Milet's New Bilingual Visual Dictionary series provides an entertaining way for children to learn words in two languages. The dictionary features useful, everyday words that will help learners to build their vocabulary. The words are grouped by subjects, so children can focus on one set of related words at a time. The text is large and easy to read, and the vector illustrations are colourful, detailed and highly realistic. Ideal for home as well as classroom, for individuals or groups, the Milet Bilingual Visual Dictionary is an enjoyable and educational bilingual resource for children - and adults!

Featuring words and pictures from the popular Milet Picture Dictionary series, these bilingual flashcards make learning and practicing languages fun.

Uses pictures of everyday items to teach the words in both languages and includes such games as word searches, jumbles, and matches.

Presents fifteen illustrated scenes that portray common types of people, animals, places, and things along with the corresponding words for them in Russian, as well as a list of the Russian words and their English translations.
