In this bittersweet romance, two teens living decades apart form a bond that will change their lives forever. Amy is drawn to the misty, mysterious clearing behind her Aunt Mae's place because it looks like the perfect place to hide from life. A place to block out the pain of her last relationship, to avoid the kids in her new town, to stop dwelling on what her future holds after high school. Then, she meets a boy lurking in the mist—Henry. Henry is different from any other guy Amy has ever known. And after several meetings in the clearing, she's starting to fall for him. But Amy is stunned when she finds out just how different Henry really is. Because on his side of the clearing, it's still 1944. By some miracle, Henry and his family are stuck in the past, staying off the tragedy that will strike them in the future. Amy's crossing over to Henry's side brings him more happiness than he's ever known—but her presence also threatens to destroy his safe existence. In *The Clearing*, author Heather Davis crafts a tender and poignant tale about falling in love, finding strength, and having the courage to make your own destiny—a perfect book to slip into and hide away for awhile.

Moonlight can totally change your life. And it all starts so simply. You. Him. The moon. You're toast. Okay, so maybe Shelby has made a few mistakes with boys lately (how was she supposed to know Wes had "borrowed" that Porsche?). But her stepmother totally overreacts when she catches Shelby in a post-curfew kiss with a hot senior: Suddenly Shelby's summer plans are on the shelf, and she's being packed off to brat camp. It's good-bye, prom dress; hello, hiking boots. Things start looking up, though, when Shelby meets fellow camper (and son of a rock star) Austin Bridges III. But soon she realizes there's more to Austin than crush material—his family has a dark secret, and he wants Shelby's help guarding it. Shelby knows that she really shouldn't be getting tangled up with another bad boy . . . but who is she to turn her back on a guy in need, especially such a good-looking one? One thing's for sure: That pesky full moon is about to get her into trouble all over again.

It's had enough that the guy Shelby fell in love with at brat camp last summer had a dark secret, but helping him protect it has come at a huge cost. It's goodbye, Beverly Hills mansion!!! hello, creepy Swiss boarding school.What could be worse than doing time at Steinfeld Academy for Girls? Not hearing a word from her summer boyfriend, Austin Bridges III. Shelby's not even sure that the sacrifice she made for him meant anything, especially after she spies him in the tabloids with a European pop princess. But Austin's more than your average son-of-a-rockstar werewolf hottie, and his connection to Shelby is stronger than she realizes.As the days grow darker and the school prepares for holiday break, Austin arrives to explain the real reasons he's stayed away. Suddenly, Shelby begins to understand her improved senses, her need for moonlight, and her growing hunger. Now trapped at Steinfeld, with its ties to an ancient, bloody brotherhood, Shelby realizes that loving Austin will cost her more than she could have imagined.A dangerous full moon approaches for Shelby and Austin in this sequel to the popular Young Adult Paranormal Romance *Never Cry Werewolf*.

Seventeen-year-old Holly Mullen, overwhelmed with responsibility at home, grieving over her boyfriend Rob's tragic death, and confused by the sudden attention of his best friend, Jason, is further upset when her Alzheimer's-stricken Papa Aldo claims to be having conversations with Rob's ghost.

basis, n. There has to be a moment at the beginning when you wonder whether you're in love with the person or in love with the feeling of love itself. If the moment doesn't pass, that's it—you're done. And if the moment does pass, it never goes that far. It stands in the distance, ready for whenever you want it back. Sometimes it's even there when you thought you were searching for something else, like an escape route, or your lover's face. How does one talk about love? Do we even have the right words to describe something that can be both utterly mundane and completely transcendent, pulling us out of our everyday lives and making us feel a part of something greater than ourselves? Taking a unique approach to this problem, the nameless narrator of David Levithan's *The Lover's Dictionary* has constructed the story of his relationship as a dictionary. Through these short entries, he provides an intimate window into the great events and quotidian trifles of being within a couple, giving us an indelible and deeply moving portrait of love in our time.

They have names like Barney Bernie, Daft Donald, and Steamin' Sammy. They like lager (in huge quantities), the Queen, football clubs (especially Manchester United), and themselves. Their dislike encompasses the rest of the known universe, and England's soccer thugs express it in ways that range from mere vandalism to riots that terrorize entire cities. Now Bill Buford, editor of the prestigious journal *Granta*, enters this alternate society and records both its savageries and its sinister allure with the social imagination of a George Orwell and the raw personal engagement of a Hunter Thompson.

In an hilarious novel set on an overland journey across Turkey, the narrator encounters sorcerers, cops, and southern evangelists as she and her companion travel from Istanbul to Trebizond on a tourist adventure that quickly runs afoul of an ancient and sometimes unbendable culture. Reprint.

The lemark is a kingdom in grave danger. Its king has been killed in battle, its enemy lies in wait, and its fate rests on the shoulders of one girl. Thirin Freer Strong-in-the-Arm Lindenshield, a beautiful princess and an intrepid warrior, must find a way to protect her land from a terrible invasion. She will forge an extraordinary alliance of noble Snow Leopards, ancient Vampires, and ferocious Wolf-folk. She will find unexpected strength in her friendship with a young warlock. And she will lead her allies to victory with her fierce battle cry: "Blood! Blast! And Fire!"

In recent years, shapeshifting characters in literature, film and television have been on the rise. This has followed the increased use of such characters as metaphors, with novelists and critics identifying specific meanings and topics behind them. This book aims to unravel the shapeshifting trope. Rather than pursue a case-based study, the works are grouped around specific themes/adolescence, gender, sexuality, race, disability, addiction, and spirituality—that are explored through the metaphor of shapeshifting. Because of the transformative possibilities of this metaphor and its flexibility, the shapeshifter has the potential to change how we see our world. With coverage of iconic fantasy texts and a focus on current works, the book engages with the shapeshifting figure in popular culture from the United States, Canada, the United Kingdom, and Australia. Instructors considering this book for use in a course may request an examination copy here.
