Jerry Herron argues that the vision of culture as an end in itself has been all too thoroughly fulfilled in the present state of humanities education, but only because the humanities have lost their social function. In this book, he attempts to provide a constructive alternative to the nostalgia and pessimism currently prevailing. In Herron's view, the humanities are not really irrelevant; it is that the intellectual and political conversation that they represent is only latent, rather than publicly manifest. The humanities can only be justified in a world of work and power by proving useful in that world. The academic humanities harbor a general intellectual conversation that could potentially be interesting and even useful to society at large. Arguing that the prevailing analyses are wide of the mark, Herron recommends that universities undertake to promote a new cultural literacy. Based on a collaborative enterprise open to all, its focus is the effective sharing of information and experience.

The first of 18 papers in this collection is a committee report of a workshop held in Kansas City, Missouri, June 26-27, 1982, to consider instructional uses of computers in pre-college education and what colleges of education should be doing. In "Computer Education and Colleges of Education," J. Philip East provides an overview of the issues involved. Papers submitted by workshop participants prior to the meeting are then presented: "Computer Literate Teachers--a Possible Dream" (James E. Beamer); "Computer Education at Arizona State University" (Gary Bitter); "Computer Related Teaching and Research in the Faculty of Education at the University of Calgary: Achievements, Present Developments and Predictions for the Future" (Ann Brebner); "Graduate Degree Programs in Computer Education for Elementary and Secondary Teachers" (Robert L. Burke); "Computers and Teacher Education: From Cow Trail to Expressway" (George H. Culp); "Computers in the College of Education, University of Illinois" (J. Richard Dennis and Esther Steinberg); "Computer Education for Elementary Schools: A Course for Teachers" (J. Philip East); "The Challenge of Computer Education to Teacher Education--An Australian Perspective" (Graham Ferres); "Computing and Education at the University of Maryland" (James T. Fey and Linda P. Rosen); "An Undergraduate Minor and Graduate Program in Computers in Education" (Susan Friel and Nancy Roberts); "Implementing a Program to Train (Retrain) Secondary Teachers--A Cooperative Effort between Education and Computer Science at Towson State University" (Doris Keefe Lidtke); "Computerizing the Teacher at North Texas State University" (James L. Poirot and James J. Muro); "Computers in Education at the University of Colorado--Boulder" (Marc Swadener); "Computing and Education at Teachers College" (Robert P. Taylor); "Teacher-Education Curriculum for the 80's" (Barbara B. Wright and Richard C. Forcier); and "Computers for Teachers: Activities at the University of Michigan School of Education" (Karl L. Writing an amazing college admission essay is easier than you think! So you're a high school senior given the task of writing a 650-word personal statement for your college application. Do you tell the story of your life, or a story from your life? Do you choose a single moment? If so, which one? The options seem endless. Lucky for you, they're not. College counselor Ethan Sawyer (aka The College Essay Guy) will show you that there are only four (really, four!) types of college admission essays. And all you have to do to figure out which type is best for you is answer two simple questions: 1. Have you experienced significant challenges in your life? 2. Do you know what you want to be or do in the future? With these questions providing the building blocks for your essay, Sawyer guides you through the rest of the process, from choosing a structure to revising your essay, and answers the big questions that have probably been keeping you up at night: How do I brag in a way that doesn't sound like bragging? and How do I make my essay, like, deep? Packed with tips, tricks, exercises, and sample essays from real students who got into their dream schools, College Essay Essentials is the only college essay guide to make this complicated process logical, simple, and (dare we say it?) a little bit fun.
