A visually stunning road trip through pro baseball's wacky, wondrous, and revered ballpark attractions Exploding scoreboards, treetop seats, and neon skylines are just three of the more than 100 ballpark design features, field eccentricities, historic displays, traditions, concession items, and even super-fans and mascots profiled in this armchair baseball journey. Combining engaging storytelling with fun sidebars and beautiful color photos, author Josh Pahigian captures the essence of each ballpark treasure—from the retractable lighthouse at the Portland Sea Dogs' Hadlock Field to the Sausage Race at the Brewers' Miller Park to Fenway Park's Green Monster and even to the delicious biscuits served by the aptly named Montgomery Biscuits. From the Rookie Leagues to the Majors, there are more than 250 professional baseball parks in the United States where fans partake in special game-day rituals, eat unique foods, laugh along with the zany mascot, marvel at the park's special features, and revel in a communal experience that removes them for a few hours from life's daily grind. The Amazing Baseball Adventure brings to life the very best of these cherished ballpark features, the ones that motivate fans to return again and again to baseball cathedrals large and small.

mathematical and Hi-Fi. Many a times these books just end up being decoration in their book shelves ... All the authors of this book are from IITs & IISc and after joining the industry realized gap between university education and the practical FEA. Over the years they learned it via interaction with experts from international community, sharing experience with each other and hard route of trial & error method. The basic aim of this book is to share the knowledge & practices used in the industry with experienced and in particular beginners so as to reduce the learning curve & avoid reinvention of the cycle. Emphasis is on simple language, practical usage, minimum mathematics & no pre-requisites. All basic concepts of engineering are included as & where it is required. It is hoped that this book would be helpful to beginners, experienced users, managers, group leaders and as additional reading material for university courses.

A new play from an award-winning playwright, published as part of the innovative Abbey Theatre playscript series On the day of her father's funeral, Eva - a young woman - is still haunted by the betrayal she witnessed from her childhood haven - the treehouse in the garden. On the same day another woman, Magda, relives the ghosts of another hiding place and a different betrayal - ghosts from which she still seeks forgiveness. Interweaving lives and secrets Treehouses is a magical tale of refuge, treachery and of love lost and found.

The hilarious third SWINDLE book - now in paperback! Griffin Bing's new principal doesn't like him. And Griffin doesn't like the boot camp football atmosphere the new principal has brought. Griffin manages to stay out of trouble -- until a Super Bowl ring disappears from the school's display case, with Griffin's retainer left in its place. Griffin has been framed! Unfortunately, the Man doesn't have a Plan - and everything his team tries to find out who really took the ring backfires. Griffin ends up in an alternate school, then under house arrest, and finally with an electronic anklet - with no way to prove his innocence! Griffin smells a rat - but will he be able to solve the mystery in time?

How to reveal the secrets hiding behind your own front door

Ancient Greek Beliefs explores the mysteries of the ancient myths and religious beliefs of a great people. The text is divided into three sections, Greek mythology, the ancient Greeks, and conclusions. A brief history and lengthy glossary are included. The book is designed as a basic text for the introduction to ancient Greek mythology and beliefs, and the text muses about the religious lessons we might learn from them. It contains abridged stories of Greek mythology, including the extant Greek plays, and considers portions of the works of the great writers, including Aeschylus, Euripides Hesiod, Homer, Plato, and Sophocles. It opens a comprehensive window into the lives of these great ancient people.

"A perfect world begins with perfect humans." X to The Nth is the story of Dr. Cain Wyczthack III (WICH-thak), President and CEO of the Engenechem Corporation, and his trusted partner, Dr. Alan White. Together, the two have worked for decades and spent billions of dollars to engineer and create a perfect, highly intelligent, genetically pure slave-labor force that's sustainable, easily replaceable...and untraceable. Evan Armada Nine and Chloe Rover Seven are only two of thousands of clones who work diligently behind the scenes to advance Cain's agenda and complete his top-secret projects. Although extreme measures are taken to ensure the female clones are kept isolated from their male counterparts, Dr. Wyczthack insists on tracking their every move with motion and sound sensitive video cameras and RFID chips embedded in their shoulders. However, destiny will intercede and see to it that Chloe and Armada's paths intersect. What is the mysterious entity that suddenly appears and leads Armada to Chloe? Why does the powerful presence want to help the couple break away from their masters? If they can manage to elude Engenechem's surveillance and tracking systems, where will the pair flee to? After a hurried and daring escape attempt, the runaways discover Cain's plans for the destruction of Earth and annihilation of its inhabitants, including the army of clones. To ensure that only the strong and genetically pure will survive a thermonuclear 'New Genesis', Engenechem, with the aid and contribution of the largest corporations and governments of the world, builds orbital stations, subterranean bunkers and storage warehouses, a space elevator, satellite hunters, and positional, space-based missile silos. The duo comes to the sad realization that they and the rest of the clones were created for the sole purpose of constructing the artificial environments that will house Dr. Wyczthack's hand-selected survivors of his global, atomic genocide. Will the love-struck clones successfully stop the launch of hundreds of nuclear missiles? Can Armada and Chloe avoid detection long enough to make a clean getaway from Engenechem's military fortress?
