavoro sia nel campo della terapia sistemica che in quello della guarigione sciamanica. Grazie alle Costellazioni Familiari Sciamaniche, abbiamo la possibilità di aprire un varco nell'inconscio collettivo familiare per far emergere i conflitti irrisolti che vi si nascondono e chiedono di essere affrontati. Tutto quello che accade nella realtà ordinaria, avviene prima nel mondo dello spirito e dell'invisibile, nella dimensione del sogno e della visione. Le Costellazioni Familiari Sciamaniche ci aprono a questi spazi, dove l'essenziale emerge assieme a straordinarie possibilità di trasmutazione e guarigione. Secondo lo sciamanesimo, oltre al mondo materiale, esiste un mondo spirituale che è altrettanto reale, anche se i nostri occhi, offuscati da secoli di convenzioni sociali e dogmatismo religioso e scientifico, non sono più capaci di vederlo. In questa più ampia realtà si respira un'aria diversa, risplende un'altra luce, regna un amore incondizionato e compassionevole in grado di accogliere tutto e tutti. In essa, dopo aver trovato il coraggio di affrontare i nodi irrisolti del passato e di liberarci degli irretimenti che ci tenevano prigionieri, ci possiamo finalmente aprire al futuro e a una nuova vita in cui tutte le nostre potenzialità abbiano modo di esprimersi e realizzarsi.
