Dancing electronic violinist Lindsey Stirling shares her unconventional journey in an inspiring New York Times bestselling memoir filled with the energy, persistence, and humor that have helped her successfully pursue a passion outside the box. A classically trained musician gone rogue, Lindsey Stirling is the epitome of independent, millennial-defined success: after being voted off the set of America ' s Got Talent, she went on to amass more than ten million social media fans, record two full-length albums, release multiple hits with billions of YouTube views, and to tour sold-out venues across the world. Lindsey is not afraid to be herself. In fact, it ' s her confidence and individuality that have propelled her into the spotlight. But the road hasn ' t been easy. After being rejected by talent scouts, music reps, and eventually on national television, Lindsey forged her own path, step by step. Detailing every trial and triumph she has experienced until now, Lindsey shares stories of her humble yet charmed childhood, humorous adolescence, life as a struggling musician, personal struggles with anorexia, and finally, success as a world-class entertainer. Lindsey ' s magnetizing story—at once remarkable and universal—is a testimony that there is no singular recipe for success, and despite what people may say, sometimes it ' s okay to be The Only Pirate at the Party.

As Captain Beastlie counts down the days until his birthday, his crew plans a special surprise for the filthy pirate.

It is a sad and sorry day when Burnt Beard the Pirate and his scurvy crew swagger into Old Cheyenne looking to bury their treasure. Black Bob McKraw—terror of the Wild West—and his posse don't take too kindly to pirates invading their town. And to add insult to injury, the pirates and cowboys can't understand a lick of what the others are saying. None of them cowboys speak Pirate, and none of them pirates speak Cowboy. Who will save the day before these sorry—and stinky!—bilge rats and yellow-bellied varmints draw their cutlasses and six-shooters? From the creator of the hilarious Creepy Carrots, comes the story of a simple misunderstanding that almost meant the end of Old Cheyenne.

Ay, a pirates' life is dangerous n' dirty life! But when this motley crew gets an invitation to a little girl's birthday party, they're simply delighted. What could be better than cake? Just as they're about to walk the plank, their pirate-y parrot tells them—as only a parrot or a mother could—that they need to clean up their act. With a scrub-a-dub-dub, brand new clothes, and a doll for the birthday girl, the 'pirates' show up sparkling and clean. But they're in for a big surprise. What the birthday girl wants most of all are real pirates—black feet, messy hair, stinky clothes and all.
