Nursies When The Sun Shines

A little book to help stop nursing breastfeeding at night, handle night waking and help baby sleep at night.

Home | Nursies When the Sun Shines

Nursies is a groundbreaking children's book, the first-ever to focus on night weaning. Its goal is to facilitate communication between parent and young child, thereby making the process of night weaning as gentle and easy as possible. Nursies When the Sun Shines is available in Spanish under the title Lechita Al Amanecer.

Nursies When the Sun Shines: A Little Book on Nightweaning

...

Nursies When the Sun Shines is a godsend to parents of nursing toddlers, exhausted from late night wakings for milk. Beautiful watercolor illustrations and a sweet, lulling verse help young children understand the concept of night and day. Night time, the book explains, is for sleeping. "Nursies," on the other hand, happen when the sun shines.

Nursies When the Sun Shines - Nightweaning Book - Home ...

Nursies When the Sun Shines, a book about night weaning, was sent to me by the author (who also has a very cute blog) to review, early in the summer. I started thinking about night weaning back then, but only in the last month or so, did I really get the courage to get serious about it. Penelope and I have been co-sleeping since she was a baby.

NURSIES WHEN THE SUN SHINES: A LITTLE BOOK ON

NIGHTWEANING ... We made use of the 'no milk until the sun shines' idea by getting a Gro clock (which you set to show a sun when it reaches a certain time), and talked about using the clock as we read the book. Then we used the Gro clock to have the sun come on (i.e. milk now allowed) at 2am, then 2 ...

Nursies When the Sun Shines: A Little Book on Nightweaning

...

Nursies When The Sun Shines peut se traduire par « Téter quand le soleil est levé ». C'est un livre qui aide les enfants allaités et leurs parents à aborder le sevrage nocturne. Un enfant de sexe indéterminé se couche dans le lit familial (en cododo, donc) quand la nuit tombe. Sa maman lui explique que la nuit, on dort.

A picture book to help mothers night-wean their nursing toddlers.

First of its kind picture book to help mothers nightwean their breastfeeding toddlers. Beautiful watercolor illustrations and lulling text teach baby that night time is for sleeping and breastfeeding is for day time.

Milkies In The Morning presents a gentle story of one toddler's night weaning journey. Designed to help ease the transition of night weaning, Milkies In The Morning is a beautiful book to empower mothers and support their nurslings in transition.

The classic handbook for mothers who breastfeed their children past infancy in an updated and expanded edition. Norma Jane Bumgarner puts the experience of nursing an older baby or child in perspective, within the context of the entire mother-child relationship. She cites biological, cultural, and historical evidence in support of extended breastfeeding and shares stories gleaned from thousands of families for whom breastfeeding and natural weaning have been the norm.

Illustrations and rhyming text portray baby mammals nursing.

Your baby sleeps in your bed, and you love it. Except for those nagging worries about safety. ("She's so small, I'm so big!") And what your relatives are saying. ("She'll never leave your bed!") And

that little foot that always ends up on your face. Worry no more! Good Nights puts your concerns about the family bed to rest, with fun and easy-to-use guidance on safety, coping with criticism, and even keeping the spark in your marriage (albeit outside the bedroom). With warmth and humor, Dr. Jay Gordon, a nationally recognized pediatrician who has endorsed the family bed for decades, and Maria Goodavage, a former USA Today staff writer with training in sleep research, give you everything you'll need in order to thrive - and at times, simply survive - with the family bed. Good Nights provides a comprehensive look at: - **SCIENTIFIC RESEARCH** - Science is uncovering a wealth of advantages, including possible protection from SIDS, for babies who share their parents' bed. - **SURPRISING BENEFITS** - Parents of young babies get much more sleep with the family bed! And little ones who spend time sleeping next to parents end up more independent (you read that right!) and closer to their parents than their cribbed peers. - **SAFETY** - The authors give simple-to-follow advice on how to make your family bed at least as safe as a crib. - **SOUND SLEEP** - Yes, it can be had. Good Nights lets you know how to overcome the obstacles. - **SEX** - Ditto. - **SAYING GOOD-BYE** - Your child really will leave your bed! Good Nights helps you help your child move on when the time is right. If you're among the record number of parents turning to the family bed, turn to Good Nights. It's a bedside companion you won't want to be without.

