This essential Companion to Thomas Pynchon provides all the necessary tools to unlock the challenging fiction of this postmodern master.

Robin Hemley's childhood made a wedgie of his memory, leaving him sore and embarrassed for over forty years. He was the most pitiful kindergartner, the least spirited summer camper, and dateless for prom. In fact, there's nary an event from his youth that couldn't use improvement. If only he could do them all over a few decades later, with an adult's wisdom, perspective, and giant-like height... In the spirit of cult film classics like "Billy Madison "and "Wet Hot American Summer," in DO-OVER! Hemley reencounters paper mache, revisits his childhood home, and finally attends the prom--bringing readers the thrill of recapturing a misspent youth and discovering what's most important: simple pleasures, second chances, and the forgotten joys of recess.

A beautiful and memorable look at some of the most gorgeous endangered places on the planet. Machu Picchu is a mesmerizing, ancient Incan city tucked away in the mountains of Peru, but it is rapidly being worn down by the thousands of feet treading across its stones. Glacier National Park is a destination long known for the stunning beauty of its ice floes, but in our lifetimes it will have no glaciers due to global warming. In the biobays of Puerto Rico swimmers can float in a sea shimmering with bioluminescent life, but sediment being churned up by development is killing the dinoflagellates that produce the eerie and beautiful glow. And in the Congo Basin of Africa, where great apes roam freely in lush, verdant rainforests, logging is quickly destroying the vast life-giving canopies. These places-along with many others across the globe-are changing as we speak due to global warming, environmental degradation, overuse, and natural causes. From the Boreal Forests in Finland to the Yangtze River Valley in China, 37 Places to See Before They Disappear is a treasure trove of geographic wonder, and a guide to these threatened destinations and what is being done to save them.

The American Short Story since 1950 offers a reappraisal and contextualisation of a critically underrated genre during a particularly rich period in its history. It offers new readings of important stories by key writers including Flannery O'Connor, John Cheever, Donald Barthelme, Raymond Carver, Lorrie Moore and Grace Paley. These readings are related throughout to the various contexts in which stories are written and published, including creative writing schools, story-writing handbooks, mass market and 'little' magazines.

A comprehensive 2011 guide to the genres, historical contexts, cultural diversity and major authors of American fiction since the Second World War.

An approx. size A5 notebook (5.5" x 8.5" or 13.97cm x 21.59cm) with lines on each page. Approximately 128 pages in all. Great to have with you when you need to make those little notes at short notice. Would make a great gift for a friend or a family member. (COVER : Fish). Why not get the complete stationery collection ? DIARY, NOTEBOOK and ADDRESS BOOK !

It is True Dickinson's birthday and her best friends have gathered on this snowy night to celebrate--yet True has never felt more alone. Though her small business is thriving and her young son is happy, the death of her husband eight years ago has left an empty space in her life that friends and family cannot fill. Suddenly it seems that youth and beauty are slipping away while True is busily taking care of everyone else. But on this night, an accident on an icy road will offer True the golden opportunity to let love back into her life--if she can somehow conquer her fears. Twelve Times Blessed is a powerfully moving novel of the heart from one of our best-loved storytellers.

Specially-commissioned essays explore key dimensions of Thomas Mann's writing and life.

The future welfare of both Church and state depends chiefly on the manner in which the rising generation is brought up, for if all parents were to give their children a good religious training, the future prosperity of both Church and state would be assured, because a good religious training will make children good Christians, and, as experience proves, good Christians are always good citizens. In our "Popular Instructions on Marriage" we have briefly outlined the duties of parents in the bringing up of their children. In this little work we enter more fully into details, and clearly point out, almost step by step, the manner in which Christian parents should bring up their children from birth to the time when they embrace that state of life for which God has destined them may this little book prove useful in directing and assisting parents in the proper performance of the noble but difficult task of making their children exemplary Christians and virtuous citizens!
