A guide to series fiction lists popular series, identifies novels by character, and offers guidance on the order in which to read unnumbered series.

"Kill Me is that rarest of creations—a thinking-person's thriller. In this age of the same-old same-old-fiction, White's novel stands dizzyingly above the pack. The concept is unique (and brilliant), the writing is sharp, observant, and wry (White's trademark), and every page is filled with perfectly realized human emotion—about life, death, and family. Superb."—New York Times bestselling author Jeffery Deaver He's fabulously wealthy and lives life to the fullest—enjoying fast, expensive cars, the love of his beautiful wife, and adventures in every corner of the globe. When a friend is stricken down by a terrible illness, he realizes his only fear is to be diminished by disease. That's when he meets the Death Angels, who promise to end his life should he ever face such a fate. The only hitch is that the contract is irrevocable. And once he signs it, he discovers he has one more all-important task to carry out before it's executed...

The Program safeguards the truth, but when The Program has a hidden agenda, the protected become the hunted With his nuanced psychological insight, inscrutable plotting, and a captivating lead character that parallels Jonathan Kellerman's Alex Delaware, Stephen White's Alan Gregory novels have become perennial national bestsellers. But, with The Program, White has challenged himself and honed his craft with remarkable assurance to create a rare breed of thriller. A dazzling mix of first-person and omniscient voices rewards readers with an irresistible narrative momentum. But the heart and soul of the novel is an indomitable woman reevaluating the seemingly innocuous choices she's made in the past while confronting the horrifying circumstances that threaten her family's future survival. "Every precious thing I lose, you will lose two." The Program begins with a condemned man's last words to New Orleans District Attorney Kirsten Lord. After her husband is gunned down in front of her, Lord has no choice but to flee the wrath of the murderer's vengeance. Lord pulls up stakes, changes her name, and accepts the Witness Protection Program's offer to hide her and her young daughter in Boulder, Colorado. Soon thereafter, they are befriended by Program veteran Carl Luppo, a solitary mob assassin tormented by his former life who has nothing but time for regret. Sensing that someone inside the program has

compromised Lord and her daughter's safety, Luppó takes on the role of sentinel, fully realizing that this may be his last shot at redemption. Even though Lord suspects that Luppó's warnings about the Program's dark side are justified and that she should believe the former hit man's instincts, the only people she can really trust are her nine-year-old daughter and perhaps her Program-appointed psychologist Alan Gregory. Fans of White's previous work will applaud the brilliant use of series favorite Alan Gregory in a seemingly secondary role in the novel, and new readers will find themselves compelled to find out what Gregory has encountered before. But all readers will agree that *The Program* is a superior thriller; a novel firmly grounded in the realities of three-dimensional characters in crisis and driven with the narrative pace of a guilty pleasure.

Thankfully Alan and Lauren Gregory aren't on the guest list when their affluent new neighbors hold a housewarming party—because the next morning, a rape accusation rocks the town of Boulder. And though Alan discovers he has a most unusual perspective into what truly happened after the party—he may not be able to stop crucial witnesses—and people close to him—from being murdered...

From New York Times bestselling author Stephen White comes the sixth suspense thriller featuring psychologist Dr. Alan Gregory. Summoned to the hospital to learn the motives behind a teenage girl's suicide attempt, Alan discovers that the girl's young stepsister lies near death in another hospital with a heart disease. Denied an experimental new treatment that could save her life by her parent's managed-care provider, the stepsister has become a symbol of a health care system more concerned with costs than with the lives of its patients. And when a wealthy executive of the family's HMO is found dead, Alan and Denver detective Sam Purdy uncover the truth that links the teenage girl to his death, and the truth behind a family willing to kill in the name of love...and revenge.

Provides synopses for over 1,500 titles of current popular fiction and recommends other books by such criteria as authors, characters portrayed, time period, geographical setting, or genre

When his colleague dies under mysterious circumstances, psychologist Alan Gregory finds himself questioning the integrity of those closest to him, tracking an elusive patient, and looking for clues within the complex mind of a client. Reprint.

New York Times bestselling author of *Dead Time* Disgraced Boulder detective Sam Purdy, FBI counter-terrorism specialist Christopher Poe, and CIA analyst Deirdre Drake are drawn to Yale University to investigate the disappearances of several students— including the sons of both the Secretary of the Army and a Supreme Court Justice. An unseen enemy is playing by no rules, making no demands, somehow anticipating every FBI move—and executing hostages, one by one...

A woman from Alan Gregory's past draws him into a deadly mystery in this exhilarating thriller from New York Times bestselling author Stephen White. Colorado psychologist Alan Gregory is struggling to repair his insecure marriage when he makes an unexpected connection with the past. His ex-wife Merideth needs his help. She claims that the surrogate mother of her unborn child has vanished without a trace—a mystery with unnerving connections to the disappearance of another young woman several years earlier at the base of the Grand Canyon. As new demons, old betrayals, and unknown enemies surface, Alan unearths a series of secrets someone will kill to keep buried, and deceptions that will forever change his life.

Dr. Alan Gregory tries to protect a traumatized patient from a killer who uses highly unorthodox methods