For many women, the most challenging part of nursing is bringing it to an end. Whether you are considering weaning or trying to wean, this book will help you understand the hygienic, nutritional, and emotional concerns that make weaning such an important transition in a child's life. This fully revised guide covers: Weaning a child who is a few weeks, several months, or several years old; Solving nursing difficulties so you can delay weaning if you choose; Introducing bottles, selecting formula, and preparing it safely

Mama's milk has always been a part of Jack's life, but that's changing now that he's a toddler, and that's hard. But Mama's cuddling arms, lullaby voice, and thump-thump heartbeat won't change, even when the milk is gone. The end of breastfeeding can be a deeply emotional transition for a mother and child: a major source of comfort for a child is going away, as is a big component of a woman's identity as a mother. This book addresses the psychological aspects of weaning, focusing on the mother-child relationship and additional ways a mother provides comfort. This book is for toddlers and moms who are getting ready to start weaning, or are already in the process of weaning from breastfeeding. "Loving Comfort is about the life of a nursing relationship for a mother and her son. With beautiful illustrations and wisdom from a mother who has been there, Loving Comfort is as much for mothers as it is for children who are learning about weaning." - Jessica Barton, MA, International Board Certified Lactation Consultant

Finally, the 2nd edition of a much-needed book! There is no doubt about it-when breastfeeding and pregnancy overlap, the questions abound. This book is still the only comprehensive resource on this topic. Hilary Flower gives complete and in-depth answers to a wide range of questions related to breastfeeding during pregnancy and tandem nursing. Drawn from a great reservoir of mother wisdom, this book pools the stories of over 300 mothers from around the world. Extensive reviews of medical research and discussions with experts in the fields of nutrition, obstetrics, and anthropology have provided the author with a thorough understanding of this important topic. Each person's experience will be a one-of-a-kind adventure, full of surprises and choices. Adventures in Tandem Nursing provides an essential source of support, humor, and information for the journey. The 2nd edition has the latest research on safety and nutrition, many more mothers' stories and quotes, checklists to keep you on track, chapter summaries, online resources, and all new

photos and illustrations. You will also find four additional chapters: high risk pregnancy, the nursling's needs, closely spaced babies, and "triadem" nursing.

What could toddlers be thinking and feeling as they wean from breastfeeding? Depending on age and development, some might not be able to express what they think and feel with words. In *My Milk Will Go, Our Love Will Grow*, we hear a toddler's questions and feelings during an honest conversation between mother and child. This heartwarming book uses rhyme, short sentences, and beautiful illustrations to convey a message of love and reassurance as the child learns that mother will still nurture and meet both physical and emotional needs when breastfeeding ends. This book will be a special keepsake for both mothers and children, showing the beauty of the nursing relationship. Weaning can be difficult with or without a children's book about weaning. However, the stress of weaning can be lessened when mothers have a resource to help toddlers acknowledge and understand this significant transition. This book was written to help mothers talk to toddlers about weaning. It can be helpful during the weaning process, and it can help newly weaned toddlers and toddlers with a new nursing sibling. All mothers who have breastfed a baby may want to have this book to represent the beautiful nurturing they offered their children. *My Milk Will Go, Our Love Will Grow* was written in rhyme, making it a unique weaning book. It can be used as a helpful tool to assist toddlers, and, as a special keepsake for mothers and their children. It has 38 pages, each with illustrations by Sheila Fein. Toddlers will be drawn to the colorful, realistic illustrations of mother and child. The book also includes a page of tips to help parents use the book in a variety of ways to support toddlers.
