Additional chapters focus on building mode, popular ingame experiences, and even a look behind the scenes. Take your creations to new levels and maximize the value of your playing time with The Big Book of Roblox!

The sprawl of Adventure. The addictiveness of Breakout. The intensity of Space Invaders. Once upon a time, you could only experience this kind of excitement at the arcade. But in 1977 that changed forever. You, and maybe a friend or a sibling, could instantly teleport from your own living room to a dazzling new world—with nothing more than a small plastic cartridge. This was the promise of the Atari 2600—and it was delivered in ways no one ever expected. No, the games it put on your TV weren't what you saw when you plunked in your quarters at the convenience store or in the noisy, smoky business on the other side of town. But they brought the arcade home—and it hasn't left since. With Adventure: The Atari 2600 at the Dawn of Console Gaming, Jamie Lendino takes you to the front lines of the home gaming revolution, exploring the history of the world-changing console and delves into the coin-op ports and original titles that still influence gaming today. Before your next trip to a magical universe with your Xbox One, PlayStation 4, or Nintendo Switch, see how the home gaming industry truly began.

BradyGames' Guitar Hero II Official Strategy Guide includes the following: Detailed information on the game, including how it was made. Exclusive interviews with RedOctane. Unravel the mysteries of an extraordinary underwater world in this official Minecraft novel! When three kids discover a mystery in an abandoned Minecraft server, they must race against the clock to uncover its secrets. Jake Thomas is always the new kid. His family moves so much for his dad's work that it's easier to keep his head down and not get attached to anyone. He'll be gone in a few months anyway. But when they end up in Los Angeles, Dad promises this will be the last time they move. The Pacific Crest Apartments are home now . . . which means it's time for Jake to finally make friends. Jake isn't sure he should count the two kids he meets at the apartment's community center as friends, though. Tank Vuong is a large and intimidating boy who hangs with a tough crowd, and Emily Quesada is a fashionista who's quick with a sarcastic remark. But when he discovers an old computer lab in a forgotten corner of the community center, with a strange Minecraft server containing cryptic riddles, he realizes he's going to need help cracking the code—because at the end of the summer, the community center will be demolished, and all hope of solving the mystery will go with it. Following the hints left by an enigmatic figure known as The Wizard, the trio journeys into the dangerous depths of the ocean, where uncanny creatures lurk and untold treasure awaits. . . .

Follow Ellie's profound and harrowing journey of vengeance through an exhaustive collection of original art and intimate creator commentary in the full-color hardcover volume: The Art of The Last of Us Part II. Created in collaboration between Dark Horse Books and the developers at Naughty Dog, The Art of The Last of Us Part II offers extensive insights into the making of the long-awaited sequel to the award-winning The Last of Us.
